The Editor's Column

by STUART R. PADDOCK

The editor is a little humble after receiving a letter or two of severe criticism.

Perhaps the editor has been a bit domineering in his enthusiasm for his pet projects and has not recognized the viewpoints of others. We had thought that the Fence Post provided a rostrum for the other fellow.

•

Our humbleness is not entirely due to letter lashings we have received but to our personal contact with Carl Sandburg Monday evening. He was a cub reporter on the Chicago Daily News about the same time as this editor was entering newspaper work. But there the similarity ended except that we both have white hair. We are still a country editor while Sandburg has reached great literary heights.

Mr. Sandburg told many stories at the Headline Club that evening. One story he told showed a reporter's comeback to his boss. Sandburg had been sent to Wheaton to report a hanging. When admonished by his editor to leave out the gory details, he replied, "I will make the hanging as cheerful as possible."

•

Paul Revere on his midnight ride had nothing on a group of Rohlwing Road residents. It was 10:30 p. m. Monday when the minute men, in the hallway of the Palatine village hall decided to call out the reserves.

The reserves were the wives of the committee members opposed to rezoning. They were told to go home, wake up their wives and assemble at a coffee party to make battle plans. They think that village zoning is safer than county zoning.

•

We understand that peace has been declared in the Arlington Heights sidewalk controversy. We do not know who was the winner, but the sidewalks are going in. Is it an armed truce until election time?

•

We know that Marguerite Stitt Church, our congresswoman, got as much pleasure out of her visit here Sunday afternoon, when she gave the Hospital Dedication address, as did the hospital board and the many persons who witnessed the ceremony.

She knows as much about the troubles and joys of Hoffman Estates, Elk Grove Village and Rolling Meadows as do those residents.

We learned all this when, following her address, we complimented her on her close touch with our communities and asked how she was able to do it. In reply she said, "I read your paper. It is one of the few that come to my desk that still has that delightful home town flavor in spite of city-like growth of your communities."

Truly Mrs. Church is one of our home town personages who is doing a wonderful job for us in Washington.

•

We were told by an alderman of many years that he never complains if some irate citizen calls him at an ungodly hour to register a complaint. "When I answer the phone, it is a bit of good public relations," he said.

We do not know what was discussed at the conference of village managers held last week in Washington, but hope that it included a seminar on public relations.

In case of an overworked manager, perhaps an assistant would be the answer.

•

Churches are keeping pace with suburban growth. Palatine will pause next week to celebrate the 100th anniversary of its Methodist church. The new edifice under construction is only one example of religious growth hereabout.

There are now 117 churches in the territory served by Paddock Publications. That is nearly 4 times more than at the close of World War II.

•

No Conrad Hilton hotel was ever booked more solid than Pioneer field house. Superintendent Tom Thornton told past and present park district board members Tuesday evening that the new field house was booked solid for a year in advance before it was even completed.

The dinner, served by a caterer that evening was a sort of a dedication-christening of the building. Guests were confined to past and present members of the park district. It was a sort of a homecoming event for former members not now residents of Arlington.

The new field house makes possible a year-around recreation program—details in next week's news columns.

•

Persons identified with the Family Service boards of the northwest communities enjoyed a 3-hour dancing party at the Mt. Prospect VFW field house Saturday evening.

They were introduced to Mrs. George C. Nicklaus, full time director who Nov. 15th will begin counseling service for communities between Des Plaines and Palatine.

We predict that the service is almost certain to immediately outgrow a single director. We understand that a pre-opening case load of 20 families await Mrs. Nicklaus' attention and assistants will be needed to handle the case load for the 5 communities.

Elk Grove Township Echoes of Guttural Roar, Harsh Clang

Fresh 'Boom' Engulfs Farmland

Almost nothing moves slowly in Elk Grove township these days.

The boom has hit Elk Grove with all the fury of a Gulf Coast tornado.

Pile drivers hammer out the quickened pulse of the once-placid farming region; its voice is the natural guttural roar of earthmovers and its song is harsh clang of metal upon metal.

The postwar surge of building that transformed Arlington Heights and Mount Prospect from small villages into bustling towns of 22,000 and 14,000 was slow compared to what is taking place now to the south of them.

For a first-hand peek at the city-in-creation, start south from Arlington Heights on south State rd. You'd better travel in daylight for the chuck holes and ruts in the roads make night driving hazardous.

Just south of Algonquin rd. you'll be slowed down by the first signs of construction. You'll bump along for a spell, then pass under the truck-length concrete-and-steel girders of an overpass for the Northern Illinois toll road.

But keep a wary eye out for the flagman stationed by the overpass. He is there to warn you when the earth movers and the Tournapulls come humping down off the toll road embankment onto the highway.

If you go on a Sunday when the workers aren't around, climb up on the embankment, and you'll see how fast construction has progressed on the dream-road. Paving on the 3-mile stretch between Busse rd. and Golf rd. is nearly completed and this week more girders were being placed across Busse rd.

Glance to your left after you pass the toll road and you may catch a glimpse of one of the 10 newly-dug borrow pits in the township. That's the source of the fill for the toll road and the contractors who bought most of the land for the pits promise that they will become beautiful, spring-fed lakes rimmed by luxurious homes.

Pause for a moment at the intersection of Higgins rd. and State (now Arlington Heights) roads. Two relics of the past—Rudy's tavern and the town hall stand there. A couple of decades ago more German than English was spoken within their walls. Where they are, a shopping center will go up for customers living in the year-old Elk Grove Village.

The village is the product of Texas brains and money and brawn drawn from every one of the 48 states. Four families are unloading their possessions at village doorsteps daily now and a trim, ground-hugging school on Oakton st. opened this month.

With the first 325 homes almost ready for their young buyers (average age: 34), Centex Construction co., inc. is now starting to put rooftops on another equally large unit—all sold long ago.

As you turn east along Higgins rd., Oakton st. or Landmeier rd., you'll come across dozens of machines tearing up the soil, pushing over trees, making ready spacious tracts for homes or industry.

Husky 'dozer drivers are deftly nosing their machines onto sites for what will be 2 of the largest industries in the northwest suburban area: a Hotpoint manufacturing plant west of route 83 and an IGA grocery supply depot east of 83, ¼ mile north of Devon ave.

Near the IGA plant (first of half a billion dollars worth of industry to locate in Centex Industrial park), more laborers are starting to lay a roadbed for a spur track into the Elk Grove village.

North and east of the village more subdivisions are planned. Two of the biggest are a 510-home one by E. A. Herzog and a 500-home DiMucci development disclosed this week.

There are smaller projects underway too. At the junction of Higgins rd., Oakton st. and Busse rd., 2 gas stations today compete (with 1 more a-building) where none were last year.

If all the activity makes you yearn for a place of retreat, Elk Grove township has that too. Retrace your steps back along Higgins rd. and find solitude in Busse forest preserve.

Planners Release Study Report Data

PARTICIPATING IN THE site dedication ceremony Sunday for the Northwest Community Hospital center were Stuart R. Paddock, Nicholas J. Lattof, John Bartizal, and Charles J. Walter. Announcement was made of a special $331,000 extension canvass designed to make the hospital center debt-free.

Trustees Hear Kincaid Findings

The population of Arlington Heights increased by about 10.7 per cent to an estimated 22,000 during the 18-month period from February, 1956 to August, 1957.

That is one of the conclusions revealed Monday by Evert Kincaid and associates in their first report on a study aimed at providing the village with a new master plan.

The last federal census of February, 1956 disclosed a population of 19,150. Based upon the 1956 figure of 3.75 persons per dwelling unit, the new estimate was made as of August 1.

The gain of 2,850 persons in 18 months represents a 10.7 per cent jump in 1.5 years and a 7.1 per cent hike per year.

Planners M. Eugene Baughman and John Luensman of the Kincaid firm unveiled a recently-completed land use survey of the village and a map of the central business district.

OTHER SIGNIFICANT data from the reports:

—Parking spaces in the downtown area have more than doubled since 1952. There are now 1,249 stalls available, 580 on the street and 741 in off-street parking lots, compared with a total of 600 auto spaces 5 years ago.

—An inventory of business uses shows 15 per cent of buildings devoted to selling groceries, meats and bakery goods, 16 per cent to clothing, apparel and shoes, 11 per cent to paint and hardware, 5 per cent to specialty shops and 6 per cent to restaurants and taverns. Seventeen per cent of the downtown buildings are used for purposes other than business or retail trade.

Kincaid personnel took aerial photographs and inspected some 6,000 parcels of real estate on foot to compile the land use map. It extends ¼ mile beyond the village limits. Eight classifications of land use are color-coded on the map.

THE INVENTORY counts 5,955 dwelling units, 237 business units, 25 industrial uses, 12 parks and playgrounds, 15 schools and public buildings and 16 churches and semi-public institutions.

"Development of a plan for modernizing the downtown business area to make it more convenient and attractive for shoppers is one of the important phases of the work," declared plan commission chairman Evan E. Olmstead.

"Such a plan, however, must be practical and represent the thinking of local businessmen and village officials," he continued.

THE MAP of the downtown is a preliminary step in the development of a plan. Meetings will soon be scheduled with the chamber of commerce, businessmen, village officials and interested citizens to work out the plan's details, added Olmstead.

Mayor Carlisle, several trustees, zoning commission chairman Robert W. Phillips and the plan commission attended.

'Y' Day Is Slated for Nov. 12

"Y Day" is slated for Nov. 12. Some 11 area service clubs have agreed to sponsor a 1-day effort to raise funds for the proposed YMCA building to be located on Northwest highway between Des Plaines and Mt. Prospect.

One-hundred fifty men will attend an 8 a.m. breakfast, after which they will call upon nearly 1200 business leaders.

PLANS FOR "Y Day" were completed at a meeting of the Northwest Suburban YMCA board of directors Monday, Oct. 28, at the Arlington House.

Complete details of the program will be announced next week, according to local board officials Earl K. Riley of Arlington Heights, Howard J. Wilson of Mt. Prospect, and Thomas M. Blake of Des Plaines.

Two Youths Are Injured In Arlington Collisions

Two youth from Wheeling and Des Plaines received minor injuries in auto collisions in Arlington Heights last week.

IN A 2-CAR accident that resulted in $800 damage to the vehicles, 12-year-old James Neiweem of 50 Brian ln., Wheeling, was cut on the head. He was a passenger in a car driven by R. L. Miller, 17, of 70 Brian ln., Wheeling, which struck the rear of a car parked in the 700 block on N. State rd. Friday night.

Police said Miller told them he was driving north on State rd. and was warned of a car parked ahead by Neiweem. Police measured skid marks of 36 feet from the point where brakes were applied to the point of impact and for 53 feet beyond.

A car owned by Richard A. Morand, 19, and parked in front of his home at 723 N. State, was knocked 86 feet, according to officers.

Miller was charged with reckless driving.

IN THE OTHER mishap, a car driven by Fay A. Johnson, 16, of 307 E. Foundry rd., Mt. Prospect, apparently failed to stop behind another car halted for a stop sign at the intersection of Euclid and Douglas aves. A passenger in the Johnson auto, Carolyn Calvert, 16, of Rand rd., Des Plaines, received a bump above her left eye. The other car was owned by Henry Metz, 46, of Glenview.

In an unusual accident a windshield of an auto driven by George A. Kendall, 33, of 733 S. Dunton, Arlington Heights, was broken last week as he was entering Poole's garage. Kendall informed police he had been asked to back out of the garage to let another car out and was heading back in when the overhead door came down onto the front of the car.

RANDY BOLSINGER, son of Mr. and Mrs. William Bolsinger, 514 S. Emerson, Mount Prospect, and Frank Embrey, son of Mr. and Mrs. Frank Embrey, 216 W. Orchard, Arlington Heights, discuss the price of tea in China as Arlington high school dramatists ready for their colorful production of "Yellow Jacket" to be given Friday and Saturday nights in the school's Little Theatre.

Teen Players Ready for Drama

Arlington high's production of "Yellow Jacket" reached the dress rehearsal stage today as the cast of 30 and its director Douglas Murphy prepared for this weekend's performances.

THE 3 ACT Chinese comedy, one of the most colorful ever attempted at the high school, is scheduled to raise the curtain at 8 p.m. Friday and Saturday nights, November 1 and 2. Tickets may be secured at the door.

Done in the style of the Chinese theater, local play-goers will find "Yellow Jacket" unusual in every way. The use of a property man resembles Thornton Wilder's "Our Town." The play has also been compared to the "uncle Tom" sequence from "The King and I."

A CHINESE BOY'S search for his ancestors and his attempt to secure his rightful position, which has been usurped by a stepbrother, provide a somewhat satirical plot which has challenged the talents of the young cast.

Director Murphy called the "Jacket" his most elaborate production and pointed out that the play will interest both students and adults.

In the Chinese fashion, makeup is used to the extremes so that each character's personality shows in his appearance. The rental of Chinese apparel and numerous trips to Chinatown add to the production's authenticity.

Court Suit Hits Zone Ordinance

(CNS) — Arlington Heights' zoning ordinance classifying the southwest corner of N. State road and Thomas street for residential use has been challenged in Circuit court by gasoline filling station promoters.

LaSalle National bank, as trustee, instituted the action in Circuit court Monday, contending a gas station is the highest and best use for the vacant tract.

The suit, filed by the law firm of Haskins, Maquire & Haskins and attorney Rolland A. Franzen of Arlington Heights, charged the present zoning renders the property "useless and valueless."

It labeled the zoning "arbitrary, discriminatory and unreasonable." State road is a major traffic artery carrying heavy truck and passenger traffic in and out of Arlington Heights, the suit said.

There is some residential development 1 block west to Dunton st., it added. It directed attention to a medical center adjoining the plaintiff's property on the south and that beyond it is vacant land for several hundred feet.

* * *

THE PROPERTY has a frontage of 141 feet on State rd and 296 feet on Thomas st., zoned for single family residences. Sought is rezoning to commercial of the east 125 feet of the lot for a gasoline service station.

The Arlington Heights village board on October 15 upheld a ruling of the village zoning board denying the commercial rezoning and also denying a requested rezoning of the remainder of the parcel for apartments.

Thieves Ransack 2 Local Plants

Thieves with a knowledge of the value of junk brass stole two 55-gallon drums of brass stampings from a rear loading dock of an Arlington Heights plant last Wednesday night.

Grigsby-Allison co. inc., 407 N. Salem, reported that the missing brass, together with 2 other drums taken about 10 days before, had a total value of about $200.

* * *

ANOTHER theft was reported from the site of the Pure Oil building, under construction at 311 S. State rd. Contractor George Palmer Saturday told police a gas-powered water suction pump valued at $150 was heisted during the week.

A shoplifting juvenile was collared by delicatessen store owner Len Weidner, 15 E. Eastman, and turned over to juvenile authorities.

Tell Correction In Air Mail Times

The time change for afternoon air mail service, 12:15 p.m. as published in last week's HERALD, is incorrect according to the Arlington Heights post office.

Correct time is 2:15 p.m.

Other closing times, effective as of Oct. 28, are 7:15 a.m. and 11 a.m.

Honor Local Veterans in Service Here

Men and women killed in America's defense will be honored at brief Veterans Day ceremonies in Arlington Heights.

Arlington Post 981, Veterans of Foreign Wars, and soldiers of the 86th AAA Missile Battalion, headquartered at the Central rd. missile site, wil fire salutes of honor and the Rev. J. G. Meiners of the St. John United Church of Christ will give an invocation.

An army officer from the Nike station will give a short talk at the 10:30 program. The honor guard and firing squads will meet at the village hall and march to the flagpole in Railroad park.

Crossing Guard

Any man or woman living in the Ridge school neighborhood who would like to serve the school as a crossing guard (with pay) is asked to contact Arlington Heights police Chief Carl H. Skoog.

Kincaid personnel took aerial photographs and inspected some 6,000 parcels of real estate on foot to compile the land use map. It extends ¼ mile beyond the village limits. Eight classifications of land use are color-coded on the map.

THE INVENTORY counts 5,955 dwelling units, 237 business units, 25 industrial uses, 12 parks and playgrounds, 15 schools and public buildings and 16 churches and semi-public institutions.

"Development of a plan for modernizing the downtown business area to make it more convenient and attractive for shoppers is one of the important phases of the work," declared plan commission chairman Evan E. Olmstead.

"Such a plan, however, must be practical and represent the thinking of local businessmen and village officials," he continued.

THE MAP of the downtown is a preliminary step in the development of a plan. Meetings will soon be scheduled with the chamber of commerce, businessmen, village officials and interested citizens to work out the plan's details, added Olmstead.

Mayor Carlisle, several trustees, zoning commission chairman Robert W. Phillips and the plan commission attended.

'Y' Day Is Slated for Nov. 12

"Y Day" is slated for Nov. 12. Some 11 area service clubs have agreed to sponsor a 1-day effort to raise funds for the proposed YMCA building to be located on Northwest highway between Des Plaines and Mt. Prospect.

One-hundred fifty men will attend an 8 a.m. breakfast, after which they will call upon nearly 1200 business leaders.

PLANS FOR "Y Day" were completed at a meeting of the Northwest Suburban YMCA board of directors Monday, Oct. 28, at the Arlington House.

Complete details of the program will be announced next week, according to local board officials Earl K. Riley of Arlington Heights, Howard J. Wilson of Mt. Prospect, and Thomas M. Blake of Des Plaines.

Two Youths Are Injured In Arlington Collisions

Two youth from Wheeling and Des Plaines received minor injuries in auto collisions in Arlington Heights last week.

IN A 2-CAR accident that resulted in $800 damage to the vehicles, 12-year-old James Neiweem of 50 Brian ln., Wheeling, was cut on the head. He was a passenger in a car driven by R. L. Miller, 17, of 70 Brian ln., Wheeling, which struck the rear of a car parked in the 700 block on N. State rd. Friday night.

Police said Miller told them he was driving north on State rd. and was warned of a car parked ahead by Neiweem. Police measured skid marks of 36 feet from the point where brakes were applied to the point of impact and for 53 feet beyond.

A car owned by Richard A. Morand, 19, and parked in front of his home at 723 N. State, was knocked 86 feet, according to officers.

Miller was charged with reckless driving.

IN THE OTHER mishap, a car driven by Fay A. Johnson, 16, of 307 E. Foundry rd., Mt. Prospect, apparently failed to stop behind another car halted for a stop sign at the intersection of Euclid and Douglas aves. A passenger in the Johnson auto, Carolyn Calvert, 16, of Rand rd., Des Plaines, received a bump above her left eye. The other car was owned by Henry Metz, 46, of Glenview.

In an unusual accident a windshield of an auto driven by George A. Kendall, 33, of 733 S. Dunton, Arlington Heights, was broken last week as he was entering Poole's garage. Kendall informed police he had been asked to back out of the garage to let another car out and was heading back in when the overhead door came down onto the front of the car.

is medicine too expensive?

NOT IF you consider that the death rate from all communicable diseases has been cut by 92% thanks to new drugs. And the increase in life expectancy is up from 59.5 years in 1935 to 70 years today.

NOT IF you remember that 20 years ago pneumonia was often fatal, and it took about 3 month's wages to pay for the hospital care and other expenses of a pneumonia case. Today, with new drugs, pneumonia is cured in days, at a cost of only 5 hours' wages.

NOW the average person spends less of his income for medication than he did 15 years ago. In 1939 Americans spent 0.87% of income (after taxes) for drugs; in 1954 they spent 0.64%.

WHEN you realize that manufacturers invest $100 million a year in the research and development that brings you these new drugs.

THEN when you measure the tremendous health benefits, you will agree that today's medicines are your biggest bargains. As your pharmacists, we proudly help bring these benefits to you. We are ready to serve you in all your prescription needs, drug and health supplies.

Halloween Greetings

Birthday parties last week took on a Halloween look as a number of youngsters observing late October birthdays celebrated the occasion. Among them was Frank Pircher, who enjoyed a party with the hob-goblin motif on his fourth birthday Friday afternoon. Four young friends joined him in the fun at the home of his parents, Mr. and Mrs. Frank Pircher, 1330 N. Illinois.

Christopher Bone celebrated his first birthday Friday afternoon with a half dozen of his contemporaries at the home of his parents, Mr. and Mrs. David Bone, 550 N. Walnut. His guests included the Jacobys, Charles, Ronald and John, the Schoeniger brothers, Robert and Donald, and his own elder brother, Jonathan.

Paula Carstens, daughter of Mr. and Mrs. Robert Carstens, 1014 N. Evergreen, celebrated her October 19 birthday recently with 10 young friends at an afternoon party in her parents' home. Paula was 4.

Johnny Meyer, 1205 N. Dunton, observed his fifth birthday Saturday by being host at a luncheon. Guests were his friends, Vince and Dale Weidner, cousins, and Margo Paulos. Johnny's grandparents, the Henry Meyers, 718 N. Evergreen, joined the family for dinner that evening.

Mrs. Harry Bierma Jr., celebrated her birthday Friday at a family dinner party at the Bierma home, 15 E. Willow st.

Which is Witch?

A couple of farewell parties both saddened and gladdened the hearts of a number of Arlington Heights young people over the past weekend. The parties were fun, but the farewells were not. Mr. and Mrs. Otto Mollenkamp, 407 N. Belmont, entertained at dinner Friday night for Miss Dacus and Miss Judy Kleiner to say goodbye to Miss Dacus who left the next day for Salem, Ore., to make her home. After the dinner Miss Dacus, Miss Kleiner and Janet and Gerald Mollenkamp left for Chicago to attend the Ice Follies show.

Ten young ladies of the area had a final day all together Saturday against the time they say goodby to one of their group whose family plans to make their future home in California. Miss Susan Cornelious was the woman of the day, which began in the morning with the group's participation in the Halloween window painting in the downtown area.

They were then guests for lunch at the home of Mr. and Mrs. John Durgom, 1007 W. Oakton st., whose daughter, Judy, planned the party for Susan. The girls spent the afternoon at the Durgom home, presented Susan with a remembrance gift, then left for home to get ready for the cotillion held that night at the field house. There they reassembled for the end of a perfect day.

Others in the group were Susan Lips, Marge Hazeman, Karen Panek, Susan Keller, Karen Olsen, Kathy Crockett, Judy Erwin and Karen Schindler.

Mrs. Clement Eagle, 814 S. Mitchell, was hostess Friday at a luncheon for 15 neighbors and friends of Mrs. Paul Crommelin who was guest of honor. Mr. and Mrs. Crommelin left for Cleveland the next day to spend a few days house-hunting in what will be their home town in the near future. No definite date has been set for the departure from their home at 818 S. Mitchell.

Trick or Treat

Several families of the area who have been out-of-town recently, returned in time for the witches and ghosts to find someone home on trick or treat night. Mrs. Michael Slater and daughter, Rondi, are home again at 44 S. Salem, after a 2 week visit at Pompano Beach, Fla., with Mrs. Slager's parents, Mr. and Mrs. R. E. Law.

Mr. and Mrs. Joseph Wisersky, 229 S. Walnut, returned Saturday after a week in southern Illinois and Missouri. They visited with friends and former Arlington Heights residents, Mr. and Mrs. John Peroutka, now of Mason City, and spent a few days with other friends in Lake of the Ozarks, Mo., and Biggsville, Ill.

Mr. and Mrs. E. H. Niemeyer, 116 S. Chestnut, are home again after an enjoyable 3 weeks in California. They went by train to Flagstaff, Ariz. where they were met by Mrs. Niemeyer's sister and brother-in-law, the Ralph Merritts. The foursome then had a leisurely sightseeing trip through the southwest to the Merritt's home in Fullerton, Cal. where Mr. and Mrs. Niemeyer spent the remainder of their vacation.

Mr. and Mrs. H. D. Youngberg, 500 S. Dunton, spent last week in Rochester, Minn. with Mrs. Youngberg's aunt, Mrs. George Caw. Mrs. Youngberg's mother, Mrs. William Nees of Oshkosh, who is spending a few weeks here, accompanied them and enjoyed the visit with her sister.

Mrs. Maude Spaetgens, who makes her home with her daughter and family, the Clement Eagles, 814 S. Mitchell, returned to them last Thursday after a 2-month stay in Battle Creek, Mich., visiting relatives there.

Halloween Greetings

The John Schumacher family is enjoying venison steaks as a result of a most successful week of deer hunting for Mr. Schumacher and his father-in-law, Dr. F. H. Stires of Canton, Ohio. The men spent last week at the sport in Grand Junction, Colo., while Mrs. Stires enjoyed a visit with her daughter here at the Schumacher home, 509 W. Euclid. When Dr. and Mrs. Stires returned to their Canton home early this week they were accompanied by the Schumacher children, Johnny and Mary, who will stay with their grandparents until Mr. and Mrs. Schumaker accomplish the move to a new home in Plum Grove, scheduled for this week.

Mrs. I. J. Spurgeon of Cincinnati left here Sunday after a week's visit with her daughter and family, the T. C. Carlsens, 1314 N. Harvard. Before returning to Ohio, Mrs. Spurgeon is spending some time with another daughter in Indianapolis.

Mr. and Mrs. Lloyd Buhler of Oshkosh, were weekend visitors at the home of Mr. and Mrs. H. D. Youngberg, 500 S. Dunton.

Mr. and Mrs. Cal Hanson of Mille Lacs, Minn. were Sunday guests at the home of Mrs. E. M. Hampton, 550 N. Walnut. The Hansons spent the weekend in the area, while Mr. Hanson made arrangements for an art show to exhibit some of his work, scheduled for early November at Libertyville.

Mrs. Boyd McCormick of Bellefontaine, Ohio, arrived here last Thursday for a 2-week visit with her sister and family, the Harold Millers, 1102 Clarendon.

Weekend guests at the G. Howard Tellier home, 826 S. Vail, were Mrs. Tellier's niece and her husband, Mr. and Mrs. Paul Foster of Iowa City, Iowa. The Fosters spent Saturday in Evanston and watched Iowa's 6 to 0 victory over Northwestern in Dyche stadium.

Which is Witch?

Mr. and Mrs. Neal Hawkins, 831 S. Vail, spent the weekend in Fulton, Mo., at Westminster college where their son, Mike, is in his sophomore year. It was Dad's day on the Westminster campus and the full schedule of activities was enjoyed by the whole family, including Pat who accompanied her parents with her guest, Miss Pam Warfield.

Homecoming activities at Carthage college last weekend kept Eugene Freeman busy with his participation in 2 of the major programs for the big occasion. Eugene, a freshman at Carthage, had a role in the all-mens' production, "Kampus Kapers," and took part too in the musical offering of the Otoria, the campus musical society. His parents, Mr. and Mrs. Martin Freeman, 1510 N. Vail, expect him home for a visit this weekend.

There is little doubt that the happiest young man on Chestnut st. Monday was John Dicanio, son of Mr. and Mrs. Frank Dicanio, 730 N. Chestnut. That was the day he accepted delivery of a new Evans bike, his prize in a recent Chef Boyardi products contest. Although John had asked his parents to verify his identification of some photographs of Italy, part of the contest requirements, they were unaware he had entered the contest until the arrival last week of a special delivery letter declaring John to be one of the winners. While a lot of 12-year-old boys sat back and thought how nice it would be to win a new bike, John "ups and did it."

Mrs. Raymond Woss, recently settled at 217 S. Highland, entertained 15 friends from the old neighborhood on N. Dunton last Wednesday morning. Her former neighbors brought housewarming gifts of canned goods and enjoyed a coffee-and session in the Woss's new home.

Newcomers to the 1200 block on N. Dunton are the Richard Schmidts, formerly of Palatine and more recently of Mundelein. Although there were just 6 Schmidts on moving day, Gordon arrived via Condell Memorial hospital 4 days later and now there are 7 at 1221 N. Dunton. Besides mama and papa, who has a tool and die business in Half Day, there are Richard, Larry, Kim and Ann. Just incidentally, the Richard Schmidts' next door neighbors are the Elmer Schmidts, not related.

Mr. and Mrs. Kenneth T. Wessner, 38 S. Ridge, Wheaton college alumni of 1944, attended the 35th annual homecoming of Wheaton college, Wheaton, October 18-20. Activities included reunions, group breakfasts, varsity football with Illinois Wesleyan and soccer with Chicago university, as well as student programs and campus family chapel.

Former Arlington Heights residents, Mr. and Mrs. Ralph Sawyer, who now reside in Chicago, entertained Mr. and Mrs. Richard McGlynn and daughter, Kim, and Kay Weisenburger, all of 206 W. Campbell, Sunday for a late dinner and cards.

Mrs. Charles Watkins, 107 Drury lane, has just returned from a week's trip in the east. Mrs. Watkins first flew to New York City where she was the guest of friends residing there. From New York City she went to Elizabeth, N. J., and visited with friends and former neighbors. Before flying back to Arlington Heights, Mrs. Watkins also was the guest of her sister, Mrs. John E. Montgomery, in Roanoke, Va., for a few days.

Mr. and Mrs. L. W. Bredehoft, 201 Wilshire, and their 3 sons, Bill, Carl and Paul, were in Lawrence, Kan., for the funeral of Mrs. Bredehoft's father, Leroy Pierce. Mr. Bredehoft returned to Arlington Heights with Bill and Carl, who resumed their school work. Mrs. Bredehoft and Paul remained in Lawrence for an additional week to be be with Mrs. Bredehoft's mother.

Bruce Johnson, son of Mr. and Mrs. Norman Johnson, 624 Banbury, celebrated his first birthday October 25 with a family dinner party that featured a decorated birthday cake with one candle. Among the relatives attending from out of town were Bruce's paternal grandparents, Mr. and Mrs. E. N. Johnson of Chicago, his aunts and uncles, Miss Olga Johnson, Foster Johnson, and Mrs. Arthur Johnson, all from Chicago. Other aunts, and uncles from out of town were Mr. and Mrs. Foster Wick of Glenellyn and Mrs. Herbert Wick of Houston, Tex.

Brooks' Bauske, son of Mr. and Mrs. Norman Bauske, 102 E. Orchard, had a double celebration of his fourth birthday last weekend. Arlington Girl, 4, Wins $1000

Due to the reasons why a good education is important, given by her mother, Beverly Haworth, 4, won a $1,000 prize in the Johnson & Johnson Surgical Supplies Youth Scholarship contest. Robert W. Johnson Jr., executive vice president of the company, announced the award this week.

Beverly and her parents, Mr. and Mrs. James A. Haworth, reside at 816 McKinley ave., Arlington Heights.

THE CONTEST, sponsored in cooperation with The Mutual Benefit Life Insurance Co., was designed to extend educational opportunities of young people and to stimulate greater public interest in higher education. A $75,000 scholarship fund was established to provide students under 17 years of age with scholarship to accredited colleges.

The formal presentation of the award will be made by the local representative of Johnson & Johnson, and Gerald F. Griffin, 422 S. Dryden, general agent for Mutual Benefit Life.

Beverly, like some 48 others, received the prize on the basis of a 50-word essay contest completing the statement: "A good education is important because . . .".

ALL AWARDS take the form of fully prepaid education policies, which mature when the winner becomes 18 years of age.

In announcing winners, Johnson called attention to some of the problems faced today by higher education.

"Our colleges are feeling the impact of higher enrollments, not to mention public indifference to their financial needs," he said. "At present, with the greater need for a college education, we are confident that our scholarship program will provide much-needed educational opportunities in a field of their own choice."

We have an absolutely beautiful selection of fine small furs, as well as stoles, capes, jackets, and full length coats.

Stop in this week and look — it doesn't cost a cent.

It isn't too early, you know, to let Santa know that this year you would like a fur piece — let him know what kind and tell him that Dan Senne can help him find the **right fur piece at the right price.**

is medicine too expensive?

NOT IF you consider that the death rate from all communicable diseases has been cut by 92% thanks to new drugs. And the increase in life expectancy is up from 59.5 years in 1935 to 70 years today.

NOT IF you remember that 20 years ago pneumonia was often fatal, and it took about 3 month's wages to pay for the hospital care and other expenses of a pneumonia case. Today, with new drugs, pneumonia is cured in days, at a cost of only 5 hours' wages.

NOW the average person spends less of his income for medication than he did 15 years ago. In 1939 Americans spent 0.87% of income (after taxes) for drugs; in 1954 they spent 0.64%.

WHEN you realize that manufacturers invest $100 million a year in the research and development that brings you these new drugs.

THEN when you measure the tremendous health benefits, you will agree that today's medicines are your biggest bargains. As your pharmacists, we proudly help bring these benefits to you. We are ready to serve you in all your prescription needs, drug and health supplies.

Halloween Greetings

Birthday parties last week took on a Halloween look as a number of youngsters observing late October birthdays celebrated the occasion. Among them was Frank Pircher, who enjoyed a party with the hob-goblin motif on his fourth birthday Friday afternoon. Four young friends joined him in the fun at the home of his parents, Mr. and Mrs. Frank Pircher, 1330 N. Illinois.

Christopher Bone celebrated his first birthday Friday afternoon with a half dozen of his contemporaries at the home of his parents, Mr. and Mrs. David Bone, 550 N. Walnut. His guests included the Jacobys, Charles, Ronald and John, the Schoeniger brothers, Robert and Donald, and his own elder brother, Jonathan.

Paula Carstens, daughter of Mr. and Mrs. Robert Carstens, 1014 N. Evergreen, celebrated her October 19 birthday recently with 10 young friends at an afternoon party in her parents' home. Paula was 4.

Johnny Meyer, 1205 N. Dunton, observed his fifth birthday Saturday by being host at a luncheon. Guests were his friends, Vince and Dale Weidner, cousins, and Margo Paulos. Johnny's grandparents, the Henry Meyers, 718 N. Evergreen, joined the family for dinner that evening.

Which is Witch?

A couple of farewell parties both saddened and gladdened the hearts of a number of Arlington Heights young people over the past weekend. The parties were fun, but the farewells were not. Mr. and Mrs. Otto Mollenkamp, 407 N. Belmont, entertained at dinner Friday night for Miss Dacus and Miss Judy Kleiner to say goodbye to Miss Dacus who left the next day for Salem, Ore., to make her home. After the dinner Miss Dacus, Miss Kleiner and Janet and Gerald Mollenkamp left for Chicago to attend the Ice Follies show.

Ten young ladies of the area had a final day all together Saturday against the time they say goodby to one of their group whose family plans to make their future home in California. Miss Susan Cornelious was the woman of the day, which began in the morning with the group's participation in the Halloween window painting in the downtown area.

They were then guests for lunch at the home of Mr. and Mrs. John Durgom, 1007 W. Oakton st., whose daughter, Judy, planned the party for Susan. The girls spent the afternoon at the Durgom home, presented Susan with a remembrance gift, then left for home to get ready for the cotillion held that night at the field house. There they reassembled for the end of a perfect day.

Others in the group were Susan Lips, Marge Hazeman, Karen Panek, Susan Keller, Karen Olsen, Kathy Crockett, Judy Erwin and Karen Schindler.

Mrs. Clement Eagle, 814 S. Mitchell, was hostess Friday at a luncheon for 15 neighbors and friends of Mrs. Paul Crommelin who was guest of honor. Mr. and Mrs. Crommelin left for Cleveland the next day to spend a few days house-hunting in what will be their home town in the near future. No definite date has been set for the departure from their home at 818 S. Mitchell.

Trick or Treat

Several families of the area who have been out-of-town recently, returned in time for the witches and ghosts to find someone home on trick or treat night. Mrs. Michael Slater and daughter, Rondi, are home again at 44 S. Salem, after a 2 week visit at Pompano Beach, Fla., with Mrs. Slager's parents, Mr. and Mrs. R. E. Law.

Mr. and Mrs. Joseph Wisersky, 229 S. Walnut, returned Saturday after a week in southern Illinois and Missouri. They visited with friends and former Arlington Heights residents, Mr. and Mrs. John Peroutka, now of Mason City, and spent a few days with other friends in Lake of the Ozarks, Mo., and Biggsville, Ill.

Mr. and Mrs. E. H. Niemeyer, 116 S. Chestnut, are home again after an enjoyable 3 weeks in California. They went by train to Flagstaff, Ariz. where they were met by Mrs. Niemeyer's sister and brother-in-law, the Ralph Merritts. The foursome then had a leisurely sightseeing trip through the southwest to the Merritt's home in Fullerton, Cal. where Mr. and Mrs. Niemeyer spent the remainder of their vacation.

Mr. and Mrs. H. D. Youngberg, 500 S. Dunton, spent last week in Rochester, Minn. with Mrs. Youngberg's aunt, Mrs. George Caw. Mrs. Youngberg's mother, Mrs. William Nees of Oshkosh, who is spending a few weeks here, accompanied them and enjoyed the visit with her sister.

Mrs. Maude Spaetgens, who makes her home with her daughter and family, the Clement Eagles, 814 S. Mitchell, returned to them last Thursday after a 2-month stay in Battle Creek, Mich., visiting relatives there.

Halloween Greetings

The John Schumacher family is enjoying venison steaks as a result of a most successful week of deer hunting for Mr. Schumacher and his father-in-law, Dr. F. H. Stires of Canton, Ohio. The men spent last week at the sport in Grand Junction, Colo., while Mrs. Stires enjoyed a visit with her daughter here at the Schumacher home, 509 W. Euclid. When Dr. and Mrs. Stires returned to their Canton home early this week they were accompanied by the Schumacher children, Johnny and Mary, who will stay with their grandparents until Mr. and Mrs. Schumaker accomplish the move to a new home in Plum Grove, scheduled for this week.

Mrs. I. J. Spurgeon of Cincinnati left here Sunday after a week's visit with her daughter and family, the T. C. Carlsens, 1314 N. Harvard. Before returning to Ohio, Mrs. Spurgeon is spending some time with another daughter in Indianapolis.

Which is Witch?

Mr. and Mrs. Neal Hawkins, 831 S. Vail, spent the weekend in Fulton, Mo., at Westminster college where their son, Mike, is in his sophomore year. It was Dad's day on the Westminster campus and the full schedule of activities was enjoyed by the whole family, including Pat who accompanied her parents with her guest, Miss Pam Warfield.

Homecoming activities at Carthage college last weekend kept Eugene Freeman busy with his participation in 2 of the major programs for the big occasion. Eugene, a freshman at Carthage, had a role in the all-mens' production, "Kampus Kapers," and took part too in the musical offering of the Otoria, the campus musical society. His parents, Mr. and Mrs. Martin Freeman, 1510 N. Vail, expect him home for a visit this weekend.

There is little doubt that the happiest young man on Chestnut st. Monday was John Dicanio, son of Mr. and Mrs. Frank Dicanio, 730 N. Chestnut. That was the day he accepted delivery of a new Evans bike, his prize in a recent Chef Boyardi products contest. Although John had asked his parents to verify his identification of some photographs of Italy, part of the contest requirements, they were unaware he had entered the contest until the arrival last week of a special delivery letter declaring John to be one of the winners. While a lot of 12-year-old boys sat back and thought how nice it would be to win a new bike, John "ups and did it."

Mrs. Raymond Woss, recently settled at 217 S. Highland, entertained 15 friends from the old neighborhood on N. Dunton last Wednesday morning. Her former neighbors brought housewarming gifts of canned goods and enjoyed a coffee-and session in the Woss's new home.

Newcomers to the 1200 block on N. Dunton are the Richard Schmidts, formerly of Palatine and more recently of Mundelein. Although there were just 6 Schmidts on moving day, Gordon arrived via Condell Memorial hospital 4 days later and now there are 7 at 1221 N. Dunton. Besides mama and papa, who has a tool and die business in Half Day, there are Richard, Larry, Kim and Ann. Just incidentally, the Richard Schmidts' next door neighbors are the Elmer Schmidts, not related.

Mr. and Mrs. Kenneth T. Wessner, 38 S. Ridge, Wheaton college alumni of 1944, attended the 35th annual homecoming of Wheaton college, Wheaton, October 18-20. Activities included reunions, group breakfasts, varsity football with Illinois Wesleyan and soccer with Chicago university, as well as student programs and campus family chapel.

Former Arlington Heights residents, Mr. and Mrs. Ralph Sawyer, who now reside in Chicago, entertained Mr. and Mrs. Richard McGlynn and daughter, Kim, and Kay Weisenburger, all of 206 W. Campbell, Sunday for a late dinner and cards.

Mrs. Charles Watkins, 107 Drury lane, has just returned from a week's trip in the east. Mrs. Watkins first flew to New York City where she was the guest of friends residing there. From New York City she went to Elizabeth, N. J., and visited with friends and former neighbors. Before flying back to Arlington Heights, Mrs. Watkins also was the guest of her sister, Mrs. John E. Montgomery, in Roanoke, Va., for a few days.

Mr. and Mrs. L. W. Bredehoft, 201 Wilshire, and their 3 sons, Bill, Carl and Paul, were in Lawrence, Kan., for the funeral of Mrs. Bredehoft's father, Leroy Pierce. Mr. Bredehoft returned to Arlington Heights with Bill and Carl, who resumed their school work. Mrs. Bredehoft and Paul remained in Lawrence for an additional week to be be with Mrs. Bredehoft's mother.

Bruce Johnson, son of Mr. and Mrs. Norman Johnson, 624 Banbury, celebrated his first birthday October 25 with a family dinner party that featured a decorated birthday cake with one candle. Among the relatives attending from out of town were Bruce's paternal grandparents, Mr. and Mrs. E. N. Johnson of Chicago, his aunts and uncles, Miss Olga Johnson, Foster Johnson, and Mrs. Arthur Johnson, all from Chicago. Other aunts, and uncles from out of town were Mr. and Mrs. Foster Wick of Glenellyn and Mrs. Herbert Wick of Houston, Tex.

Guest of honor Brooks also had lunch at "The Top of the Rock" on the 42nd floor of the Prudential building. Sunday Brooks entertained 15 young friends with a birthday party held at his home in the afternoon.

The party was of circus motif and was decorated with clowns and balloons. Brooks' cake was decorated as a large circus drum and was topped with a big top and circus caricatures. Arlington Girl, 4, Wins $1000

Due to the reasons why a good education is important, given by her mother, Beverly Haworth, 4, won a $1,000 prize in the Johnson & Johnson Surgical Supplies Youth Scholarship contest. Robert W. Johnson Jr., executive vice president of the company, announced the award this week.

Beverly and her parents, Mr. and Mrs. James A. Haworth, reside at 816 McKinley ave., Arlington Heights.

THE CONTEST, sponsored in cooperation with The Mutual Benefit Life Insurance Co., was designed to extend educational opportunities of young people and to stimulate greater public interest in higher education. A $75,000 scholarship fund was established to provide students under 17 years of age with scholarship to accredited colleges.

The formal presentation of the award will be made by the local representative of Johnson & Johnson, and Gerald F. Griffin, 422 S. Dryden, general agent for Mutual Benefit Life.

Beverly, like some 48 others, received the prize on the basis of a 50-word essay contest completing the statement: "A good education is important because . . .".

ALL AWARDS take the form of fully prepaid education policies, which mature when the winner becomes 18 years of age.

In announcing winners, Johnson called attention to some of the problems faced today by higher education.

"Our colleges are feeling the impact of higher enrollments, not to mention public indifference to their financial needs," he said. "At present, with the greater need for a college education, we are confident that our scholarship program will provide much-needed educational opportunities in a field of their own choice."

Fewer Highway Deaths in County

(CNS)—Suburban Cook county recorded more highway traffic accidents but fewer deaths in the first 6 months of the year.

Sixteen cities and villages in the north top of the county lived through the first half of the year without a traffic fatality, a comprehensive state tabulation shows. An earlier report covered only towns with 5,000 population or more.

The 16 municipalities with perfect records for the first half of 1957 are Elmwood Park, Wilmette, Arlington Heights, Glencoe, Palatine, Mount Prospect, Norridge, Northbrook, Kenilworth, Northfield, Bartlett, Golf, Rolling Meadows, Elk Grove, Rosemont, and Schaumburg Center.

The best records were turned in by Elk Grove and Schaumburg Center. Not one traffic accident occurred within their limits.

Golf had 2 traffic accidents but no one injured.

In suburban Cook county, there were 12,008 traffic accidents in the first half of the year compared with 10,226 the same period last year, or a 14.8 per cent increase, according to the state highway division tabulation.

The first half of 1957 saw 96 persons killed in those accidents compared with 118 the similar period in 1956, an 18.6 per cent decrease.

The new state speed limits did not figure in the 6 months' record because they didn't take effect until July 1, 1957.

ALERT ARLINGTON HIGH school students were witness to a good deal of activity atop the new school garage during the past few weeks. Volunteers putting final touches on the new area Ground Observer corps (plane spotting) post are chief observer, Mrs. Charles A. Opela (outside), 1520 N. State rd., and assistant chief observer Mrs. Dolores Eichtenacher (inside), 1524 N. Evergreen, both of Arlington Heights. Mrs. Opela said that glass will probably be put in sometime this week. Yet to be put up is a metal stairs to the roof on the outside of the garage.

Ground Observors Maintain 'Alert'

"The area Ground Observer corps, a part of the national Civil Defense program is constantly on the alert", according to Mrs. Charles A. Opela, chief observer.

Mr. Opela is the Arlington Heights post director. The Opelas reside at 1520 N. State.

Mrs. Opela said volunteers are urgently needed. She added that the campaign for volunteers would go into full swing as soon as the new observation post, located on top of the new Arlington high school garage, is completed.

* * *

A NUMBER of high school students have already expressed a desire to join the corps, Mrs. Opelo informs. They will be supervised by an adult.

The village board previously appropriated around $1100 for construction of the post.

Also to be installed on the garage roof is the necessary sound detector equipment. This will allow spotters to pick up the sound of planes some 4 miles distant. The air force is furnishing the equipment.

* * *

MRS. OPELA said that she is learning to identify planes by sound. Once identified, the type of plane is recorded in code.

Two adults are required to man the post.

According to Mrs. Dolores Echtenbacher, assistant chief observer, 1524 N. Evergreen, naked eye visibility is about 3 miles.

Mrs. Opela said that a Ground Observer corps training program is being planned. Among materials to be used are an aircraft recognition manual and several films.

* * *

PINS AND membership cards will be issued to volunteers.

Among other volunteer observers are Mr. and Mrs .Neil Laurin of Arlington Heights, and Mr. and Mrs. Thomas Ullock of Rolling Meadows.

Mrs. Albert C. Peters, 403 N. Belmont, is Arlington Heights civil defense director. (A

Suburban Exodus Now Hits High Schools, Says Puffer

Compared with 1956, some 19,601 more pupils are enrolled this year in suburban Cook County schools. Total enrollment is 230,206, according to Cook County Superintendent of Schools, Noble J. Puffer.

Some 62,213 pupils were enrolled in high schools and junior colleges, representing an increase of 7,961 pupils, or 14.7 per cent, compared with 1956 enrollments. Final enrollment at the elementary level totalled 167,993, an increase of 11,640, or 7.5 per cent, over 1956 figures.

* * *

THIS INDICATES high schools are getting a very substantial shift in enrollment, a shift in population not to be credited to the increased birth rate, observed Puffer.

Pupils entering high schools as a result of the increased birth rate will be in high schools by 1959, and will then begin to double high school enrollment in each of the 4 years as they move through high schools, according to Puffer.

* * *

CURRENT increased enrollments in suburban schools have resulted in the employment of 1,039 additional teachers over the last year making a total of 10,028. Four hundred and two additional teachers were employed in our high schools and 637 in our elementary schools.

Commenting further on increased enrollments, Superintendent Puffer said, "It is interesting to note that as the enrollments increase, the assessed valuation per pupil (the measure of the ability of a school district to provide a good education) falls.

"The median assessed valuation per pupil for 1956-57 fell from $23,370 to $22,794 per pupil enrolled in the elementary schools.

"The median assessed valuation per pupil in average daily attendance in our high schools fell from $71,184 in the year 1955-56 to $65,105.

"In view of a large increase in high school enrollment, this figure is bound to drop substantially again for the school year 1957-58, and forecasts some problems in financing higher education about 1960." (B8

What Does YMCA Mean to Suburbs?

What would a Northwest Suburban YMCA mean for the area is a big question.

Part of the answer lies in many things which we today take for granted as part and parcel of the American way of life — things which have had a beginning in or have received a healthy boost from the YMCA movement.

* * *

THE INVENTION of basketball, initiation of learn-to-swim campaigns, the origination of "Poppy Day" assistance in launching the Boy Scouts of America are but a few of the YMCA's contributions.

The Springfield college 'Y' invented basketball in 1891; volleyball was developed at the Holyoke, Mass. 'Y' in 1895; a Pennsylvania 'Y' sponsored and managed the world's first professional football team.

"Poppies" were first worn by YMCA workers in World War I in memory of fallen Allied soldiers. The idea was conceived by a YMCA staffer.

* * *

THE 'Y' FOSTERED the Boy Scouts of America by providing leadership and quarters until Scouting was able to stand alone. Dr. Luther Gulick, first national 'Y' physical director, was a founder of the Camp Fire Girls' movement.

Fathers' Day was first sponsored by the YMCA.

The Youth and Government program, which fosters training in citizenship, was pioneered by the 'Y' in 1906 and is now practiced in 35 states. Young delegates study public issues, debate policies, write legislation, and experiment in the art of political practice.

* * *

A FEW examples of legislation which originated through the program are: annual auto inspection and establishment of juvenile courts in Texas, state aid to teenage canteens in Michigan.

Camping for boys as we know it today was begun at YMCA Camp Dudley, N.Y., oldest organized camp in the country, in 1885.

Father and son relationships were originated by the Providence, R. I., YMCA in 1909. Indian Guide "tribes" (special clubs to foster father-son relationships, based on Indian lore) were started by the St. Louis 'Y' in 1925.

Before 1900 the YMCA pioneered in night school education and the shorter work week.

THE YMCA is also known for the many services rendered to troops during wartime. According to Gen. Pershing, the 'Y' did 90 per cent of the total welfare work for the AEF in World War I; during World War II the 'Y' operated 640 USO units.

During the Civil War, the YMCA supplied clothing, medical-surgical teams, mobile canteens for both Northern and Southern troops.

YMCA membership is open to everyone, just as its resources for assistance in times of stress or special need are offered to everyone.

MEMBERSHIP has jumped 64 per cent in the past 10 years compared to a national population growth of 17 per cent. The number of YMCA's has increased 42 per cent in the United States during the same time. 'Y's may now be found in 76 countries.

The Northwest Suburban YMCA, operating at present from just an office, has been in existence 4 years. Some 88 different activities were conducted last year with more than 6,000 program registrations.

Plans are now being completed for a new Northwest Suburban YMCA building complete with swimming pool, gymnasium and club rooms.

It is expected that ground may be broken for the new $878,000 structure during the 1958 Centennial year. (AMP

Costume Parade

Parents and friends are invited to view the annual Halloween costume parade which will be held on the Wilson school grounds today, Thursday, at 1 p.m. In the event of bad weather, the parade will march through the school's multi-purpose room.

A recent assembly at Wilson school was the Liquid Air demonstration and experiments presented by Raymond T. Carpenter of the physics department of Northwestern university. The assembly was intended as a 30-minute session for the upper grades, but due to an exceptionally interesting question and answer period, the time was extended to an hour and a half.

Two bicycle safety assemblies and a bike safety inspection were held at Wilson school this month under the sponsorship of the Cook County Highway Traffic Safety commission. They were presented by Mr. Glaser and Mr. McCormick of the safety commission. They were assisted by Mrs. Maurice Pool and Mrs. Robert Huebner of Wilson PTA during the inspection.

Physical Education Instructor

Hiring of Robert Winkle as part time physical education instructor was approved by Wilson school board of education. Physical education instruction by the regular teachers was not satisfactory for the upper grades. Winkle has taught and coached in Mt. Prospect schools and served as administrator of Elk Grove school prior to entering full time work in real estate.

Wilson school executive board will meet Monday, November 4, at 8 p.m., in the school's multi-purpose room. Mrs. Robert Louden and Mrs. R. B. Yaden will talk on committees of the PTA. Persons interested are invited to attend.

First Birthday

Mr. and Mrs. Sheldon Bauer of Pinegate celebrated the first birthday of their son, Bruce, last Saturday. Twenty-one relatives attended his birthday dinner.

Billy Stark, Arlington Knolls, had a party to celebrate his fifth birthday October 19. Party guests included Linda Armstrong, Rhonda Hamza, Jeff Incavo, Billy Boltz and Richard Stark, Billy's brother.

Kathy Sepala, 205 Waverly rd., was 8 Tuesday. One of her girl friends and the family were on hand to help her celebrate.

Entertained Guests

Mr. and Mrs. James Rice entertained Mr. and Mrs. Kenneth Larson Sunday. They later attended a community concert at Arlington high school.

An enjoyable evening was spent by Judy Burke, George st., Saturday when she attended a Halloween party given by a former classmate, Camille Ghurek of Chicago.

Reminder

Residents are reminded of the Fall Festival, November 9, from 3 to 8 p.m. Mrs. Ted Larson, ticket chairman, may be contacted for additional tickets. Donations for the white elephant booth will be picked up by calling Mrs. Bill Burke, CL 5-5887, chairman of the booth. (B8

Hospital Women's Groups Confer

A report on the activities, fund-raising projects and membership of the Northwest Community hospital center women's auxiliary was given by Mrs. Everett Wagner, president, at the semiannual meeting of district 2 women's hospital auxiliaries, Illinois Hospital association, on October 23.

Mrs. Wagner was among the 23 hospital auxiliary presidents in district 2 giving reports on the work of their groups. The meeting was held in St. Charles hospital in Aurora and featured a luncheon and tour of the hospital.

* * *

GUEST SPEAKER at the meeting was Mrs. Kurt Scharbau of Rockford who reported on the annual convention of the American Hospital association in Atlantic City.

Major business of the meeting was the election of new officers for the district 2 auxiliary group. Hospital auxiliaries in district 2 are associated with Chicago north and west suburban areas. A discussion was also held on nurse recruitment and state medical scholarship funds.

Accompanying Mrs. Wagner were Mrs. Robert Charles of Mount Prospect, vice president of the Northwest Community auxiliary; and Mrs. B. L. Buxton of Palatine, auxiliary bulletin editor. (AMP

What Does YMCA Mean to Suburbs?

What would a Northwest Suburban YMCA mean for the area is a big question.

Part of the answer lies in many things which we today take for granted as part and parcel of the American way of life — things which have had a beginning in or have received a healthy boost from the YMCA movement.

* * *

THE INVENTION of basketball, initiation of learn-to-swim campaigns, the origination of "Poppy Day" assistance in launching the Boy Scouts of America are but a few of the YMCA's contributions.

The Springfield college 'Y' invented basketball in 1891; volleyball was developed at the Holyoke, Mass. 'Y' in 1895; a Pennsylvania 'Y' sponsored and managed the world's first professional football team.

"Poppies" were first worn by YMCA workers in World War I in memory of fallen Allied soldiers. The idea was conceived by a YMCA staffer.

* * *

THE 'Y' FOSTERED the Boy Scouts of America by providing leadership and quarters until Scouting was able to stand alone. Dr. Luther Gulick, first national 'Y' physical director, was a founder of the Camp Fire Girls' movement.

Fathers' Day was first sponsored by the YMCA.

The Youth and Government program, which fosters training in citizenship, was pioneered by the 'Y' in 1906 and is now practiced in 35 states. Young delegates study public issues, debate policies, write legislation, and experiment in the art of political practice.

* * *

A FEW examples of legislation which originated through the program are: annual auto inspection and establishment of juvenile courts in Texas, state aid to teenage canteens in Michigan.

Camping for boys as we know it today was begun at YMCA Camp Dudley, N.Y., oldest organized camp in the country, in 1885.

Father and son relationships were originated by the Providence, R. I., YMCA in 1909. Indian Guide "tribes" (special clubs to foster father-son relationships, based on Indian lore) were started by the St. Louis 'Y' in 1925.

Before 1900 the YMCA pioneered in night school education and the shorter work week.

THE YMCA is also known for the many services rendered to troops during wartime. According to Gen. Pershing, the 'Y' did 90 per cent of the total welfare work for the AEF in World War I; during World War II the 'Y' operated 640 USO units.

During the Civil War, the YMCA supplied clothing, medical-surgical teams, mobile canteens for both Northern and Southern troops.

YMCA membership is open to everyone, just as its resources for assistance in times of stress or special need are offered to everyone.

MEMBERSHIP has jumped 64 per cent in the past 10 years compared to a national population growth of 17 per cent. The number of YMCA's has increased 42 per cent in the United States during the same time. 'Y's may now be found in 76 countries.

The Northwest Suburban YMCA, operating at present from just an office, has been in existence 4 years. Some 88 different activities were conducted last year with more than 6,000 program registrations.

Plans are now being completed for a new Northwest Suburban YMCA building complete with swimming pool, gymnasium and club rooms.

It is expected that ground may be broken for the new $878,000 structure during the 1958 Centennial year. (AMP

Costume Parade

Parents and friends are invited to view the annual Halloween costume parade which will be held on the Wilson school grounds today, Thursday, at 1 p.m. In the event of bad weather, the parade will march through the school's multi-purpose room.

A recent assembly at Wilson school was the Liquid Air demonstration and experiments presented by Raymond T. Carpenter of the physics department of Northwestern university. The assembly was intended as a 30-minute session for the upper grades, but due to an exceptionally interesting question and answer period, the time was extended to an hour and a half.

Two bicycle safety assemblies and a bike safety inspection were held at Wilson school this month under the sponsorship of the Cook County Highway Traffic Safety commission. They were presented by Mr. Glaser and Mr. McCormick of the safety commission. They were assisted by Mrs. Maurice Pool and Mrs. Robert Huebner of Wilson PTA during the inspection.

Physical Education Instructor

Hiring of Robert Winkle as part time physical education instructor was approved by Wilson school board of education. Physical education instruction by the regular teachers was not satisfactory for the upper grades. Winkle has taught and coached in Mt. Prospect schools and served as administrator of Elk Grove school prior to entering full time work in real estate.

Wilson school executive board will meet Monday, November 4, at 8 p.m., in the school's multi-purpose room. Mrs. Robert Louden and Mrs. R. B. Yaden will talk on committees of the PTA. Persons interested are invited to attend.

Kathy Sepala, 205 Waverly rd., was 8 Tuesday. One of her girl friends and the family were on hand to help her celebrate.

Entertained Guests

Mr. and Mrs. James Rice entertained Mr. and Mrs. Kenneth Larson Sunday. They later attended a community concert at Arlington high school.

An enjoyable evening was spent by Judy Burke, George st., Saturday when she attended a Halloween party given by a former classmate, Camille Ghurek of Chicago.

Reminder

Residents are reminded of the Fall Festival, November 9, from 3 to 8 p.m. Mrs. Ted Larson, ticket chairman, may be contacted for additional tickets. Donations for the white elephant booth will be picked up by calling Mrs. Bill Burke, CL 5-5887, chairman of the booth. (B8

Arlington Postal Cards Escape 'Horsy' Stigma

Time was when mention of Arlington Heights as your hometown would prompt a bright reply to the effect that "Oh yes, that's where the race track is."

* * *

TO THE FOLKS in Red Wing, Minn. and Bluefield, W. Va., Arlington Heights was known as the home of Arlington Park and not much else.

Mailbags full of postcard scenes of the track sent home by tourists created the impression that the village was only slightly less addicted to prize horseflesh than Louisville, Ky. in Derby week.

Arrival of a new series of postcard views in village drug and stationery stores will alter that impression, however.

* * *

ARLINGTON WILL in the future undergo a radical change in reputation, judging by the assortment of cards.

The 14 new slick black and white postcards show handsome views of churches, schools, commercial districts and parks.

But there's not a scenic rendering of the track in the lot.

* * *

AMONG THE LOCAL buildings pictured are the new addition to Arlington high school (unfortunately labeled as a grade school), the new wing at South junior high school, Northwest highway and Campbell street business areas, Recreation park swimming pool and the First Presbyterian Church, First Methodist, St. James and Our Lady of the Wayside and First Church of Christ Scientist.

The unretouched photos were taken last summer by the L. L. Cook co. of Milwaukee.

If you still want to send friends postcards of the track, several stores offer highly colored cards of steeds galloping around the oval.

An item that doesn't seem to have sold too well is a 10-or-more year old card of Arlington high school way back when. Perhaps locals might wish to acquire it as a memento. (AF

Schaumburg Leads Rural Building

(CNS)—Schaumburg township led the field in September in building permits issued in unincorporated areas.

Close behind were Wheeling and Northfield townships. All topped the one million dollar mark.

* * *

THE COOK COUNTY building and zoning bureau issued 109 permits for Schaumburg township whose valuation totaled $1,499,200, one of the highest monthly totals ever recorded for the township. In August, Schaumburg's total was 76 permits valued at $158,800.

Wheeling township edged out Northfield township for second place in September. Sixty-one permits valued at $1,086,600 were issued in Wheeling township against 56 permits valued at $1,074,260 in Northfield township.

* * *

COUNTYWIDE in unincorporated areas, total estimated value of permits in September fell behind August's total of $9,536,135. The September total was $6,387,795.

Permits issued by north townships:

TOWNSHIP	PERMITS	VALUATION
Elk Grove	15	$ 131,500

Although your television set operates off the regular electric house circuit, there are electronic parts in it that exceed the power of an electric chair. Every once in a while you read of someone being electrocuted, and just the other day a youngster in Milwaukee reached into the rear of an unboarded set and was killed instantly.

Be absolutely certain that the rear of your TV is boarded or paneled. If you do not have this protection, phone CL. 5-0700. LANDWEHR'S TV will be pleased to arrange to have a panel sent out to you at a very nominal cost.

Arlington Postal Cards Escape 'Horsy' Stigma

Time was when mention of Arlington Heights as your hometown would prompt a bright reply to the effect that "Oh yes, that's where the race track is."

* * *

TO THE FOLKS in Red Wing, Minn. and Bluefield, W. Va., Arlington Heights was known as the home of Arlington Park and not much else.

Mailbags full of postcard scenes of the track sent home by tourists created the impression that the village was only slightly less addicted to prize horseflesh than Louisville, Ky. in Derby week.

Arrival of a new series of postcard views in village drug and stationery stores will alter that impression, however.

* * *

ARLINGTON WILL in the future undergo a radical change in reputation, judging by the assortment of cards.

The 14 new slick black and white postcards show handsome views of churches, schools, commercial districts and parks.

But there's not a scenic rendering of the track in the lot.

* * *

AMONG THE LOCAL buildings pictured are the new addition to Arlington high school (unfortunately labeled as a grade school), the new wing at South junior high school, Northwest highway and Campbell street business areas, Recreation park swimming pool and the First Presbyterian Church, First Methodist, St. James and Our Lady of the Wayside and First Church of Christ Scientist.

The unretouched photos were taken last summer by the L. L. Cook co. of Milwaukee.

If you still want to send friends postcards of the track, several stores offer highly colored cards of steeds galloping around the oval.

An item that doesn't seem to have sold too well is a 10-or-more year old card of Arlington high school way back when. Perhaps locals might wish to acquire it as a memento. (AF

Schaumburg Leads Rural Building

(CNS)—Schaumburg township led the field in September in building permits issued in unincorporated areas.

Close behind were Wheeling and Northfield townships. All topped the one million dollar mark.

* * *

THE COOK COUNTY building and zoning bureau issued 109 permits for Schaumburg township whose valuation totaled $1,499,200, one of the highest monthly totals ever recorded for the township. In August, Schaumburg's total was 76 permits valued at $158,800.

Wheeling township edged out Northfield township for second place in September. Sixty-one permits valued at $1,086,600 were issued in Wheeling township against 56 permits valued at $1,074,260 in Northfield township.

* * *

COUNTYWIDE in unincorporated areas, total estimated value of permits in September fell behind August's total of $9,536,135. The September total was $6,387,795.

Permits issued by north townships:

Final Plans Are Approved For New Interceptor Sewer

(CNS) — Final plans for an interceptor sewer extending westward from Mount Prospect and below Arlington Heights into Rolling Meadows have been approved by the Metropolitan Sanitary district of Greater Chicago.

The project is 4.2 miles long and district trustees Thursday authorized Harry E. Eaton, clerk of the board, to advertise for bids.

* * *

AIDS OF Anthony A. Olis, district president, pointed out that the area, hard hit by floods, this year, received a top priority.

This latest project off the drawing boards was on the district's 1957 to 1964 future construction program.

Another section on the schedule of the staff of Horace P. Ramey, chief engineer, will take the sewer line north through Rolling Meadows and into Palatine area.

* * *

THE 4.2 MILE segment is knowwn under the job title of Upper Des Plaines Intercepting Sewer Contract No. 11-D, extension A.

It will be the district's first entry with a big sewer line into Palatine township. The area was brought into the district's territory in a referendum approved by county voters in November, 1956.

The district's northwest branch of its upper Des Plaines intercepting sewer system now stops at the sonthwest end of Mount Prospect.

* * *

THE NEW LEG will be constructed along Lincoln st from Busse rd. west to Douglas ave. It will turn north along Douglas to Cypress ave., west along Cypress to Ridge ave. Here it turns north along Ridge to Central rd., at Arlington Heights.

The line will extend west along Central rd. to Rohlwing rd. where it will turn and terminate about 1,100 feet north. This brings the 4.2 mile stretch to the south section of Rolling Meadows.

For a greater part of its length, exactly 15,350 feet of it, the concrete sewer will have an internal width of 4 feet-6 inches and an internal height of 5 feet.

* * *

ANOTHER 6,920 feet of concrete pipe sewer will consist of 54 inches internal diameter.

Also included in the project are manholes, miscellaneous structures, and 100 feet of a vitrified pipe sewer of 24 inches internal diameter.

The project's total length is 22,370 feet.

* * *

A SPOKESMAN for the Sanitary district said Monday that the district and the village of Arlington Heights still have not settled on the amount of compensation to the village in return for its abandonment of a sewage treatment plant. The village hopes to pay off the major part of a $600,000 debt remaining on the plant with money the district will pay for flowage rights through village-owned sewers.

Although the village was taken into the district nearly a year ago by a referendum, the village continues to operate the plant pending a final settlement. (AF

LITTLE BILL says:

6¢ a load is all you pay— to dry the clean electric way

An electric dryer does all this for just 6¢: 3 big bath towels, 6 hand towels, 2 sheets, 2 pairs shorts, 2 T-shirts, 5 pairs of socks, 3 pillowcases, 2 men's shirts. This average 8-lb. load will take only 25 to 30 minutes.

Nothing's faster, nothing's cleaner— and electric dryers are completely automatic

ELECTRIC DRYERS
cost
$30 to $60 less
to buy
than any other kind

Just 6¢ to dry an 8-lb. load of clothes the electric way. And the electric way is the completely automatic way. No igniting devices to get out of order.

Clothes dried in an electric dryer have the good fresh smell of all outdoors, too. Electric heat is radiant heat . . . like the sun. Clean and dry . . . with no combustion odors to mix with the clothes.

Electric dryers are fast. You can dry a whole load of cottons in just 25 to 30 minutes. And all the "no-vent" dryers are electric. Your laundry stays clean, dry and comfortable, makes venting unnecessary.

You'll be amazed when your electric appliance dealer tells you how little it costs to own an electric dryer. Why not see about it soon?

Hospital Volunteers Win Praise from Rep. Church

"It is with gratitude that I attend this Northwest Community Hospital dedication, for it shows so clearly that the people of this area care about and will look after their own," declared Congresswoman Marguerite Stitt Church, speaking at the hospital site dedication ceremonies Sunday.

After her speech in which she highly praised the efforts of the forward-thinking workers who have made the hospital possible, the dedicatory benediction was spoken by the Rev. H. J. Rasmussen, pastor of St. Mark Lutheran church, Mt. Prospect.

* * *

N. M. LATTOF, president of the hospital board of trustees, asked other men prominent in the hospital project to join with him in the symbolic groundbreaking ceremonies.

Those so honored were Charles J. Walters, first president of the hospital board; John Bartizal, chairman of the hospital building committee; and Stuart Paddock, editor of Paddock Publications, each of whom preceded Lattof in turning over the traditional shovelful of dirt.

Introduced as guests of honor at the ceremonies were Louis Redeker, village president of Roselle; General Peter Schmick, of the 45th Anti-Aircraft Artillery Brigade, of the Arlington Heights Nike center; John Northcote, mayor of Rolling Meadows; Edward Carlisle, village president of Arlington Heights, and Martin Schreiber, village president of Barrington.

* * *

THE ARLINGTON high school choir of 100 voices, under the direction of Robert D. Wolff, performed. The drum and bugle corps and color guard of the 45th Anti-Aircraft Brigade marked the opening of the program.

In introducing Nicholas M. Lattof, chairman of the hospital board, Bartizal paid tribute to him as the one man whose energy and devotion and sacrifice has brought the hospital project to its successful status.

"Before long," Lattof told his listeners, "we shall gather here to lay the cornerstone of the hospital we so critically need. This is a significant day in our northwest suburban area, for today we dedicate the site and break ground for the hospital that we have hoped for and worked for so long.

"The success of this hospital effort is a demonstration of what can be accomplished by the united efforts of civic-minded citizens. This is a true demonstration of how free democratic people can do things for themselves, on their own initiative.

"With pride," Lattof concluded, "we can now look forward to the day when we shall surely have a most beautiful and a most modern hospital in our own area — only a few minutes from our homes."

* * *

MRS. CHURCH was generous in her praise of a community which would accomplish what this northwest area has accomplished in caring for its own needs in the face of rapidly-expanding population.

"My records show," Mrs. Church commented, "that this area is one of the fastest growing communities in America. From a population of just 200,000 a few years ago, this suburban area has grown to 350,000, and its 1967 population is forecast for approximately 600,000.

"It is indeed fortunate that we have men such as those meeting here today who will provide the energy and vision essential to the fulfillment of a need so great and so vital as the Northwest Community hospital.

* * *

"CONGRESSMEN have come to me in Washington and said, 'It is interesting the way your district is growing.' And after being here today, I can say that I am truly proud of the way in which it is growing. For this hospital dedication service has called for the blessing of the Lord, and is marked by the songs of high school young people who will one day be most grateful for the dedicated work of their elders who had the vision to bring about this community hospital."

The hosptial site dedication, which was under the direction of Charles H. Wilson, realtor, was planned to serve also as a send-off for the workers in the new extension canvass in which several hundred campaign workers will begin calls this week to raise a total of $331,000.

This sum will bring the hospital fund total to $2,250,000 and assure the area residents of a debt-free hospital operation. Workers will call primarily upon the new residents of the various communities in the Northwest area to give them an opportunity to participate in the hospital project. Calls will also be directed at businesses and industries which have become established in the northwest area during the past year. (AF

Q. Is it proper to say "Yes?" instead of "Hello," when answering the telephone?

A. Although "Hello" is the more widely accepted manner of answering the telephone, there's nothing wrong with saying "Yes?" The most important thing is a pleasant, friendly voice.

Q. How does a married woman sign her name to a telegram asking for hotel reservations?

A. She must include the "Mrs." with her name, so that the room clerk will know how to address her when she arrives.

Q. We are giving a buffet dinner, and I intend to set up card tables about the room to which our guests will take their food after helping themselves from the buffet table. Should the silverware be placed on the card tables, or on the buffet table?

A. It would be better to place the silver on the buffet table.

Q. May candles be used on the dinner table, even if they are not to be lighted?

A. Yes; candles are always correct on the dinner or supper table.

Never Made It

A home was prepared for Marie Antoinette in Maine, but she was executed before she could get to America.

THURSDAY, OCT. 31, 1957

LITTLE BILL says:
6¢ a load
is all you pay—
to dry the clean
electric way

An electric dryer does all this for just 6¢: 3 big bath towels, 6 hand towels, 2 sheets, 2 pairs shorts, 2 T-shirts, 5 pairs of socks, 3 pillowcases, 2 men's shirts. This average 8-lb. load will take only 25 to 30 minutes.

Nothing's faster, nothing's cleaner—
and electric dryers are completely automatic

COST?
ELECTRIC DRYERS
cost
$30 to $60 less
to buy
than any other kind

Just 6¢ to dry an 8-lb. load of clothes the electric way. And the electric way is the completely automatic way. No igniting devices to get out of order.

Clothes dried in an electric dryer have the good fresh smell of all outdoors, too. Electric heat is radiant heat . . . like the sun. Clean and dry . . . with no combustion odors to mix with the clothes.

Electric dryers are fast. You can dry a whole load of cottons in just 25 to 30 minutes. And all the "no-vent" dryers are electric. Your laundry stays clean, dry and comfortable, makes venting unnecessary.

You'll be amazed when your electric appliance dealer tells you how little it costs to own an electric dryer. Why not see about it soon?

THE BOLD LINES of Buick's 1958 styling are exemplified in the luxury and beauty of the Buick Special, the big volume seller in the Buick line. Dual headlights and a dazzling new grille add breadth and lowness to the front end design. The Special, which is mounted on a 122-inch wheelbase, boasts new and bigger brakes, and exquisite new interiors that complement the glamorous exterior colors. The new miracle air ride and either variable pitch or the revolutionary flight pitch Dynaflow are optional equipment on the Special series which comes in seven models.

Hospital Volunteers Win Praise from Rep. Church

"It is with gratitude that I attend this Northwest Community Hospital dedication, for it shows so clearly that the people of this area care about and will look after their own," declared Congresswoman Marguerite Stitt Church, speaking at the hospital site dedication ceremonies Sunday.

After her speech in which she highly praised the efforts of the forward-thinking workers who have made the hospital possible, the dedicatory benediction was spoken by the Rev. H. J. Rasmussen, pastor of St. Mark Lutheran church, Mt. Prospect.

* * *

N. M. LATTOF, president of the hospital board of trustees, asked other men prominent in the hospital project to join with him in the symbolic groundbreaking ceremonies.

Those so honored were Charles J. Walters, first president of the hospital board; John Bartizal, chairman of the hospital building committee; and Stuart Paddock, editor of Paddock Publications, each of whom preceded Lattof in turning over the traditional shovelful of dirt.

Introduced as guests of honor at the ceremonies were Louis Redeker, village president of Roselle; General Peter Schmick, of the 45th Anti-Aircraft Artillery Brigade, of the Arlington Heights Nike center; John Northcote, mayor of Rolling Meadows; Edward Carlisle, village president of Arlington Heights, and Martin Schreiber, village president of Barrington.

* * *

THE ARLINGTON high school choir of 100 voices, under the direction of Robert D. Wolff, performed. The drum and bugle corps and color guard of the 45th Anti-Aircraft Brigade marked the opening of the program.

In introducing Nicholas M. Lattof, chairman of the hospital board, Bartizal paid tribute to him as the one man whose energy and devotion and sacrifice has brought the hospital project to its successful status.

"Before long," Lattof told his listeners, "we shall gather here to lay the cornerstone of the hospital we so critically need. This is a significant day in our northwest suburban area, for today we dedicate the site and break ground for the hospital that we have hoped for and worked for so long.

"The success of this hospital effort is a demonstration of what can be accomplished by the united efforts of civic-minded citizens. This is a true demonstration of how free democratic people can do things for themselves, on their own initiative.

"With pride," Lattof concluded, "we can now look forward to the day when we shall surely have a most beautiful and a most modern hospital in our own area — only a few minutes from our homes."

* * *

MRS. CHURCH was generous in her praise of a community which would accomplish what this northwest area has accomplished in caring for its own needs in the face of rapidly-expanding population.

"My records show," Mrs. Church commented, "that this area is one of the fastest growing communities in America. From a population of just 200,000 a few years ago, this suburban area has grown to 350,000, and its 1967 population is forecast for approximately 600,000.

"It is indeed fortunate that we have men such as those meeting here today who will provide the energy and vision essential to the fulfillment of a need so great and so vital as the Northwest Community hospital.

* * *

"CONGRESSMEN have come to me in Washington and said, 'It is interesting the way your district is growing.' And after being here today, I can say that I am truly proud of the way in which it is growing. For this hospital dedication service has called for the blessing of the Lord, and is marked by the songs of high school young people who will one day be most grateful for the dedicated work of their elders who had the vision to bring about this community hospital."

The hosptial site dedication, which was under the direction of Charles H. Wilson, realtor, was planned to serve also as a send-off for the workers in the new extension canvass in which several hundred campaign workers will begin calls this week to raise a total of $331,000.

This sum will bring the hospital fund total to $2,250,000 and assure the area residents of a debt-free hospital operation. Workers will call primarily upon the new residents of the various communities in the Northwest area to give them an opportunity to participate in the hospital project. Calls will also be directed at businesses and industries which have become established in the northwest area during the past year. (AF

Q. Is it proper to say "Yes?" instead of "Hello," when answering the telephone?

A. Although "Hello" is the more widely accepted manner of answering the telephone, there's nothing wrong with saying "Yes?" The most important thing is a pleasant, friendly voice.

Q. How does a married woman sign her name to a telegram asking for hotel reservations?

A. She must include the "Mrs." with her name, so that the room clerk will know how to address her when she arrives.

Q. We are giving a buffet dinner, and I intend to set up card tables about the room to which our guests will take their food after helping themselves from the buffet table. Should the silverware be placed on the card tables, or on the buffet table?

A. It would be better to place the silver on the buffet table.

Q. May candles be used on the dinner table, even if they are not to be lighted?

A. Yes; candles are always correct on the dinner or supper table.

Explain Traffic Signal Changes

Traffic signals at Arlington Heights busiest intersection — State rd. and Northwest hwy. — were changed Monday to give northbound motorists more time to clear the railway tracks.

The change involved only the signals on the northwest and southeast corners. The signal on the southeast corner, at Hill-Behan Lumber co. building, now goes red immediately after the train trips a trackside signal.

* * *

MOTORISTS WHO are approaching the tracks from the south are to obey the signal at the Hill-Behan corner. But motorists who have already started across the tracks are to obey the signal on the northwest corner of the intersection, near the Sterling service station.

The signal on the Sterling corner remains green for 11 seconds after the Hill-Behan signal goes red, in order to allow northbound drivers plenty of time to clear the tracks.

* * *

IN OTHER WORDS, said signal adjuster Ernie Peterson of Moline:

"Don't pay any attention to the signal on the Sterling station corner if you can see the lights on the Hill-Behan corner.

"But obey the Sterling corner signal if you have started across the railway." (AF

Midwest Model Railmen to Meet

Palatine will be the smallest community ever to host a meeting of the Midwest region of the National Model Railroad association in its 10 year history.

More than 200 members are expected to gather at Palatine township high school at 8:30 a.m. Saturday for the meeting which will have 4 technical sessions, a banquet luncheon and 7 special events.

Charles C. Love, Palatine, club secretary, said he has already received well over 100 acceptances, including 29 from members of the host Northwest Cannonball model railroad club. Also included are reservations from Iowa, Wisconsin, Indiana, and Michigan, as well as Illinois.

* * *

THE AUGUST BLAST in the Palatine park district field house ruined the Cannonb[illegible] club['s] model track layout, but members have come up with several excellent portable layouts for use in the high school.

The 6-hour meeting will include a race to determine the fastest locomotive and caboose, who has the freest wheeling freight car, a hill climbing test, a 100-car train pull, a draw-bar pulling contest, the funniest car or locomotive model, and a model exhibit.

* * *

CANNONBALL members from Palatine who will be present Saturday include J. W. Christensen, Richard deBerard, James Garard, Charles Logie, Charles W. Love, Frank McNellis, John Nelson, Victor Patskowski, Gordon Renneberg, Robert Speed, Clark Thorpe, Dennis Wessel, and Wilbert Wessel.

Arlington Heights members include Richard Faitz, Herman Hahn, George Hahn, Carl Hahn, club president Thomas Heer, Warren Lippert, Eugene Loughren, Harold Pattock, Paul Richter, Larry Schroeder, and George Thompson.

MT. PROSPECT will have Oliver D. Anderson and William Elmlund attending. Frank Saville will be at the meeting Saturday. He's from Barrington.

BENSENVILLE will be represented by Frank Carroll and Roselle by Robert Morzyn. (B-12

languages so artistically interpreted that each shading of emotion was clearly understood.

From the barely audible crooning of Yiddish philosophy or the graceful soaring of the Spanish swallow, the spirit of each song was faithfully presented. Tempo, rhythm, mood, accent and an unbelievable tonal range and controlled intensity brought each folk song into reality with satisfying completeness.

languages so artistically interpreted that each shading of emotion was clearly understood.

From the barely audible crooning of Yiddish philosophy or the graceful soaring of the Spanish swallow, the spirit of each song was faithfully presented. Tempo, rhythm, mood, accent and an unbelievable tonal range and controlled intensity brought each folk song into reality with satisfying completeness.

'Desk Set' is Huge Success

By actual count, 1131 persons attended and by infallible hearsay, the same number thoroughly enjoyed the delightful comedy "Desk Set."

Produced by the Village Theatre and sponsored by the PTA, the play was presented at 3 performances last Thursday, Friday and Saturday evenings.

Mrs. Harold King, PTA event chairman, attributes this unprecedented success to the fine cooperation of every member of Village Theatre, her hard-working committee, the ways and means representatives from each school, and room mothers who sold the tickets.

Besides Mrs. King as general chairman, the committee consisted of Mrs. Guy McMillan, tickets; Mrs. Leslie Gleason, refreshments; Mrs. William Erwin, hospitality and Mrs. Gordon Martin, publicity.

poll of the audience verified the favorable reaction of the audience. One group of members emphasized the possibilities of spreading international good will through more widespread study of folk music and student exchange.

On November 10, Community Concerts will present the duo piano concert of the Teltschiks.

Village Theatre 'Hit' Launches Ninth Season

by CHARLES HAYES

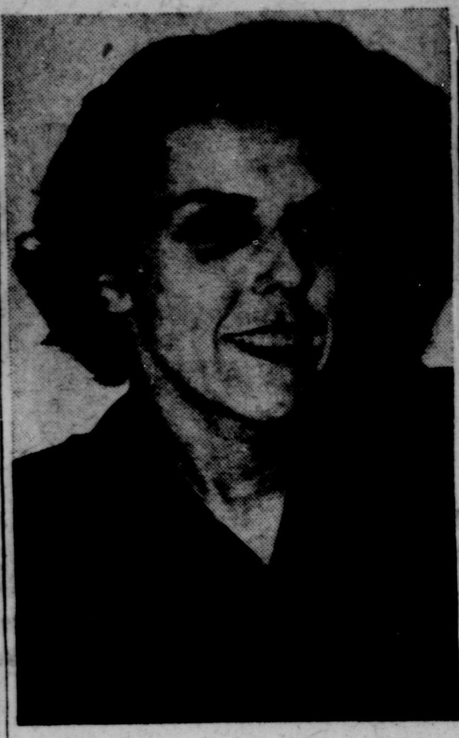
Community theatre in Arlington Heights has come of age.

Any doubts were dispelled last weekend. with the opening of Village Theatre's ninth season.

Capacity audiences hailed 3 performances of a slick, fast-paced production of William Marchant's comedy, "The Desk Set," under auspices of Arlington Heights PTA.

We saw the play on its final night and enjoyed it more than the original version which featured Shirley Booth. Supporting players, on the whole, were superior to the downtown cast, and Ruth Raasch more than held her own in the leading role.

Designed as a starring vehicle for Miss Booth (and later as a film for Katherine Hepburn), "The Desk Set" is not a strong play. It has a tendency to drag, become over wordy, and frequently sacrifices good theatre in order to spotlight the leading lady.



MARIAN MALCOLMSON

RUTH RAASCH

These weaknesses — so evident in the Loop production for which Shirley Booth won the Sarah Siddons Award — were not apparent in the Village Theatre production.

For this, credit is due to expert direction by Marian Malcolmson.

* * *

JUDICIOUS cutting, particularly in the over-long drunk scene, considerably increased the play's pace. Careful selection of supporting players provided "The Desk Set" with the best complete cast of any recent Village Theatre production.

The play's action takes place in the reference department of a New York radio and television broadcasting company. Department head Bunny Watson and her assistants, Sadel Meyer, Peg Costello, and Ruthie Saylor, are threatened with losing their jobs when the vice president's nephew, Richard Sumner, installs EMMERAC, an electronic brain.

In addition to competition between the "human element" and modern business science, there's the romantic interest between Bunny and her boss, Abe Cutler.

* * *

RUTH RAASCH, as Bunny, repeated her success of "Sabrina Fair." Sporting a stunning (though sadly temporary) hairdo of silver grey, Mrs. Raasch again demonstrated her value as one of Village Theatre's greatest assets.

Here's a woman with a genuine flair for comedy, one who is skilled enough to handle her role with a professionalism and restraint seldom encountered in community theatre.

Village Theatre must certainly continue to make full use of this talent.

* * *

BOB HAWLEY, the theatre's perennial anchor man, carried with ease the difficult role of the supercilious nephew. Once again, he proved his worth as Village Theatre's top leading man.

Barbara Houskeeper and Kay Hawley did exceptionally good jobs as office girls.

Mrs. Houskeeper was a particularly pleasant surprise in her characterization of Sadel Meyer. The last time we saw her was in the ill-fated production of "Angel Street," which obviously was no example of what real talent this young lady possesses.

Among Village Theatre's new faces was Judy Jo Cox — and WHERE has she been hiding? Here's an attractive gal who exhibited a potential flair for comedy. And even if she couldn't act (which she can), she'd be an asset for any stage.

* * *

JANE MILLER, who scored as the lead in "Sabrina Fair," hit another bullseye as the prissy Miss Warriner, keeper of the brain, who fluttered and fussed about EMMERAC, dutifully protecting it from dirt and detraction.

An interesting interval was provided in the second act with the entrance of Randy Moses, type cast (?) as Elsa, the power-packed secretary's secretary. Sheathed in a questionable black crepe creation, she slunk onstage with the look of a hungry huntress and emitting sexy growls that had half the audience wriggling in their seats. Fortunately, Mr. Moses was also on stage — as the Man in Shirt-Sleeves — another example of judicious casting?

Responsible for the electronic brain's wild blinking and gutteral noise-making were Don Roberts, Charles Linde, and Ray Hula with assistance from an adviser of the IBM corp.

"THE DESK SET" added up to an evening of fun. And it was a particularly gratifying experience for this reviewer, who had been critical of Village Theatre productions in past seasons, to note that last year's "new look" has become firmly attached to the group's fresh approach in providing northwest suburbs with first class community theatre.

Junior Women Give Halloween Masks And Hats to Kids

Arlington Heights Junior Womans Club orphanage committee began its busy season by designing 50 Halloween masks and hats.

The masks, along with bags of Halloween candy, were sent to all the children in the nursery department of Christopher House, a neighborhood settlement in Chicago. Delivered to the Community School for Retarded Children in Rolling Meadows were the candies and comic hats.

Mrs. E. W. Gebhardt, 1416 W. Fremont, Arlington Heights, chairman of the committee, directed the work and arranged for its distribution.

Sheathed in a questionable black crepe creation, she slunk onstage with the look of a hungry huntress and emitting sexy growls that had half the audience wriggling in their seats. Fortunately, Mr. Moses was also on stage — as the Man in Shirt-Sleeves — another example of judicious casting?

Responsible for the electronic brain's wild blinking and gutteral noise-making were Don Roberts, Charles Linde, and Ray Hula with assistance from an adviser of the IBM corp.

"THE DESK SET" added up to an evening of fun. And it was a particularly gratifying experience for this reviewer, who had been critical of Village Theatre productions in past seasons, to note that last year's "new look" has become firmly attached to the group's fresh approach in providing northwest suburbs with first class community theatre.

Junior Women Give Halloween Masks And Hats to Kids

Arlington Heights Junior Womans Club orphanage committee began its busy season by designing 50 Halloween masks and hats.

The masks, along with bags of Halloween candy, were sent to all the children in the nursery department of Christopher House, a neighborhood settlement in Chicago. Delivered to the Community School for Retarded Children in Rolling Meadows were the candies and comic hats.

Mrs. E. W. Gebhardt, 1416 W. Fremont, Arlington Heights, chairman of the committee, directed the work and arranged for its distribution.

HELP! HELP! HELP!

I need 1 or 2 good men who are either now in the real estate and building business or who wish to go into it to help me get things done. Where? Why down in Florida! Where else with winter coming? I have had a nice office up here for years and am now about to open a very prominently located office in Florida on one of the most heavily traveled highways with some of the most attractive and desirable property to build upon and sell in the whole state. Not being a young man any more—I need men with ambition as well as vision and the desire to work. But these men must have some visible assets to prove they know how to work and save. I own this property, can get almost unlimited publicity to aid in selling but—like my headline reads—I need HELP—HELP—HELP. If interested please write me a letter, in confidence, stating WHAT you can do, WHY you want to go to Florida, WHAT you have been or are NOW doing and HOW soon you can leave. Also HOW you think you can help me. I'll treat your answers in the highest respect—and if we can get together, you'll have the opportunity to make plenty of money, get more real enjoyment out of life than you ever thought possible and be thankful for the day you saw and answered this advertisement. HELP! HELP! HELP!

I need 1 or 2 good men who are either now in the real estate and building business or who wish to go into it to help me get things done. Where? Why down in Florida! Where else with winter coming? I have had a nice office up here for years and am now about to open a very prominently located office in Florida on one of the most heavily traveled highways with some of the most attractive and desirable property to build upon and sell in the whole state. Not being a young man any more—I need men with ambition as well as vision and the desire to work. But these men must have some visible assets to prove they know how to work and save. I own this property, can get almost unlimited publicity to aid in selling but—like my headline reads—I need HELP—HELP—HELP. If interested please write me a letter, in confidence, stating WHAT you can do, WHY you want to go to Florida, WHAT you have been or are NOW doing and HOW soon you can leave. Also HOW you think you can help me. I'll treat your answers in the highest respect—and if we can get together, you'll have the opportunity to make plenty of money, get more real enjoyment out of life than you ever thought possible and be thankful for the day you saw and answered this advertisement. YOUR JEWEL KNOWS YOU WANT TO SERVE ONLY THE BEST QUALITY MEAT to your family. That's why Jewel meat buyers are so fussy when they go shopping for meat for you. In fact, of all the cattle that come into Chicago, only one out of every three is good enough for Jewel—and you!

Your Jewel market manager is fussy too. He's not satisfied until he gives each package a final check. In the case of round steak he makes certain each steak is trimmed the Jewel way—no more than 1/4" fat on any part of the steak.

Correcting Injustice Through Prayer

Two men, one from Seattle, Wash, and the other from Los Angeles, Calif., tell how they were able to eliminate injustice from their experience through gaining a practical understanding of the law of God, divine Love, on the regular Sunday television series, "How Christian Science Heals," seen on Channel 7 at 9:45 a.m.

The radio program of the same name can be heard over Station WAIT at 8:30 a.m., and Station WNMP at 9:15 a.m. each Sunday. The title of the program this week is, "A Vital Decision," in which a Florida woman describes how deciding to turn completely to God for help healed a hand she injured severely in a washing machine wringer.

Correcting Injustice Through Prayer

Two men, one from Seattle, Wash, and the other from Los Angeles, Calif., tell how they were able to eliminate injustice from their experience through gaining a practical understanding of the law of God, divine Love, on the regular Sunday television series, "How Christian Science Heals," seen on Channel 7 at 9:45 a.m.

The radio program of the same name can be heard over Station WAIT at 8:30 a.m., and Station WNMP at 9:15 a.m. each Sunday. The title of the program this week is, "A Vital Decision," in which a Florida woman describes how deciding to turn completely to God for help healed a hand she injured severely in a washing machine wringer.

Folk Singers Open New Community Concert Series

by HAZEL PETERSEN

An exciting adventure in international friendship and understanding was the experience of those who attended the opening presentation of the Community Concert series Sunday.

Two charming young artists, Frances Archer and Beverly Gile, proved their ability to enchant an audience and to carry ones' thoughts away on a magic carpet of simple song to the far-away places and times of original folk music.

Dedicated to the study of folk music of many lands Archer and Gile specialize in the interpretation of the soul of different peoples and their customs through their folk songs.

"The Lord is my light and my salvation; whom shall I fear? the Lord *is* the strength of my life; of whom shall I be afraid?"

Find the strength for your life...

WORSHIP TOGETHER THIS WEEK

"I have never known a man to have faith in himself," goes an American adage, "unless he *first* has faith in God."

It takes such courage to face life . . . greater courage than any of us has alone. It takes such strength to accept success humbly, to overcome setbacks . . . greater strength than any of us has alone.

And yet the world is full of unacclaimed heroes and heroines . . . men and women who have, in the course of their lives, faced seemingly insurmountable obstacles and griefs. Faced them, and conquered them. If they were the kind of people who *talked* about themselves, they'd tell you . . . "I never could have done it without the help of God."

The strong Faith they called on to help them can be yours. Build such a Faith for yourself. Make it the firm foundation of your family's security and happiness. Begin this week to worship together at your Church or Synagogue. *There* you'll find the strength for your life.

Folk Singers Open New Community Concert Series

by HAZEL PETERSEN

An exciting adventure in international friendship and understanding was the experience of those who attended the opening presentation of the Community Concert series Sunday.

Two charming young artists, Frances Archer and Beverly Gile, proved their ability to enchant an audience and to carry ones' thoughts away on a magic carpet of simple song to the far-away places and times of original folk music.

Dedicated to the study of folk music of many lands Archer and Gile specialize in the interpretation of the soul of different peoples and their customs through their folk songs.

"The Lord is my light and my salvation; whom shall I fear? the Lord *is* the strength of my life; of whom shall I be afraid?"

Find the strength for your life...

WORSHIP TOGETHER THIS WEEK

"I have never known a man to have faith in himself," goes an American adage, "unless he *first* has faith in God."

It takes such courage to face life . . . greater courage than any of us has alone. It takes such strength to accept success humbly, to overcome setbacks . . . greater strength than any of us has alone.

And yet the world is full of unacclaimed heroes and heroines . . . men and women who have, in the course of their lives, faced seemingly insurmountable obstacles and griefs. Faced them, and conquered them. If they were the kind of people who *talked* about themselves, they'd tell you . . . "I never could have done it without the help of God."

The strong Faith they called on to help them can be yours. Build such a Faith for yourself. Make it the firm foundation of your family's security and happiness. Begin this week to worship together at your Church or Synagogue. *There* you'll find the strength for your life.

Current Status of Cancer Topic for Illinois Parley

A look at the current picture of the American Cancer Society's role in cancer control will be the theme of the annual conference of the Illinois division.

More than 400 leaders in the state program are expected to attend the meeting in Chicago on November 7 and 8.

* * *

VICTOR BEDINGFIELD, Arlington Heights, the newly elected chairman of the Northwest Suburban chapter, said that several representatives from this area will attend the meeting to be held at the Drake hotel.

Through this review ACS volunteers will gain a more comprehensive view of the future plans of the organization as a whole and its part in the overall cancer control program.

Keefer's Pharmacy **Prescription News**

A message from J. T. Keefer, "Your Pharmacist"

NOVEMBER IS TRADITIONALLY THE MONTH when all of us count our blessings and give thanks for them.

DO YOU REMEMBER how seriously sick patients would be? Day after day, sometimes for months, the doctor would have to call and, finally, the fortunate ones who survived would have to spend much sickness time recuperating. Medical, hospital and drug bills would cost hundreds of dollars.

NOW, MORE LIVES ARE BEING SAVED. A few visits from a physician and, within days instead of months, the patient is usually as good as new again.

REMEMBER THOSE KIDNEY INFECTIONS that used to make permanent invalids out of so many people? Your physician now prescribes one of the new sulpha combinations that cost just a few dollars, and sometimes overnight a cure is accomplished.

WE ARE THANKFUL that we now have many important new medicines that can be depended upon to help you more than ever before. We are grateful that our profession of pharmacy permits us to work for your better health.

Cards in Grid Finale at Glenbard Saturday

KICKIN' IT AROUND

by BOB PADDOCK

ONLY 5 POINTS separated Arlington from a 6-1 varsity football record at this point of the season instead of the 4-2-1 on the record books. World is filled with second guessers, but this reporter knows that if those 5 points could have gone the other way, Heights would be in second place instead of fourth in the WSC, right behind Maine, without a doubt the top team in the league. Coach "Bus" Ormsbee acclaims this year's team "most outstanding club since I came to Arlington 9 years ago" and we're inclined to agree with him.

This year's seniors gained a reputation of not being afraid of contact sports as freshmen 3 years ago, and that thought is continuing when the boys talk about how they hope to play football in college next fall.

Many a fan has asked this department why Arlington wasn't winning more games in basketball and football in years past, fans who refused to accept the notion other WSC schools place more emphasis on some sports. They easily forget the state cross country and track titles of LaGrange, the outstanding tennis at Hinsdale and LaGrange, the top notch golf. At 1 time this season 3 West Suburban league schools were among the top 15 grid squads of the suburban area, with the much larger Suburban league holding only 2 spots.

We like to think the most important phase of winning football and basketball is love for the game, willingness to work and give up other easier activities ,and not being afraid of contact. Our hat is doffed to this year's football team at Arlington with the hope future Cardinals will carry on where this year's team almost left off.

◆

DAD'S NIGHT CROWD was acceptable for bad weather, but total receipts for the season at Arlington football games was down $700 from last year's record setting $7,403.65 . . . Heights stands second in the WSC in football receipts, with Maine in the lead . . . These 2 schools are the only ones with lights for football . . . Heights JV gridders finished their season on a 5-3 note, the best in years . . . It was the first time a JV squad has been operated as a separate unit at Heights, with its own coach, practicing as a unit, etc. . . . Coach Ted Wissen is to be congratulated.

If the frosh-sophs can win against Glenbard Saturday it will mean all 4 Heights teams will be in the first division of the WSC for the first time in any fall.

Cardinal varsity gridders were dinner guests of the Arlington VFW Wednesday night, as part of the veterans' youth program . . . Managers and varsity cheer leaders were included with movies of last year's Northwestern-Purdue game being shown as part of the evening program . . . Superintendent H. L. Slichenmeyer and athletic director Wally Grace were interviewed on WTAQ between halves of the LaGrange game . . . WTAQ, by the way, is not granted permission to cover home games of the Lions, probably because of the dig into already small daytime gate receipts.

Arlington frosh-soph cross country squad had 3 27-28 scores this year, losing to Maine and undefeated Palatine, but edging York.

This was the first year the frosh-soph harriers were run separate from the varsity, and Coach Bob Meissner did an outstanding job . . . Varsity coach Russ Attis has had to handle the entire job himself in the past . . . Young Cards stand 3-2 in the conference, and 3-3 overall to date, having whipped R-B and Hinsdale and lost to LaGrange.

◆

BASKETBALL starts to take over on the high school and college front this coming week with Larry Wyllie of Downers expected to make a strong bid for a varsity position at Northern Illinois . . . Participating in youth fitness conference at Northern Illinois last week was Fred Biester, Glenbard principal and a member of President Eisenhower's advisory committee on youth fitness . . . Bloom will dedicate its new gymnasium Nov. 30 . . . Bloom, by the way, needs a new grid lighting system, with worn insulation creating possibility of an explosion in a storm . . . Cost of replacement is about $50,000, which might mean a return to daytime football at the Chicago Heights school.

On frosh football squad at Northwestern are John Walbaum of Barrington at quarterback, Dave Obrecht of Glenbard at fullback and Dick Soderberg of LaGrange at guard.

Dick Pond of Glenbard and Ron Long of Mooseheart are among the better cross country men at Indiana . . . Pond covered the mile Notre Dame course in 18:12 in the Hoosiers' opening meet, finishing third . . . Jim Summers of Arlington is currently listed No. 3 halfback for Bradley . . . Fund for education of children of Illini Rose Bowl captain Mac Wenskunas, killed in an auto accident Aug. 3, has reached almost $9,000 . . . Still showing well with Northern's undefeated harriers are John Kilcullen of Maine and Bill Schram of York . . . Among starters for Northern against Normal Saturday were Herb Ward of Ela at center and John Zobus of Glenbrook at tackle.

◆

OUR BOWLING BALL is tipped to Al Winter, newly elected president of Paddock Classic Traveling league, who survived eliminations at Northbrook Saturday and Sunday to make the All-Star bowling tournament. Former president of the Chicago Classic league, and with a team entered in the North End traveling league in the city, Al keeps busy with that bowling ball as well as earning an electric sign living.

Al was the driving force with Tom Kouros in organization of the Paddock Classic league, the first loop around the suburban area to give top notch suburban keglers year 'round competition against high average teams.

Al was a double winner Saturday. While he was surviving the eliminations for the all-star tournament to be held at Minneapolis in January he was also selected head man of the local traveling loop, then completing its second position night at Jeffery Lanes in Wheeling. Many keglers have seen Al handle the Paddock Publications Inter-League Handicap bowling tournament with ease, keeping everything in line for 320 bowlers last January.

This time the tourney will be held at Bensenville Bowl Jan. 11 and 12, the same days that Al will be competing in the all-star event.

At any rate, we wish Al all the luck in the world in the big tournament, and congratulate him on being one of the 2 suburban bowlers selected from 21 hopefuls for the meet.

◆

AL SCHOENBACH of York who suffered a mild concussion against Central Michigan was out of the hospital Wednesday and played Saturday against Normal for Northern . . . Scheduled to officiate in the approaching CYO boxing tournament in Chicago are George A. O'Connell, Jr., and John Dolce, both of Palatine . . . We just realized Los Angeles Dodgers will be training in Florida come February . . . Don't they have any pride? . . . Kansas State cagers will average 6-6 this year, led by 6-9 Jack Parr, who made 47% of his shots last season.

Illini footballer played semipro baseball at Moose Jaw, Saskatchiwan, Canada, last summer.

York grad Jack Falter, captain-center for Iowa State, recently tallied his first touchdown when he pounced on a Missouri fumble in the end zone . . . LaGrange high's intramural basketball program has had 39 teams competing . . . Permitted by the WSC, the programs in operation at all of the schools gives all boys the opportunity to play basketball, including the varsity hopefuls not out for football.

Sophs Must Win to Regain 1st Division Spot

Injuries to several boys, plus a loss of interest in football on the part of 2 or 3 boys, are making Arlington frosh-soph grid mentor Bill Beckman consider several changes in that starting lineup against Glenbard Saturday afternoon.

Fans will possibly see Dan Striegel at center Saturday, plus Phil Shaw at tackle. Other new faces at new positions are also possible in the struggle by the young Cardinals to stay near the top in WSC play. Hinsdale knocked off Maine this past weekend, which meant frosh-soph victory instead of defeat either against Downers or LaGrange could have meant the locals would still be in contention for top honors going into the season finale.

* * *

JOHN LOPATA suffered a torn ligament in his knee against LaGrange, and won't be seen against Lombard. Rick Johnston is still hurting with a cracked rib and may not be called upon Saturday. Center Dick Goeltz recently suffered a cracked rib, but is expected to be ready for action against the young Bards.

One boy who wouldn't stay down is Bob Owen, who suffered 2 cracked ribs against Maine but has been playing good ball in spite of this handicap. George Bork suffered a severely lacerated lip against LaGrange, but is expected to be well again for Glenbard.

* * *

THE HOSTS, like Arlington, looked sharp early in the season but have slipped in recent weeks. They have in Chandler, an excellent passer; Clark, a good halfback; and a good size line. Glenbard has whipped Hinsdale and RB; and stands in fifth place.

Gene Dahlquist, Mike Dundy, Bob Owen, Art Nyblin and Bruce Fichte all gave good accounts of themselves against LaGrange. Dahlquist is the most improved player on the team, particularly the last 2 games at quarterback. Several of the WSC soph squads have moved the better freshmen up the past 3 weeks, and Glenbard can be expected to do the same.

* * *

ARLINGTON HAS operated the long run policy of freshmen staying with their 'A' and 'B' squads to give more competition to the boys. LaGrange, on the other hand, used 5 freshmen against Heights, including 195-pound Johnson, regular fullback; and Krohn, regular tackle.

Downers has been doing the same, with its quarterback, tackle, offensive and defensive halfbacks all freshmen. (Sp

A 300 GAME, the dream of all bowlers everywhere, became a reality Monday night for Walter Krupa, 2303 Bluebird Lane, Rolling Meadows, a 149 average kegler. Walter rolled the perfect game in Rolling Meadows Men's league competition at Gunnell's Lanes, the first 300 league game recorded in this area for a good many years.

Averaging 149 for the season, Walter rolled 126-169-300 for a 595 series as he bowled with his Mayfair Rug teammates. He has been bowling several years, but hadn't been in a league until moving to Rolling Meadows from Chicago. Walter is 31 and will start the road to his second 300-game next Monday in regular league play.

21 Seniors Play Final Football For Arlington

Twenty-one seniors will have their last chance to play football for Arlington Saturday afternoon at Glenbard in the final contest of the season for the Cardinals. Fourteen of these boys have already earned letters and will lead the way in what is hoped will be the final victory of the year.

Glenbard hadn't won a game until last weekend when the Bards became inspired and knocked off York. That enthusiasm will undoubtedly carry over to give Heights a rough tumble that could turn in to a surprising defeat for the locals unless they are up for the game.

* * *

TOMMY THOMPSON is one of the outstanding Bards leading the revival. He stands 6-4, weighs 215, and has been doing an outstanding job at end. Hancock does most of the running from his halfback position for the enemy. He was hurt a few weeks back, but appears completely recovered now.

Glenbard has a large club that lacks the speed to take advantage of the size. Bards miss all-state quarterback Bill Biederman of last season, though this year's field general is a good passer.

Win or lose, final standings of the conference won't be affected, but the locals could suffer a loss of prestige in this encounter if they aren't careful.

* * *

ARLINGTON did an outstanding job against LaGrange but weakened the final quarter to lose on what was ironically the only completed pass of the game. That toss was good enough for a 30-yard TD the third quarter, putting the visitors within 3 points of the Cardinals. It was a big help when LaGrange scored again the final period to win.

Last period letdown against LaGrange was due to lack of strength, not missed defensive assignments. Cardinals couldn't keep stopping the very capable running of Ed Meyer, LaGrange fullback. Squad was alert, had the desire, and played another outstanding game against a team that has yet to suffer a football defeat by Heights. (Sp

TOM KENNICOTT was expected to bear his share of the load of the football team at Arlington this fall, after his outstanding work as offensive guard and defensive end a year ago. Injuries from various sources, however, prevented his suiting up this time.

Tom's desire to be as close as possible to the game made him one of Coach "Bus" Ormsbee's most valuable field managers, keeping statistics and doing other tasks required of him. He's shown here fixing a helmet while Coach Ormsbee looks on.

Arlington's varsity harriers lost to LaGrange 25-31 but whipped Palatine 20-42 this past week.

Osterling won the event for LaGrange in 10:02, 5 seconds ahead of Marks. Other finishers in the money for the Lions were Dunning 4th, Titus 5th, Wooledge 6th and Luscombe 9th.

DAN KUSEK won the dual for Palatine, followed by Ron Marks 2nd, Ken Courter 3rd, Alan Hutchinson 4th, Bob Taggart 5th and Bill Dodge 6th for Heights.

Arlington Frosh Defeat La Grange

Arlington's freshman 'A' gridders won another ball game to conclude their season Monday, disposing of LaGrange, 12-7.

Yearlings scored in the first and second quarters, with Halvorson carrying the ball on the final 5 and 2 yard plays for the TD's. Petrosino also scored on a 60-yard jaunt, but his dash was called back because of clipping.

Arlington showed a lot of hustle against the Lion cubs, with the last quarter played in almost complete darkness. Losers scored in the final period on a 30-yard dash through the middle. (Sp

Kouros Hits 650, Glass 635 In Paddock Classic Bowling

Position night at Jeffery Lanes in Paddock Classic Traveling league meant Hi-Way Recreation could extend its margin over the rest of the field, and the Palatine keglers did just that. Hi-Way hit 923 twice to cop 2 of 3 games from Des Plaines, upping its lead to 1½ games. Len Koelper of Hi-Way was high man for the leaders with 609.

Host Jeffery extended its margin ahead of fourth place Victor Electric to 2 games, tripping the Gunnell fivesome with 940, then soaring to 1010 to offset the visitors' 971. John Glass of Jeffery hit 222 and 227 for a 635 series.

Ward Siewert of Beverly attempted to move a bit closer to that magic 200 average, but faltered to 574 in spite of a 223 game as his mates dropped two games to Barrington Ten Pin. Tom Kouros set a new individual series mark for Beverly with a 650. Ten Pin won the opener 996-978, took the second 977-951, but lost the third. Leroy Papineau was tops for Barrington with 610.

Winter Sports Start

3 Lettermen Report Friday For Basketball

November 1 may mean "get ready for hunting" to a lot of red-blooded American boys in these parts, but to high school coaches and athletes it means the start of basketball.

First practice at Arlington high school, as well as other schools in the West Suburban conference, will be held Friday, Nov. 1, with opening game for the Cardinals scheduled for Friday night, Nov. 15, at Woodstock. Locals will meet Palatine and Elgin in other non-league encounters before opening the conference slate against Riverside-Brookfield.

* * *

THREE LETTERMEN are expected to lead the way for Coach Frank Bohac, newly elevated to varsity coaching position at Arlington. Frank mentored the frosh-soph squad last year. Working with him will be Dick Kinneman, JV coach; Ken Schaller, frosh-soph mentor; Ted Wissen, the freshmen, assisted by Edward Aldrich.

Some of the candidates for the various teams will wait until Wednesday, Nov. 6, to report, after final meeting of football players the day before.

* * *

LEAGUE PLAY should be spirited this year. Maine has its entire first 5 back, Hinsdale will have its 2 leading scorers returning, Downers has some tall lettermen who make 6' look small. Every team has a nucleus of a good team returning, with 3 of the first 5 back at Heights. Actually, only 1 of the top scorers in the league is gone, Tom Jacobsen of Arlington.

Coach Bohac is enthusiastic about the approaching season, and is expecting a squad of boys with a lot of interest and desire. Several boys from last year's JV team are expected to be a big help, including Alan Hutchinson, Bob Mors, John Anderson and Dan Borgen.

There are also several juniors up from the frosh-sophs of last year who could be a big help, along with returning lettermen.

Varsity and soph squads will work out in the boys' gym Friday, while the freshmen will *practice in the girls' gym.* (Sp

3 Wrestling Teams This Year At Arlington Hi

First call for wrestlers at Arlington and Prospect high schools will be issued next week with the freshmen meeting Coach Maurice Ross at Prospect high Tuesday after school, the varsity candidates listening to Coach Dick Mudge Wednesday and the sophomores meeting Coach Harold Henson Wednesday.

Varsity and sophomore hopefuls will all meet at Arlington high school. All practices for all 3 teams will be held at Arlington high gym for the present, until facilities are completed at Prospect, possibly sometime in January.

* * *

THIS YEAR for the first time there will be 3 distinct setups in wrestling. There will be 3 teams, each with its own coach and schedule. Eight matches are already planned for the freshmen, with a couple more possibly added later.

Varsity and frosh-sophs will have 12 duals, the Waukegan holiday invitational tournament, plus a quadrangular invitational at New Trier. Climax of the season of course, will be the state finals at Arlington high school next spring, after district and sectional eliminations are held. Increased interest and participation in wrestling has made the district tournament necessary for the first time.

INITIAL meeting for the freshmen will be held at Prospect high school, but workouts will be held in the foyer of the gym at Arlington as before until facilities at Prospect high school are completed. (Sp

Bears, Cardinals Win Hts. Midget

Bears and Cardinals won Saturday's games in Arlington Heights park district midget football program, the Bears tripping the Lions 12-0, and the Cardinals whipping the Packers 34-0.

For the Bears it was Woodruff tossing a 10-yard pass to Morici for a TD in the second quarter. In the fourth period fullback Paul Splittorff covered the final 15 yards around left end.

THE CARDINAL affair was a high scoring one. In the first period Ewart tallied on a 5-yard line buck with Jeff Heidke running the point after. Jerry Totzke ran 15 yards around left end for the second score with Heidke again running the extra point.

Cardinals blocked a Packer punt for a safety in the second quarter. Jerry Lind later took a pass and went 30 yards to make it 22-0. Fredrickson tallied a TD the third period on a 10-yard run with Totzke cashing in on a 20-yard dash.

Cards in Grid Finale at Glenbard Saturday

KICKIN' IT AROUND

by BOB PADDOCK

ONLY 5 POINTS separated Arlington from a 6-1 varsity football record at this point of the season instead of the 4-2-1 on the record books. World is filled with second guessers, but this reporter knows that if those 5 points could have gone the other way, Heights would be in second place instead of fourth in the WSC, right behind Maine, without a doubt the top team in the league. Coach "Bus" Ormsbee acclaims this year's team "most outstanding club since I came to Arlington 9 years ago" and we're inclined to agree with him.

This year's seniors gained a reputation of not being afraid of contact sports as freshmen 3 years ago, and that thought is continuing when the boys talk about how they hope to play football in college next fall.

Many a fan has asked this department why Arlington wasn't winning more games in basketball and football in years past, fans who refused to accept the notion other WSC schools place more emphasis on some sports. They easily forget the state cross country and track titles of LaGrange, the outstanding tennis at Hinsdale and LaGrange, the top notch golf. At 1 time this season 3 West Suburban league schools were among the top 15 grid squads of the suburban area, with the much larger Suburban league holding only 2 spots.

We like to think the most important phase of winning football and basketball is love for the game, willingness to work and give up other easier activities ,and not being afraid of contact. Our hat is doffed to this year's football team at Arlington with the hope future Cardinals will carry on where this year's team almost left off.

DAD'S NIGHT CROWD was acceptable for bad weather, but total receipts for the season at Arlington football games was down $700 from last year's record setting $7,403.65 . . . Heights stands second in the WSC in football receipts, with Maine in the lead . . . These 2 schools are the only ones with lights for football . . . Heights JV gridders finished their season on a 5-3 note, the best in years . . . It was the first time a JV squad has been operated as a separate unit at Heights, with its own coach, practicing as a unit, etc. . . . Coach Ted Wissen is to be congratulated.

If the frosh-sophs can win against Glenbard Saturday it will mean all 4 Heights teams will be in the first division of the WSC for the first time in any fall.

Cardinal varsity gridders were dinner guests of the Arlington VFW Wednesday night, as part of the veterans' youth program . . . Managers and varsity cheer leaders were included with movies of last year's Northwestern-Purdue game being shown as part of the evening program . . . Superintendent H. L. Slichenmeyer and athletic director Wally Grace were interviewed on WTAQ between halves of the LaGrange game . . . WTAQ, by the way, is not granted permission to cover home games of the Lions, probably because of the dig into already small daytime gate receipts.

Arlington frosh-soph cross country squad had 3 27-28 scores this year, losing to Maine and undefeated Palatine, but edging York.

This was the first year the frosh-soph harriers were run separate from the varsity, and Coach Bob Meissner did an outstanding job . . . Varsity coach Russ Attis has had to handle the entire job himself in the past . . . Young Cards stand 3-2 in the conference, and 3-3 overall to date, having whipped R-B and Hinsdale and lost to LaGrange.

▶◀

BASKETBALL starts to take over on the high school and college front this coming week with Larry Wyllie of Downers expected to make a strong bid for a varsity position at Northern Illinois . . . Participating in youth fitness conference at Northern Illinois last week was Fred Biester, Glenbard principal and a member of President Eisenhower's advisory committee on youth fitness . . . Bloom will dedicate its new gymnasium Nov. 30 . . . Bloom, by the way, needs a new grid lighting system, with worn insulation creating possibility of an explosion in a storm . . . Cost of replacement is about $50,000, which might mean a return to daytime football at the Chicago Heights school.

On frosh football squad at Northwestern are John Walbaum of Barrington at quarterback, Dave Obrecht of Glenbard at fullback and Dick Soderberg of LaGrange at guard.

Dick Pond of Glenbard and Ron Long of Mooseheart are among the better cross country men at Indiana . . . Pond covered the mile Notre Dame course in 18:12 in the Hoosiers' opening meet, finishing third . . . Jim Summers of Arlington is currently listed No. 3 halfback for Bradley . . . Fund for education of children of Illini Rose Bowl captain Mac Wenskunas, killed in an auto accident Aug. 3, has reached almost $9,000 . . . Still showing well with Northern's undefeated harriers are John Kilcullen of Maine and Bill Schram of York . . . Among starters for Northern against Normal Saturday were Herb Ward of Ela at center and John Zobus of Glenbrook at tackle.

▶◀

OUR BOWLING BALL is tipped to Al Winter, newly elected president of Paddock Classic Traveling league, who survived eliminations at Northbrook Saturday and Sunday to make the All-Star bowling tournament. Former president of the Chicago Classic league, and with a team entered in the North End traveling league in the city, Al keeps busy with that bowling ball as well as earning an electric sign living.

Al was the driving force with Tom Kouros in organization of the Paddock Classic league, the first loop around the suburban area to give top notch suburban keglers year 'round competition against high average teams.

Al was a double winner Saturday. While he was surviving the eliminations for the all-star tournament to be held at Minneapolis in January he was also selected head man of the local traveling loop, then completing its second position night at Jeffery Lanes in Wheeling. Many keglers have seen Al handle the Paddock Publications Inter-League Handicap bowling tournament with ease, keeping everything in line for 320 bowlers last January.

This time the tourney will be held at Bensenville Bowl Jan. 11 and 12, the same days that Al will be competing in the all-star event.

At any rate, we wish Al all the luck in the world in the big tournament, and congratulate him on being one of the 2 suburban bowlers selected from 21 hopefuls for the meet.

▶◀

AL SCHOENBACH of York who suffered a mild concussion against Central Michigan was out of the hospital Wednesday and played Saturday against Normal for Northern . . . Scheduled to officiate in the approaching CYO boxing tournament in Chicago are George A. O'Connell, Jr., and John Dolce, both of Palatine . . . We just realized Los Angeles Dodgers will be training in Florida come February . . . Don't they have any pride? . . . Kansas State cagers will average 6-6 this year, led by 6-9 Jack Parr, who made 47% of his shots last season.

Illini footballer played semipro baseball at Moose Jaw, Saskatchiwan, Canada, last summer.

York grad Jack Falter, captain-center for Iowa State, recently tallied his first touchdown when he pounced on a Missouri fumble in the end zone . . . LaGrange high's intramural basketball program has had 39 teams competing . . . Permitted by the WSC, the programs in operation at all of the schools gives all boys the opportunity to play basketball, including the varsity hopefuls not out for football.

Sophs Must Win to Regain 1st Division Spot

Injuries to several boys, plus a loss of interest in football on the part of 2 or 3 boys, are making Arlington frosh-soph grid mentor Bill Beckman consider several changes in that starting lineup against Glenbard Saturday afternoon.

Fans will possibly see Dan Striegel at center Saturday, plus Phil Shaw at tackle. Other new faces at new positions are also possible in the struggle by the young Cardinals to stay near the top in WSC play. Hinsdale knocked off Maine this past weekend, which meant frosh-soph victory instead of defeat either against Downers or LaGrange could have meant the locals would still be in contention for top honors going into the season finale.

* * *

JOHN LOPATA suffered a torn ligament in his knee against LaGrange, and won't be seen against Lombard. Rick Johnston is still hurting with a cracked rib and may not be called upon Saturday. Center Dick Goeltz recently suffered a cracked rib, but is expected to be ready for action against the young Bards.

One boy who wouldn't stay down is Bob Owen, who suffered 2 cracked ribs against Maine but has been playing good ball in spite of this handicap. George Bork suffered a severely lacerated lip against LaGrange, but is expected to be well again for Glenbard.

* * *

THE HOSTS, like Arlington, looked sharp early in the season but have slipped in recent weeks. They have in Chandler, an excellent passer; Clark, a good halfback; and a good size line. Glenbard has whipped Hinsdale and RB; and stands in fifth place.

Gene Dahlquist, Mike Dundy, Bob Owen, Art Nyblin and Bruce Fichte all gave good accounts of themselves against LaGrange. Dahlquist is the most improved player on the team, particularly the last 2 games at quarterback. Several of the WSC soph squads have moved the better freshmen up the past 3 weeks, and Glenbard can be expected to do the same.

* * *

ARLINGTON HAS operated the long run policy of freshmen staying with their 'A' and 'B' squads to give more competition to the boys. LaGrange, on the other hand, used 5 freshmen against Heights, including 195-pound Johnson, regular fullback; and Krohn, regular tackle.

Downers has been doing the same, with its quarterback, tackle, offensive and defensive halfbacks all freshmen. (Sp

A 300 GAME, the dream of all bowlers everywhere, became a reality Monday night for Walter Krupa, 2303 Bluebird Lane, Rolling Meadows, a 149 average kegler. Walter rolled the perfect game in Rolling Meadows Men's league competition at Gunnell's Lanes, the first 300 league game recorded in this area for a good many years.

Averaging 149 for the season, Walter rolled 126-169-300 for a 595 series as he bowled with his Mayfair Rug teammates. He has been bowling several years, but hadn't been in a league until moving to Rolling Meadows from Chicago. Walter is 31 and will start the road to his second 300-game next Monday in regular league play.

21 Seniors Play Final Football For Arlington

Twenty-one seniors will have their last chance to play football for Arlington Saturday afternoon at Glenbard in the final contest of the season for the Cardinals. Fourteen of these boys have already earned letters and will lead the way in what is hoped will be the final victory of the year.

Glenbard hadn't won a game until last weekend when the Bards became inspired and knocked off York. That enthusiasm will undoubtedly carry over to give Heights a rough tumble that could turn in to a surprising defeat for the locals unless they are up for the game.

* * *

TOMMY THOMPSON is one of the outstanding Bards leading the revival. He stands 6-4, weighs 215, and has been doing an outstanding job at end. Hancock does most of the running from his halfback position for the enemy. He was hurt a few weeks back, but appears completely recovered now.

Glenbard has a large club that lacks the speed to take advantage of the size. Bards miss all-state quarterback Bill Biederman of last season, though this year's field general is a good passer.

Win or lose, final standings of the conference won't be affected, but the locals could suffer a loss of prestige in this encounter if they aren't careful.

* * *

ARLINGTON did an outstanding job against LaGrange but weakened the final quarter to lose on what was ironically the only completed pass of the game. That toss was good enough for a 30-yard TD the third quarter, putting the visitors within 3 points of the Cardinals. It was a big help when LaGrange scored again the final period to win.

Last period letdown against LaGrange was due to lack of strength, not missed defensive assignments. Cardinals couldn't keep stopping the very capable running of Ed Meyer, LaGrange fullback. Squad was alert, had the desire, and played another outstanding game against a team that has yet to suffer a football defeat by Heights. (Sp

TOM KENNICOTT was expected to bear his share of the load of the football team at Arlington this fall, after his outstanding work as offensive guard and defensive end a year ago. Injuries from various sources, however, prevented his suiting up this time.

Tom's desire to be as close as possible to the game made him one of Coach "Bus" Ormsbee's most valuable field managers, keeping statistics and doing other tasks required of him. He's shown here fixing a helmet while Coach Ormsbee looks on.

Card Runners Whip Palatine, Lose to LaGrange

Arlington's varsity harriers lost to LaGrange 25-31 but whipped Palatine 20-42 this past week.

Ron Marks and Ken Courter finished 2-3 against LaGrange, but next spot for the locals was Alan Hutchinson in 7th. Then came Bob Taggart 8th and Ron Knoepfle 11th.

Osterling won the event for LaGrange in 10:02, 5 seconds ahead of Marks. Other finishers in the money for the Lions were Dunning 4th, Titus 5th, Wooledge 6th and Luscombe 9th.

* * *

DAN KUSEK won the dual for Palatine, followed by Ron Marks 2nd, Ken Courter 3rd, Alan Hutchinson 4th, Bob Taggart 5th and Bill Dodge 6th for Heights.

Hicks and Mueller finished 7th and 8th for Palatine, with next 3 spots going to Arlington, Don Kroepfle, Don Schroeder and George Luedke. Pirates also finished 12th and 14th. (Sp

Arlington Frosh Defeat La Grange

Arlington's freshman 'A' gridders won another ball game to conclude their season Monday, disposing of LaGrange, 12-7.

Yearlings scored in the first and second quarters, with Halvorson carrying the ball on the final 5 and 2 yard plays for the TD's. Petrosino also scored on a 60-yard jaunt, but his dash was called back because of clipping.

Arlington showed a lot of hustle against the Lion cubs, with the last quarter played in almost complete darkness. Losers scored in the final period on a 30-yard dash through the middle. (Sp

3 Lettermen Report Friday For Basketball

November 1 may mean "get ready for hunting" to a lot of red-blooded American boys in these parts, but to high school coaches and athletes it means the start of basketball.

First practice at Arlington high school, as well as other schools in the West Suburban conference, will be held Friday, Nov. 1, with opening game for the Cardinals scheduled for Friday night, Nov. 15, at Woodstock. Locals will meet Palatine and Elgin in other non-league encounters before opening the conference slate against Riverside-Brookfield.

* * *

THREE LETTERMEN are expected to lead the way for Coach Frank Bohac, newly elevated to varsity coaching position at Arlington. Frank mentored the frosh-soph squad last year. Working with him will be Dick Kinneman, JV coach; Ken Schaller, frosh-soph mentor; Ted Wissen, the freshmen, assisted by Edward Aldrich.

Some of the candidates for the various teams will wait until Wednesday, Nov. 6, to report, after final meeting of football players the day before.

* * *

LEAGUE PLAY should be spirited this year. Maine has its entire first 5 back, Hinsdale will have its 2 leading scorers returning, Downers has some tall lettermen who make 6' look small. Every team has a nucleus of a good team returning, with 3 of the first 5 back at Heights. Actually, only 1 of the top scorers in the league is gone, Tom Jacobsen of Arlington.

Coach Bohac is enthusiastic about the approaching season, and is expecting a squad of boys with a lot of interest and desire. Several boys from last year's JV team are expected to be a big help, including Alan Hutchinson, Bob Mors, John Anderson and Dan Borgen.

There are also several juniors up from the frosh-sophs of last year who could be a big help, along with returning lettermen.

Varsity and soph squads will work out in the boys' gym Friday, while the freshmen will practice in the girls' gym. (Sp

3 Wrestling Teams This Year At Arlington Hi

First call for wrestlers at Arlington and Prospect high schools will be issued next week with the freshmen meeting Coach Maurice Ross at Prospect high Tuesday after school, the varsity candidates listening to Coach Dick Mudge Wednesday and the sophomores meeting Coach Harold Henson Wednesday.

Varsity and sophomore hopefuls will all meet at Arlington high school. All practices for all 3 teams will be held at Arlington high gym for the present, until facilities are completed at Prospect, possibly sometime in January.

* * *

THIS YEAR for the first time there will be 3 distinct setups in wrestling. There will be 3 teams, each with its own coach and schedule. Eight matches are already planned for the freshmen, with a couple more possibly added later.

Varsity and frosh-sophs will have 12 duals, the Waukegan holiday invitational tournament, plus a quadrangular invitational at New Trier. Climax of the season of course, will be the state finals at Arlington high school next spring, after district and sectional eliminations are held. Increased interest and participation in wrestling has made the district tournament necessary for the first time.

INITIAL meeting for the freshmen will be held at Prospect high school, but workouts will be held in the foyer of the gym at Arlington as before until facilities at Prospect high school are completed. (Sp

Bears, Cardinals Win Hts. Midget

Bears and Cardinals won Saturday's games in Arlington Heights park district midget football program, the Bears tripping the Lions 12-0, and the Cardinals whipping the Packers 34-0.

For the Bears it was Woodruff tossing a 10-yard pass to Morici for a TD in the second quarter. In the fourth period fullback Paul Splittorff covered the final 15 yards around left end.

* * *

THE CARDINAL affair was a high scoring one. In the first period Ewart tallied on a 5-yard line buck with Jeff Heidke running the point after. Jerry Totzke ran 15 yards around left end for the second score with Heidke again running the extra point.

Cardinals blocked a Packer punt for a safety in the second quarter. Jerry Lind later took a pass and went 30 yards to make it 22-0. Fredrickson tallied a TD the third period on a 10-yard run with Totzke cashing in on a 20-yard dash.

HIGH SCHOOL FOOTBALL season in the Chicago area will be wound up in almost all of the suburban conferences this coming weekend. In crucial games this past weekend New Trier whipped unbeaten Waukegan 32-7 and Maine defeated Hinsdale 19-13 to clinch the West Suburban crown they shared with Hinsdale last year. Waukegan had not been scored on in 7 games until Saturday. The result leaves Waukegan, New Trier and Evanston tied for the Suburban league lead with 1 game to go against lesser opponents.

Barrington's winning spirit and competitive ability enabled them to come from behind to nip Crystal Lake 33-25 for a successful homecoming, their second straight North Suburban title, and one of the best exciting games ever played in North Suburban history.

It was the first loss of the season for Crystal Lake. Barrington was tied by Zion-Benton but has no league losses. Zion had called off a game with Crystal Lake due to flu and we understand that the league required a forfeit but it did not help the Lakers in view of Saturday's loss to the Bronchos.

◆

GRAYSLAKE needs only to beat slipping Antioch, who was drubbed 26-0 by Lake Forest, in order to cop their first football championship in the Northwest conference. Wauconda pulled Round Lake down to share the cellar by beating them 38-13. Wauconda had not scored all season and ran wild against a flu ridden Round Lake squad who was refused a request for a postponement. Grant's team, the surprise of the season, moved into third place with a startling 20-0 win over once beaten Warren. Coach Paul Lewis has done a terrific job at Grant this year.

Rich township clinched their second straight Southwest Suburban grid championship by beating Bremen while Bloom of Chicago Heights handed Thorton a decisive defeat to take the lead in the South Suburban with 1 game to go.

Of course North Chicago has not clinched the Tri-County title, but it would be a major upset if they lost to either Lake Park or Fenton who stand in their path to an undefeated league record. Palatine plays at Fenton Friday while Lake Park hosts North Chicago on Saturday.

◆

PARENTS CLUB at Palatine high is planning a special sports night for Wednesday, Nov. 6, with Dave Condon of the Chicago Tribune sports staff and author of the column, "In the Wake of the News," the featured speaker. This special program will be held in the high school gym and all parents of high school students are invited to attend.

Friday night when Palatine closes the 1957 football season at Fenton all of the Pirate regulars will be playing their last high school game.

This is the first year the entire Palatine football team has been made up of seniors including the principal substitutes. With the frosh-soph team a consistent loser since their opening win over Grayslake, the prospects at Palatine for 1958 are anything but optimistic.

◆

PALATINE'S 1957 GRIDDERS are considered, locally at least, the best team ever to represent the school in football. As we stated at the pep rally last Friday night, "This is the first time Palatine has had an entire team of players who really loved the blocking and tackling which makes the game of football." The Pirates were sharp last Saturday and had come back to the form of the Barrington game.

Palatine did not win the Tri-County conference championship but they whipped Grayslake, who won the the Northwest, and Barrington, who copped the North Suburban.

The question of whether the Glenbrook game at Palatine, called off by the Spartans due to influenza, should be played after the close of the regular season, was left up to the varsity football team and they voted to consider it a cancellation. The fact that all the football regulars will play basketball and compete in wrestling prompted their decision to close the season at the regular time next weekend at Fenton. The result of the game, had it been played, would have no bearing on the championship. This decision was approved by the varsity coaches and athletic director.

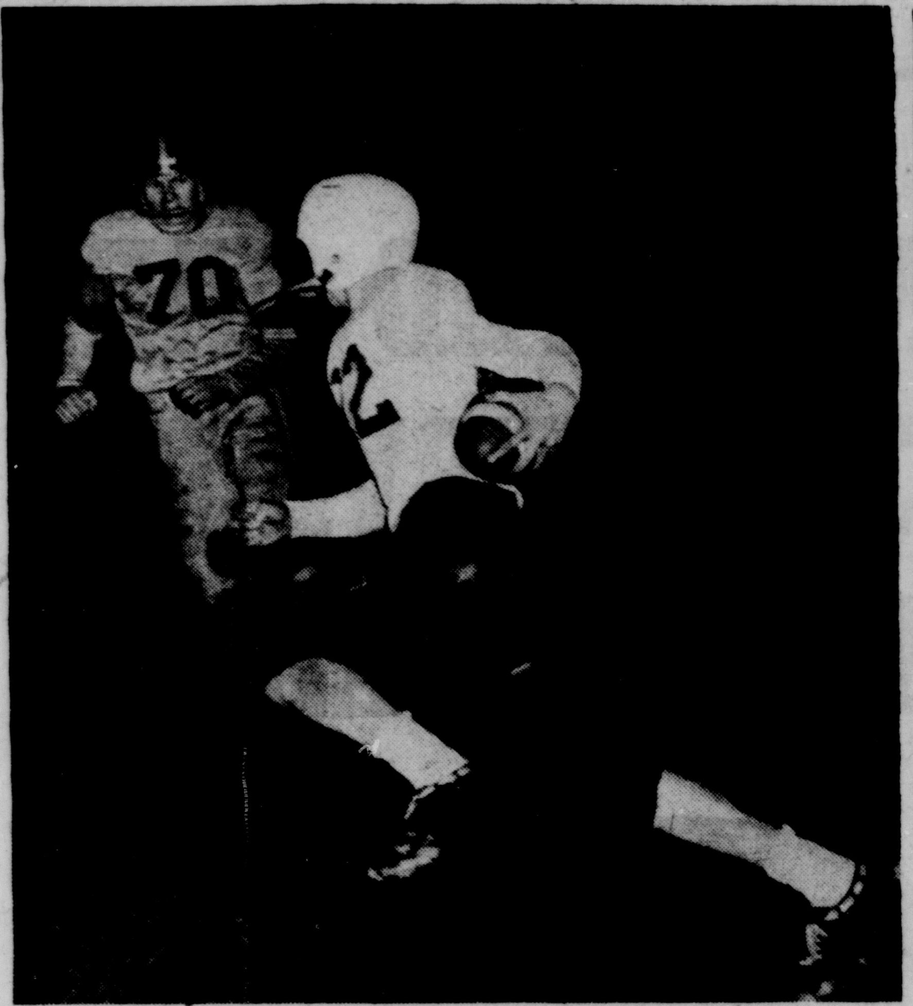
FOUR COACHES plot strategy for the season's final football game for Arlington against Glenbard Saturday. Head coach "Bus" Ormsbee leads the discussion as coaches Bob Scott, Ted Wissen and Maurice Ross look on.

Three 4th Quarter TD's Give LaGrange Sophs Win at Heights



MIKE DUNDEE (22) made a sizeable gain for Arlington frosh-sophs against LaGrange Friday night, though the locals lost. Mike skirts end in this scene as Liedtke (70) moves up to stop him for the winners.

Three fourth quarter touchdowns turned a good game into a rout and handed LaGrange's frosh-soph 11 a 32-12 victory over Arlington's young Cards Friday night.

* * *

THE LOCALS had gone into the fateful period trailing only 13-12 and very much in the ball game. Forced to the air the Birdies saw 3 of their aerials go astray and set up LaGrange scores.

Lion back Dick Ruggles grabbed an Arlington pass and returned to the Red and White 44-yard line. Three plays later Tom Melchoir went over with the "killing" touchdown.

Trailing 20-12 the Birdies were forced to pass. Chuck McGillivary intercepted on the Arlington 45 and had a clear path to the goal line, making the score 26-12 with 5:22 remaining.

A second interception by McGillivary and a personal foul penalty gave the visitors their final tally with 2:24 left to play. In a little over 4 minutes the young Lions had scored 19 points.

* * *

THE BIRDS had drawn first blood in the contest on a 40-yard scoring pass from Gene Dahlquist to Mike Nyblin. A plunge for the extra point failed, but Arlington led 6-0 with less than a minute and a half elapsed.

A late first quarter score erased that lead, however. George Bork's punt was blocked by LaGrange's Carl Forgue with the visitors recovering on the Arlington 34. A 12-yard pass from Don Deason to Keith Johnstone tied the score and Melchoir's plunge added the extra point.

* * *

AN ARLINGTON fumble set up the second Lion score in the second quarter. Recovering the miscue on their 36 the winners went 64 yards in 7 plays with the TD coming on a pass from Deason to Johnstone again.

The locals started the second half with determination. Taking the kickoff on their own 41, the Birds marched 59 yards on 13 plays and 5 first downs. Bob Leekley plunged over from the one yard line to make it 13-12, but again the extra point attempt failed.

Arlington has now lost 3 games in a row after capturing its first 4 contests.

* * *

STATISTIC-WISE the locals fared pretty well. They were outgained on the ground 199 yards to 150 but made up for it in their passing attack. Quarterbacks George Bork and Gene Dahlquist threw the ball 21 times, completed 8, and gained 125 yards compared to LaGrange's 79.

In first downs Arlington led 18-13 and in penalties the locals' sufferings amounted to 55 yards while the visitors lost 75 yards to the whistle-tooters. (Sp

Card JV's Beat Lions

First half of the JV game between Arlington and LaGrange was scoreless but that second half was a different story. Heights lads came out supercharged with spirit and pushed the reserve Lions to the utmost.

Arlington took the opening second half kickoff to march down the field with Al Seyler going the final yards for the TD. Dave Ebert kicked the point after. In the final period after a couple of exchanges of punts, with Heights gaining yardage each time, the locals again were on the march with Jesse Nehf covering the final yardage.

* * *

EBERT'S KICK was blocked this time, but a roughness penalty against LaGrange gave him another chance and he counted that 14th point. Final tally was 14-0.

Several boys looked outstanding in Monday's game for Coach Ted Wissen. Bob O'Neil suffered a dental injury the end of the first half, with Jesse Nehf taking over on offense. Normally a defensive man, Jesse "ran like a demon" and made fans sit up and take notice.

* * *

LEIGH MOORE, defensive tackle, was outstanding Monday as he spent most of the afternoon in the LaGrange backfield, causing losses of yardage for LaGrange several times. Al Seyler ran well from his halfback position with Ed Whitelaw doing an outstanding job at offensive end.

Kenny Hadland again did a good job at quarterback. Kenny was a reserve until Bob Barbour started playing with the varsity.

Palatine Soph Harriers Edge Arlington, 27-28

Palatine's undefeated frosh-soph cross country squad edged Arlington this past week 27-28. Young Cardinals also lost to LaGrange 26-43.

Hamilton led the parade for Coach Dick Welty's Pirate frosh-sophs, followed by Dave Palmer of Heights. It was Curkew P 3rd, Phelan A 4th, Field A 5th, Oltyan P 6th, Johnson A 7th, Gobel P 8th, Mangel P 9th and Dougan A 10th.

Victory for the young Pirates kept their undefeated record unblemished in dual competition.

* * *

COACH MEISSNER'S Card frosh-sophs had Phelan 1st against LaGrange, plus Palmer 3rd, Field 6th, Anderson 15th and Newhard 18th.

LaGrange was no better the first 6, but from then on the young Lions swamped the locals with 8 places in a row. Glashagel of LaGrange finished 2nd, Douglas 4th, Johnson 5th, Ericson 7th and Palacek 8th.

LaGrange Rallies to Trip Heights Cardinals, 24-21

LaGrange's Lions came from behind Friday night to hand Arlington's Cardinals a heartbreaking 24-21 defeat. The visiting Lyons township gridders scored on a 78-yard drive with only 4:10 remaining in the game, ruining the annual Dad's night program.

* * *

THE CARDS had led throughout the contest after scoring early in the first period. At one time the locals owned a 21-12 advantage.

The Lions, however, hammered at the Arlington defense for a total of 330 yards on the ground compared to the Cards' 190. They doubled Arlington's total of first downs, 18-9.

* * *

HOWIE BERG contributed a 77 yard touchdown run to the losing cause. His gallop came at the outset of the second half and, at the time, seemed to insure victory.

The Cards, since winning their first 4 ball games, now have lost 2 of their last 3, earning a tie in the other. Glenbard remains the sole opportunity for a 5 victory season.

GREG ROSE'S interception of a LaGrange jump pass provided the locals with their first score before the teams had had a chance to warm up. The senior linebacker grabbed the aerial on the Lion 33 and moved, untouched, to the goal line.

The winners bounced back with a 57-yard drive and a touchdown of their own. The drive appeared stopped on the 8-yard line when Dave Prezell bolted off right tackle for the 6 points with 3:55 remaining in the first quarter.

* * *

NEAR THE END of the first quarter the Cardinals launched a drive that carried them some 94 yards and another TD. Some fine running by Dennis Thill and Tom Grey set up the score. Grey did the honors from 9 yards out on a beautiful keeper play. Weber's conversion attempt was true and the Birds led 14-6.

After the Birds' defense stymied a LaGrange drive on the 4-yard line, the visitors came back with a score with only 1:54 remaining in the half.

Ed Meyer set up the TD with a punt return to the AH 21. A personal foul call put the ball on the one, from where Ralph Chandler sneaked over. The halftime score was 14-12 in favor of Arlington.

* * *

BERG'S 77 yard run came on the second play from scrimmage in the third period. The fleet senior halfback got help from Tom Grey, whose effective fake opened a gap in the middle of the LaGrange line.

Bill Sporer skirted left end for 39 yards and a LaGrange score, only to have it called back for clipping. The penalty was only a temporary stall, however, as 5 plays later Ed Meyer was plunging over from 1 yard out and narrowing the score to 21-18.

* * *

THE LIONS also scored the next time they got the ball. It was an 88-yard drive this time, climaxed by Meyer's 9-yard spurt through the middle.

The locals had one more chance at the ball but failed with a desperate passing attack. Forced to kick with 3 minutes left to play, the Cards sat helplessly as the Lions, unbeaten in 8 years' competition with Arlington, ran the clock out. (Sp

Chicago Cardinals To Host Eagles

Chicago's Cardinals this week will battle the Philadelphia Eagles, led by Coach Hugh Devore, former Notre Dame All-American player and coach of the Fighting Irish in 1945, in a game starting at 1:05 p.m. in Comiskey Park.

The Cardinals will be attempting to win their third game in 6 starts and a victory — along with losses to Cleveland, the New York Giants and Pittsburgh, would place the Cards in a 4-way tie for second place and within reaching distance of the Browns, who would have 4 wins and 2 losses.

Last Sunday the Cards scored in 3 plays the first time they got the ball and seemed headed for victory over the Browns. However, a fumble and failure to make 1 yard in 2 tries, cost the Chicagoans the game. However, Coach Ray Richards, like the other coaches in the Eastern Conference of the National League, feel they are still in the battle for top honors and that the team winning the Eastern Division will suffer at least 4 losses and the conference could very easily wind up in a tie with 2 or 3 teams being tied for first with 7 victories and 5 defeats. Wauconda had not scored all season and ran wild against a flu ridden Round Lake squad who was refused a request for a postponement. Grant's team, the surprise of the season, moved into third place with a startling 20-0 win over once beaten Warren. Coach Paul Lewis has done a terrific job at Grant this year.

Rich township clinched their second straight Southwest Suburban grid championship by beating Bremen while Bloom of Chicago Heights handed Thorton a decisive defeat to take the lead in the South Suburban with 1 game to go.

Of course North Chicago has not clinched the Tri-County title, but it would be a major upset if they lost to either Lake Park or Fenton who stand in their path to an undefeated league record. Palatine plays at Fenton Friday while Lake Park hosts North Chicago on Saturday.

◆

PARENTS CLUB at Palatine high is planning a special sports night for Wednesday, Nov. 6, with Dave Condon of the Chicago Tribune sports staff and author of the column, "In the Wake of the News," the featured speaker. This special program will be held in the high school gym and all parents of high school students are invited to attend.

Friday night when Palatine closes the 1957 football season at Fenton all of the Pirate regulars will be playing their last high school game.

This is the first year the entire Palatine football team has been made up of seniors including the principal substitutes. With the frosh-soph team a consistent loser since their opening win over Grayslake, the prospects at Palatine for 1958 are anything but optimistic.

◆

PALATINE'S 1957 GRIDDERS are considered, locally at least, the best team ever to represent the school in football. As we stated at the pep rally last Friday night, "This is the first time Palatine has had an entire team of players who really loved the blocking and tackling which makes the game of football." The Pirates were sharp last Saturday and had come back to the form of the Barrington game.

Palatine did not win the Tri-County conference championship but they whipped Grayslake, who won the the Northwest, and Barrington, who copped the North Suburban.

The question of whether the Glenbrook game at Palatine, called off by the Spartans due to influenza, should be played after the close of the regular season, was left up to the varsity football team and they voted to consider it a cancellation. The fact that all the football regulars will play basketball and compete in wrestling prompted their decision to close the season at the regular time next weekend at Fenton. The result of the game, had it been played, would have no bearing on the championship. This decision was approved by the varsity coaches and athletic director.

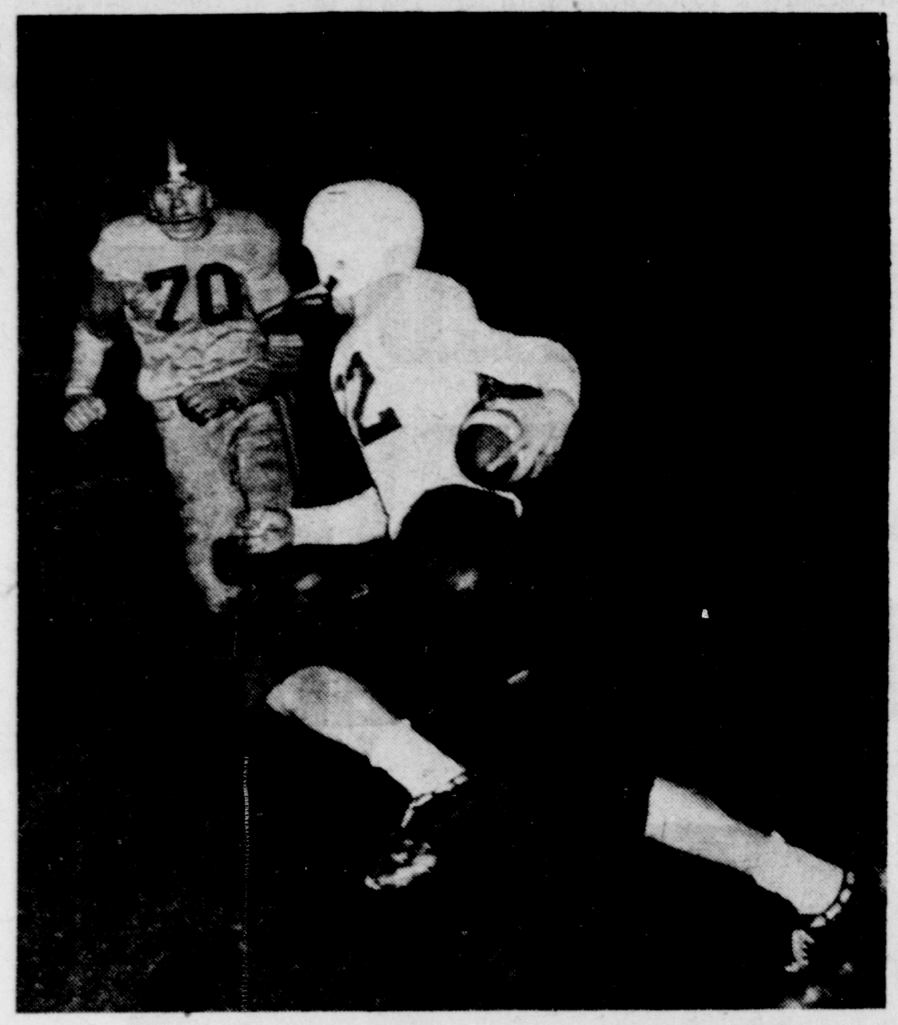
FOUR COACHES plot strategy for the season's final football game for Arlington against Glenbard Saturday. Head coach "Bus" Ormsbee leads the discussion as coaches Bob Scott, Ted Wissen and Maurice Ross look on.

Three 4th Quarter TD's Give LaGrange Sophs Win at Heights



MIKE DUNDEE (22) made a sizeable gain for Arlington frosh-sophs against LaGrange Friday night, though the locals lost. Mike skirts end in this scene as Liedtke (70) moves up to stop him for the winners.

Three fourth quarter touchdowns turned a good game into a rout and handed LaGrange's frosh-soph 11 a 32-12 victory over Arlington's young Cards Friday night.

* * *

THE LOCALS had gone into the fateful period trailing only 13-12 and very much in the ball game. Forced to the air the Birdies saw 3 of their aerials go astray and set up LaGrange scores.

Lion back Dick Ruggles grabbed an Arlington pass and returned to the Red and White 44-yard line. Three plays later Tom Melchoir went over with the "killing" touchdown.

Trailing 20-12 the Birdies were forced to pass. Chuck McGillivary intercepted on the Arlington 45 and had a clear path to the goal line, making the score 26-12 with 5:22 remaining.

A second interception by McGillivary and a personal foul penalty gave the visitors their final tally with 2:24 left to play. In a little over 4 minutes the young Lions had scored 19 points.

* * *

THE BIRDS had drawn first blood in the contest on a 40-yard scoring pass from Gene Dahlquist to Mike Nyblin. A plunge for the extra point failed, but Arlington led 6-0 with less than a minute and a half elapsed.

A late first quarter score erased that lead, however. George Bork's punt was blocked by LaGrange's Carl Forgue with the visitors recovering on the Arlington 34. A 12-yard pass from Don Deason to Keith Johnstone tied the score and Melchoir's plunge added the extra point.

* * *

AN ARLINGTON fumble set up the second Lion score in the second quarter. Recovering the miscue on their 36 the winners went 64 yards in 7 plays with the TD coming on a pass from Deason to Johnstone again.

The locals started the second half with determination. Taking the kickoff on their own 41, the Birds marched 59 yards on 13 plays and 5 first downs. Bob Leekley plunged over from the one yard line to make it 13-12, but again the extra point attempt failed.

Arlington has now lost 3 games in a row after capturing its first 4 contests.

* * *

STATISTIC-WISE the locals fared pretty well. They were outgained on the ground 199 yards to 150 but made up for it in their passing attack. Quarterbacks George Bork and Gene Dahlquist threw the ball 21 times, completed 8, and gained 125 yards compared to LaGrange's 79.

In first downs Arlington led 18-13 and in penalties the locals' sufferings amounted to 55 yards while the visitors lost 75 yards to the whistle-tooters. (Sp

Card JV's Beat Lions

First half of the JV game between Arlington and LaGrange was scoreless but that second half was a different story. Heights lads came out supercharged with spirit and pushed the reserve Lions to the utmost.

Arlington took the opening second half kickoff to march down the field with Al Seyler going the final yards for the TD. Dave Ebert kicked the point after. In the final period after a couple of exchanges of punts, with Heights gaining yardage each time, the locals again were on the march with Jesse Nehf covering the final yardage.

* * *

EBERT'S KICK was blocked this time, but a roughness penalty against LaGrange gave him another chance and he counted that 14th point. Final tally was 14-0.

Several boys looked outstanding in Monday's game for Coach Ted Wissen. Bob O'Neil suffered a dental injury the end of the first half, with Jesse Nehf taking over on offense. Normally a defensive man, Jesse "ran like a demon" and made fans sit up and take notice.

* * *

LEIGH MOORE, defensive tackle, was outstanding Monday as he spent most of the afternoon in the LaGrange backfield, causing losses of yardage for LaGrange several times. Al Seyler ran well from his halfback position with Ed Whitelaw doing an outstanding job at offensive end.

Kenny Hadland again did a good job at quarterback. Kenny was a reserve until Bob Barbour started playing with the varsity.

Palatine Soph Harriers Edge Arlington, 27-28

Palatine's undefeated frosh-soph cross country squad edged Arlington this past week 27-28. Young Cardinals also lost to LaGrange 26-43.

Hamilton led the parade for Coach Dick Welty's Pirate frosh-sophs, followed by Dave Palmer of Heights. It was Curkew P 3rd, Phelan A 4th, Field A 5th, Oltyan P 6th, Johnson A 7th, Gobel P 8th, Mangel P 9th and Dougan A 10th.

Victory for the young Pirates kept their undefeated record unblemished in dual competition.

* * *

COACH MEISSNER'S Card frosh-sophs had Phelan 1st against LaGrange, plus Palmer 3rd, Field 6th, Anderson 15th and Newhard 18th.

LaGrange was no better the first 6, but from then on the young Lions swamped the locals with 8 places in a row. Glashagel of LaGrange finished 2nd, Douglas 4th, Johnson 5th, Ericson 7th and Palacek 8th.

LaGrange Rallies to Trip Heights Cardinals, 24-21

LaGrange's Lions came from behind Friday night to hand Arlington's Cardinals a heartbreaking 24-21 defeat. The visiting Lyons township gridders scored on a 78-yard drive with only 4:10 remaining in the game, ruining the annual Dad's night program.

* * *

THE CARDS had led throughout the contest after scoring early in the first period. At one time the locals owned a 21-12 advantage.

The Lions, however, hammered at the Arlington defense for a total of 330 yards on the ground compared to the Cards' 190. They doubled Arlington's total of first downs, 18-9.

* * *

HOWIE BERG contributed a 77 yard touchdown run to the losing cause. His gallop came at the outset of the second half and, at the time, seemed to insure victory.

The Cards, since winning their first 4 ball games, now have lost 2 of their last 3, earning a tie in the other. Glenbard remains the sole opportunity for a 5 victory season.

GREG ROSE'S interception of a LaGrange jump pass provided the locals with their first score before the teams had had a chance to warm up. The senior linebacker grabbed the aerial on the Lion 33 and moved, untouched, to the goal line.

The winners bounced back with a 57-yard drive and a touchdown of their own. The drive appeared stopped on the 8-yard line when Dave Prezell bolted off right tackle for the 6 points with 3:55 remaining in the first quarter.

* * *

NEAR THE END of the first quarter the Cardinals launched a drive that carried them some 94 yards and another TD. Some fine running by Dennis Thill and Tom Grey set up the score. Grey did the honors from 9 yards out on a beautiful keeper play. Weber's conversion attempt was true and the Birds led 14-6.

After the Birds' defense stymied a LaGrange drive on the 4-yard line, the visitors came back with a score with only 1:54 remaining in the half.

Ed Meyer set up the TD with a punt return to the AH 21. A personal foul call put the ball on the one, from where Ralph Chandler sneaked over. The halftime score was 14-12 in favor of Arlington.

* * *

BERG'S 77 yard run came on the second play from scrimmage in the third period. The fleet senior halfback got help from Tom Grey, whose effective fake opened a gap in the middle of the LaGrange line.

Bill Sporer skirted left end for 39 yards and a LaGrange score, only to have it called back for clipping. The penalty was only a temporary stall, however, as 5 plays later Ed Meyer was plunging over from 1 yard out and narrowing the score to 21-18.

* * *

THE LIONS also scored the next time they got the ball. It was an 88-yard drive this time, climaxed by Meyer's 9-yard spurt through the middle.

The locals had one more chance at the ball but failed with a desperate passing attack. Forced to kick with 3 minutes left to play; the Cards sat helplessly as the Lions, unbeaten in 8 years' competition with Arlington, ran the clock out. (Sp

Chicago Cardinals To Host Eagles

Chicago's Cardinals this week will battle the Philadelphia Eagles, led by Coach Hugh Devore, former Notre Dame All-American player and coach of the Fighting Irish in 1945, in a game starting at 1:05 p.m. in Comiskey Park.

The Cardinals will be attempting to win their third game in 6 starts and a victory — along with losses to Cleveland, the New York Giants and Pittsburgh, would place the Cards in a 4-way tie for second place and within reaching distance of the Browns, who would have 4 wins and 2 losses.

Last Sunday the Cards scored in 3 plays the first time they got the ball and seemed headed for victory over the Browns. However, a fumble and failure to make 1 yard in 2 tries, cost the Chicagoans the game. However, Coach Ray Richards, like the other coaches in the Eastern Conference of the National League, feel they are still in the battle for top honors and that the team winning the Eastern Division will suffer at least 4 losses and the conference could very easily wind up in a tie with 2 or 3 teams being tied for first with 7 victories and 5 defeats. DOUG HILDEBRANDT of Palatine celebrated moving up to the starting left end job on the University of Miami football team by catching 2 forward passes as the Hurricanes rolled over Kansas 48-6. Grading of movies for the year elevated Hildebrandt to the No. 1 spot and he came up with 2 tackles, 2 assists against the Kansas Jayhawks as Kansas was limited to 45 yards of gain on the ground.

He caught one pass for 27 yards—longest Miami has completed this year—as Miami moved 45 yards on 3 successive passes for a TD in the last 17 seconds of the first half. A few minutes earlier, he had moved the ball from the Kansas 32 to the 18 by taking another pass, setting up the TD which gave Miami a 14-6 lead at that point. This week, Miami faces Villanova, a sort of Hurricane nemesis even though the Hurricanes lead the series 2-1-1. They never have blanked the Wildcats nor have they been able to beat them by more than six points in any one game.

Plum Grove Area Project Outlined

A 7 million dollar custom home-building program was announced today by Herbert R. Anderson, president of Plum Grove Estates, Inc., and R. J. Anderson, president of R. J. Anderson, Inc., Park Ridge real estate broker. The two Andersons are not related.

According to the announcement, 142 custom-built homes in the $40,000 to $60,000 price bracket are to be built in Unit No. 4 of Plum Grove Estates. Lots will range from a minimum of ½ acre to 1½ acres. Plum Grove Estates is bounded by Algonquin rd. and Rohlwing rd. and lies two miles south of Palatine.

Although rural in character, complete sewer facilities have already been installed, as has the base for asphalt streets.

* * *

THE BUILDING program will be unique in that a group of approximately eight specially selected custom builders will participate in the program. R. J. Anderson, who will act as coordinator and exclusive broker, stated that, based on past experience, it was virtually impossible for an individual builder to provide the variety of design and features required in the $40,000 up price bracket.

"The temptation to standardize most interior features has resulted in different roof styles and elevations as the only distinguishing features of many high-price home programs," Anderson stated. Further, supposed economies of such programs are many times offset by the high overhead costs incurred by the large volume builder, according to Anderson. The program planned at Plum Grove Estates will allow each builder to operate with a minimum of overhead costs while still providing the economies possible in the cooperative use of certain sub-contractors.

* * *

HERBERT Anderson states that the same strict architectural controls that resulted in Plum Grove Estates receiving a special award from the National Association of Home Builders for superior and outstanding subdivision planning will continue under the new program. Minimum square foot area for ranch homes is 1,500 square feet and for split-levels 1,850 square feet. In addition, all plans must be approved by Plum Grove Estates for architectural design and detail.

Approximately 60 custom-built homes have already been completed and occupied in the first 3 units of Plum Grove Estates. A home-owners association, of which A. James Gallagher has recently been elected president, is currently studying plans for the development of a community park and recreation area. Plans include a swimming pool, tennis courts, club house and baseball diamond.

The first of the new model homes is expected to be open to the public in April of 1958.

Plum Grove Area Project Outlined

A 7 million dollar custom home-building program was announced today by Herbert R. Anderson, president of Plum Grove Estates, Inc., and R. J. Anderson, president of R. J. Anderson, Inc., Park Ridge real estate broker. The two Andersons are not related.

According to the announcement, 142 custom-built homes in the $40,000 to $60,000 prize bracket are to be built in Unit No. 4 of Plum Grove Estates. Lots will range from a minimum of ½ acre to 1½ acres. Plum Grove Estates is bounded by Algonquin rd. and Rohlwing rd. and lies two miles south of Palatine.

Although rural in character, complete sewer facilities have already been installed, as has the base for asphalt streets.

* * *

THE BUILDING program will be unique in that a group of approximately eight specially selected custom builders will participate in the program. R. J. Anderson, who will act as coordinator and exclusive broker, stated that, based on past experience, it was virtually impossible for an individual builder to provide the variety of design and features required in the $40,000 up price bracket.

"The temptation to standardize most interior features has resulted in different roof styles and elevations as the only distinguishing features of many high-price home programs," Anderson stated. Further, supposed economies of such programs are many times offset by the high overhead costs incurred by the large volume builder, according to Anderson. The program planned at Plum Grove Estates will allow each builder to operate with a minimum of overhead costs while still providing the economies possible in the cooperative use of certain sub-contractors.

* * *

HERBERT Anderson states that the same strict architectural controls that resulted in Plum Grove Estates receiving a special award from the National Association of Home Builders for superior and outstanding subdivision planning will continue under the new program. Minimum square foot area for ranch homes is 1,500 square feet and for split-levels 1,850 square feet. In addition, all plans must be approved by Plum Grove Estates for architectural design and detail.

Approximately 60 custom-built homes have already been completed and occupied in the first 3 units of Plum Grove Estates. A home-owners association, of which A. James Gallagher has recently been elected president, is currently studying plans for the development of a community park and recreation area. Plans include a swimming pool, tennis courts, club house and baseball diamond.

The first of the new model homes is expected to be open to the public in April of 1958.

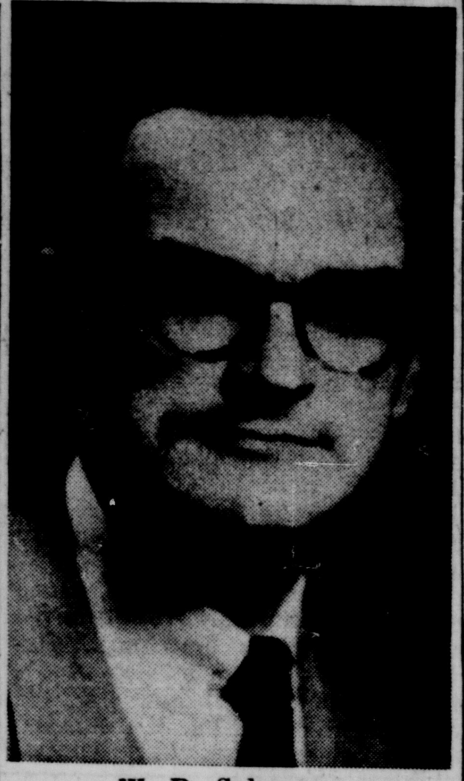
Salzman Heads Engineer Forum



W. B. Salzman

William B. Salzman, 404 Candota, Mt. Prospect, Illinois Bell Telephone Co. training engineer, is chairman of an engineering forum sponsored by the Western Society of Engineers. A group of 100 young Chicago engineers began this series of 6 meetings on October 17.

"The objective is to provide young engineers with a broader horizon which will bring to their specialized work a better understanding of engineering as a whole and its place in business generally," said Salzman.

"The sessions will enable them to confer with both young and mature engineers. From leaders in industry they will get a clear picture of their over-all role in the world of today and tomorrow."

* * *

THE RUSSIAN development of the earth satellite and other Soviet advances puts new emphasis on the Young Engineers Forum this year, Salzman said. He pointed out that stepped-up training of engineers as managers of technical operations — without forgetting human relations — is one of the most potent weapons the United States has in the rush to kee ppace with Russia's giant strides in the technical and scientific fields.

Salzman, a graduate of Purdue university with a BS degree in mechanical engineering, became an engineer for Illinois Bell in 1947. In 1950 he accepted a temporary assignment with the Bell Telephone Laboratories, research division of the Bell System. He returned to Illinois Bell in 1951 and was appointed training engineer in 1956.

* * *

DURING WORLD WAR II he served in the navy as an electronic technician's mate, third class.

Besides his membership in the Western Society of Engineers, Salzman is active in civic affairs He served as chairman of the building committee of elementary school district 57 and is past chairman of the board of deacons in the Arlington Heights Presbyterian church.

Salzman and his wife, Jane, are parents of 2 daughters, Bonnie Jane and Becky Ruth.

W. B. Salzman

William B. Salzman, 404 Candota, Mt. Prospect, Illinois Bell Telephone Co. training engineer, is chairman of an engineering forum sponsored by the Western Society of Engineers. A group of 100 young Chicago engineers began this series of 6 meetings on October 17.

"The objective is to provide young engineers with a broader horizon which will bring to their specialized work a better understanding of engineering as a whole and its place in business generally," said Salzman.

"The sessions will enable them to confer with both young and mature engineers. From leaders in industry they will get a clear picture of their over-all role in the world of today and tomorrow."

* * *

THE RUSSIAN development of the earth satellite and other Soviet advances puts new emphasis on the Young Engineers Forum this year, Salzman said. He pointed out that stepped-up training of engineers as managers of technical operations — without forgetting human relations — is one of the most potent weapons the United States has in the rush to kee ppace with Russia's giant strides in the technical and scientific fields.

Salzman, a graduate of Purdue university with a BS degree in mechanical engineering, became an engineer for Illinois Bell in 1947. In 1950 he accepted a temporary assignment with the Bell Telephone Laboratories, research division of the Bell System. He returned to Illinois Bell in 1951 and was appointed training engineer in 1956.

* * *

DURING WORLD WAR II he served in the navy as an electronic technician's mate, third class.

Besides his membership in the Western Society of Engineers, Salzman is active in civic affairs He served as chairman of the building committee of elementary school district 57 and is past chairman of the board of deacons in the Arlington Heights Presbyterian church.

Salzman and his wife, Jane, are parents of 2 daughters, Bonnie Jane and Becky Ruth.

Announce Factory Prices For Redesigned Pontiacs

Suggested factory list prices for the completely redesigned 1958 Pontiacs with new bodies, frames, suspension and a larger engine were announced by S. E. Knudsen, general manager of the Pontiac Motor division and vice president of General Motors.

"Despite greatly increased costs, we are very happy to be able to bring these completely new cars to market with price tags in keeping with the long standing policy of Pontiac to offer the lowest priced car in the medium priced field," Knudsen said.

HE POINTED out that in Pontiac's Chieftain series, which represents nearly 50 per cent of the division's volume, increases ranged only from $50 to $114.

Knudsen said that the Pontiac Super Chief series which formerly was offered on the 122 inch wheelbase will, for the first time, be offered on the 124 inch wheelbase in corporating a longer body and interior refinement confined formerly to Pontiac's luxury Star Chief series. The Star Chief, in turn, offers luxurious interior appointments and upholstery never before offered on a car in this price class.

IN ADDITION, Knudsen said Pontiac is offering 2 custom cars in the new Bonneville series.

Prices remain the same on the new improved Super hydra-matic as well as power options which add to driving safety and comfort.

All models will be on display at Morton Pontiac, Inc.

Now partially occupying its new plant and office building on Central rd. in Mt. Prospect, the Charles Bruning Co., Inc., is looking forward to complete occupancy of the quarters before 1958.

The Chicago machine plant operations have already been transferred.

The Chicago paper sensitizing plant, warehouse and executive offices will be transferred next.

THUS, MT. PROSPECT will have withing the 140 acres of the Sal DiMucci light industry tract a company which on Tuesday of this week reported sales of $29,396,212 in the 9 months ended September 30 as compared with $27,764,274 in the corresponding period last year.

Earnings amounted to $1,944,358, says the financial report, as compared with $2,313,592 in the 9 month period of last year. After preferred dividends, earnings were equal to $1.92 per share in the first 9 months of 1957, as compared with $2.29 in the same period of 1956, both figures based on the 1,000,268 common shares presently outstanding.

* * *

SALES FOR THE 3 months of the third quarter were $8,969,482, as compared with $8,953,662 in the corresponding 3 months of 1956.

Herbert F. Bruning, president, stated that the decrease in earnings in the 1947 period was due principally to increased expenses in connection with the opening of new sales offices and expansion of sales force, production and research facilities. Also that the 1956 third quarter earnings reflected a capital gain of $85,000 from the sale of the company's machine plant in 1956.

The Charles Bruning Co., is a leading manufacturer of reproduction machines and materials under the trade name "Copyflex" and distributes a broad line of engineering, drafting, architectural equipment and materials.

Baird & Warner Sales at Record

Sales by Baird and Warner through the third quarter of 1957 are approaching those of the company's record year of 1956, according to Stewart B. Matthews, vice president and general sales manager of the 102-year-old real estate company.

At the end of this year's first 9 months, Matthews said, sales volume totaled $28,461,682, down only 5.5 per cent from the $30,116,333 in sales made during the comparable period in 1956. Baird and Warner's total sales for last year amounted to $37,696,100.

A DROP OF 4.13 per cent in the number of properties sold was also experienced by the company compared to last year's figures. At the end of September, 1957, Baird and Warner had sold 881 properties as compared to 919 in 1956 at the end of 9 months.

Despite the difficulties brought about through "tight money," Matthews noted, his firm's sales during the third period have been well in excess of the general market. During this period, the company developed sales of $10,280,000 as compared to $11,384,000 in the same months last year. This represents a decrease of 9.7 per cent in sales volume.

A total of 320 properties were sold during this year's third quarter, lower by 6.2 per cent from the 341 sold in the same months in 1956. (BB

1958 Ford Cars Unveiled At Area Dealers Nov. 7

The 1958 Ford car line featuring major styling changes, the most efficient engines in the car's history, a new automatic transmission and new optional air suspension, will go on display at Ford dealerships November 7, J. O. Wright, Ford motor company vice president and Ford division general manager, announced Wednesday.

"At a cost of $185,000,000 we have developed a new Ford that incorporates some of the most extensive changes ever made in the car," Wright said.

* * *

HISTORICALLY, auto companies have made basic changes in their cars every 3 years, he pointed out.

"But in its 1958 models, Ford has actually created fundamental design and engineering changes just 1 year after its completely new 1957 model," he said.

Demonstrating this change are 21 models on 2 separate wheelbases; the Fairlane and Fairlane 500, with an overall length of 207 inches, and the Custom, Custom 300 and the station wagon, measuring 202 inches.

The external appearance of the new car features Ford's sculptured-in-metal treatment in which styling lines are molded into the sheet metal itself.

* * *

THE NEW distinctive styling is emphasized in a front view of the massive wrap-around one-piece bumper with anodized aluminum "jet intake" grille, dual headlights, and Power Flow hood. New sheet metal treatment incorporates redesigned front fenders, new roof with 7 front-to-rear flutes or grooves, and trunk lid and rear quarter panel innovations. From the rear, the 1958 Ford is distinctive with a "V" sculptured trunk lid flaring into twin safety oval taillights.

Ford introduces the newest and most modern V-8 overhead valve engines in its 1958 line — the 332 and 352 cubic inch displacement engines. The result of more than 25 years' sales and engineering leadership in V-8 engines, these engines combine new highs of efficiency, durability and economy with the added time and cost savings of quick service accessibility.

The new 332 cubic inch engine, which will be standard on the Fairlane, Fairlane 500 and station wagon series, is available as an extra cost option in the Custom and Custom 300 series. The 352 cubic inch engine is an extra high performance option on the Fairlane, Fairlane 500 and the station wagon series. The economical "Mileage Maker" 6 is available for most models and the 292 cubic inch V-8 engine is standard on the Custom and Custom 300 series.

* * *

THE NEW ENGINES feature completely machined, wedge-type combustion chambers, larger, cooler running valves, new carburetion and exhaust porting and direct flow intake for peak performance at all engine speeds.

Each engine is electronically mass balanced while running at operating speed and temperature under its own power. (BB

1958 Ford Cars Unveiled At Area Dealers Nov. 7

The 1958 Ford car line featuring major styling changes, the most efficient engines in the car's history, a new automatic transmission and new optional air suspension, will go on display at Ford dealerships November 7, J. O. Wright, Ford motor company vice president and Ford division general manager, announced Wednesday.

"At a cost of $185,000,000 we have developed a new Ford that incorporates some of the most extensive changes ever made in the car," Wright said.

* * *

HISTORICALLY, auto companies have made basic changes in their cars every 3 years, he pointed out.

"But in its 1958 models, Ford has actually created fundamental design and engineering changes just 1 year after its completely new 1957 model," he said.

Demonstrating this change are 21 models on 2 separate wheelbases; the Fairlane and Fairlane 500, with an overall length of 207 inches, and the Custom, Custom 300 and the station wagon, measuring 202 inches.

The external appearance of the new car features Ford's sculptured-in-metal treatment in which styling lines are molded into the sheet metal itself.

* * *

THE NEW distinctive styling is emphasized in a front view of the massive wrap-around one-piece bumper with anodized aluminum "jet intake" grille, dual headlights, and Power Flow hood. New sheet metal treatment incorporates redesigned front fenders, new roof with 7 front-to-rear flutes or grooves, and trunk lid and rear quarter panel innovations. From the rear, the 1958 Ford is distinctive with a "V" sculptured trunk lid flaring into twin safety oval taillights.

Ford introduces the newest and most modern V-8 overhead valve engines in its 1958 line — the 332 and 352 cubic inch displacement engines. The result of more than 25 years' sales and engineering leadership in V-8 engines, these engines combine new highs of efficiency, durability and economy with the added time and cost savings of quick service accessibility.

The new 332 cubic inch engine, which will be standard on the Fairlane, Fairlane 500 and station wagon series, is available as an extra cost option in the Custom and Custom 300 series. The 352 cubic inch engine is an extra high performance option on the Fairlane, Fairlane 500 and the station wagon series. The economical "Mileage Maker" 6 is available for most models and the 292 cubic inch V-8 engine is standard on the Custom and Custom 300 series.

* * *

THE NEW ENGINES feature completely machined, wedge-type combustion chambers, larger, cooler running valves, new carburetion and exhaust porting and direct flow intake for peak performance at all engine speeds.

Each engine is electronically mass balanced while running at operating speed and temperature under its own power. (BB

Canada's Golden West Is Travel & Adventure Topic

The golden west of Canada will be brought to the screen of Arlington high school boys' gym at 8 p.m. Tuesday, by Lewis and Betty Rasmussen.

The second lecture in the Travel and Adventure series is a journey from Manitoba's yellow wheat harvest through Saskatchewan across the western provinces.

One sequence depicts digging the drumlins of the Red Deer valley for petrified remains of the duck-billed dinosaur. Later, the photographer visits Elk Island park, home of the bison and black tern.

ONE OF THE MOST exciting sequences is the excitement of drilling for oil in the famous LeDuc oil fields of Alberta as the men workk 24 hours each day. The journey continues into the Canadian Rocky mountains, to Jasper where the camera records the unsurpassed beauty amid the lofty, snow-capped peaks of Pyramid Mountain. Angel glacier on Mount Edith Cavelle is shown, as well as the Columbia ice fields, with exquisite camera studies of alpine flowers.

Banff and Lake Louise are visited next, with the travellers continuing westward over the Great Divide to Yoho Valley, Takakaw Falls, and Kicking Horse Canyon. The lecture is climaxed by a return to the bushlands of Ontario for the autumnal parade of colors, beautifully photographed.

Season tickets are still available. This year for the first time single admissions are being sold for each lecture. (B8

The second lecture in the Travel and Adventure series is a journey from Manitoba's yellow wheat harvest through Saskatchewan across the western provinces.

One sequence depicts digging the drumlins of the Red Deer valley for petrified remains of the duck-billed dinosaur. Later, the photographer visits Elk Island park, home of the bison and black tern.

ONE OF THE MOST exciting sequences is the excitement of drilling for oil in the famous LeDuc oil fields of Alberta as the men workk 24 hours each day. The journey continues into the Canadian Rocky mountains, to Jasper where the camera records the unsurpassed beauty amid the lofty, snow-capped peaks of Pyramid Mountain. Angel glacier on Mount Edith Cavelle is shown, as well as the Columbia ice fields, with exquisite camera studies of alpine flowers.

Banff and Lake Louise are visited next, with the travellers continuing westward over the Great Divide to Yoho Valley, Takakaw Falls, and Kicking Horse Canyon. The lecture is climaxed by a return to the bushlands of Ontario for the autumnal parade of colors, beautifully photographed.

Season tickets are still available. This year for the first time single admissions are being sold for each lecture. (B8

Pop Corn Creates Storm Of Excitement Overseas

by BILL DILLINGHAM

In most countries of the world, pop corn is unknown. It is one of those things that is as typically American as Jack Armstrong. When it does reach another country, it usually causes a storm of excitement.

Proportionately few of the people of Europe know of it. Denmark, rather typical of an advanced example, first became acquainted with popped corn as it was sold in small bags. This was no more than six years ago. Just how or why it popped was a mystery. At first, people were not even aware that the thing they ate had undergone a kind of explosion.

IN TIME, FOLKS believed that ANY corn could be popped with elaborate machinery. Then it reached the market for customers to pop themselves. People were fascinated. Now it is a Danish food, spelled "pop korn."

Germany and England got introduced to this product via the American troops stationed in those two places, but most people there do not know yet that expensive machinery is not required for popping.

In Italy, Spain and Portugal, pop corn is all but completely unknown, as it is throughout most of the lands of the world.

THERE IS A HILL tribe occupying Northern Siam, Northern Indo-China and Southern China that uses pop corn more frequently than any American watching a ball game. This is one of the few places in the East where this type of corn is known. The tribe, called the Green Miao, grow the corn and pop it as a form of religious expression. They believe that good spirits live inside the kernels and that when it pops, the spirits are being released to do their friendly chores and duties. Corn is poped, therefore every day. This keeps a ready supply of good spirits on hand to protect the tribespeople. They call it "the corn that explodes into a flower."

Some years ago in France a traveling medicine man sold small packets of powder which he alleged would cause any corn to pop. In demonstrating, he used pop corn — obtained from the USA — and fooled people into thinking that, indeed, the powder had caused the corn to react so violently. He toured many of the French towns and cities until he was arrested, but still use of the corn did not start. Even today in France, most people have never heard of it.

Being 'Needed' Vital to Living

by LELAND ELLIS TRUXELL

Each one of us must have direction in our lives to make our lives worth living. Many people think that having enough money to make work unnecessary or living on a pension is "the life." It can be, of course. But it can also be the most unhappy life possible.

Unless there is a goal to strive for, something worthwhile to attain, a chance to win respect and attention in the world, and to feel that because we are here, the world is a better place to live in, life has little meaning. We must have the feeling of being a part of the world, a part of the life which goes on around us. Unless we feel that we are wanted and needed, we will be unhappy. We will feel like outcasts, a human surplus the world could do better without.

BUT THERE ARE so many things to strive for that one need never feel unwanted. Anyone who can bring happiness to others, lift their spirits, bring a smile to their faces and joy to their hearts is doing a worth while thing. The woman who devotes a part of her life to the welfare of others outside her home is doing a worth while thing; and she who cares for her young, and sees that they are brought up with high ideals, good habits, and a deep Christian faith not only helps the world, but her influence will be felt down through the ages. For an idea for good never dies; is handed down from mother to daughter, from father to son, through all time.

Civic work, Christian work, all of the arts and skills, anything that brings happiness, strength and courage to others or contributes to beauty and comfort in life, is good work.

FINDING AN interesting activity after retirement, or even partial disability, should be easy. So if time drags for you and you feel uneasy and unnecessary, pick yourself a job and put your shoulders to the wheel. Whether it makes you wealthy or not is of little importance

If it makes you happy and contributes to the welfare or happiness of others, it is needed and important, and you are successful and needed. (B12

Palatine's New Boiler And Pump Is Initiated

50 Years Ago

50 Years Aog

November 1, 1907

Palatine — The new boiler and pump were initiated this week and proved to be entirely satisfactory. The new equipment is an exact duplicate of the old and when the new addition to the station is finished, we will have something to show jealous neighbors.

John Bergman is a capable engineer and the equipment will be kept in first class shape by him. The people of Palatine hardly realize the size and money value of our water works system. We now have 2 50 hp. boilers, 2 pumps with a capacity of 500,000 gallons in 24 hours, a first-class 6-in. well with a flow of 40,000 gallons a day under normal conditions, an air compression, which only has to be used once a month to clear the well, 2 reservoirs holding 38,000 and 68,000 gallons respectively, a 100-ft. standpipe holding 72,000 gallons nearly 5 miles of mains and about $1800 invested in meters. The new addition to the station affords a commodious office and work room. It's a system to be proud of, on which the village only owes about $6,500.

* * *

FINANCIAL TROUBLES in the east have not affected Palatine except that our local bank must necessarily conform with the rules of the Chicago Clearing House association.

Bensenville — Woods were full of hunters Sunday for both game and mushrooms. A 22-pound coon was bagged here recently.

Will Koebbeman was pleasantly surprised Sunday evening by a large number of friends who came to help celebrate his 27th birthday.

Louis Bell has started moving his house from William Stellman's to the lots he bought lately.

FOLLOWING ARE the names of pupils of the Fridens church confirmation class for 1908: Laura Ernsting, Hattie Franzen, Clara Kolze, Lena and Rhinehardt Westphal, George Warnecke, George Korthauer, John Randecker and Herbert Geils.

40 Years Ago

November 2, 1917

Palatine — Miss Emily Kunz and Mr. Leo Nangle were married at the home of the bride's mother Saturday evening. The happy couple will reside in the upper flat of the Kunz home.

Bensenville — The Mittleheuser sale was a great success. He cleared $10,156. He expects to move to Forest Park soon where his son and daughter, Mr. and Mrs. M. Rittmueller live.

* * *

WHEELING — An epidemic of chicken pox has broken out in the village, and it has been found necessary to close the school a few days. Dr. E. L. Larson fumigated the building Friday.

Mt. Prospect — Edwin Wille is expected home Sunday. If he doesn't come then, we may not see him again for years, as he goes to Texas, and thence to Europe where he is likely to be captivated by a French maiden and they will live in luxury in Berlin after the Kaiser is driven out.

Mr. and Mrs. Andrew Horcher of Arlington Heights are the happy parents of a 9 pound baby girl born October 25.

Winter struck this region hard Oct. 29. The earth has been covered with 2 inches of heavy snow ever since. Coal and sugar are scarce luxuries now days.

DICH FREDRICHS SR. of Elk Grove was in town Monday. He said he had lots of potatoes still in the ground but didn't care whether he dug them or not as he had made money enough this year. He offered villagers $4 for 9 hours work but did not hire any.

Rev. J. H. Eilerbrake gave his first all-American service at St. John Evangelical church Sunday.

Bloomingdale — Henry Picton, while cranking his father's Ford Monday, broke his arm. The machine started to go forward and pinned him against the garage.

The Pep-O-Logue Bams purchased nearly 335 acres of beautiful wooded land near Wauconda. The tract included what is to be known as Bam Lake, which is fairly alive with the gamest of game fish.

The price of all memberships will be increased immediately. The trustees to control the monies paid in for new memberships with full club house privileges include W. F. Krause and William Hausam.

W. F. Malloy was grand founder trustee of the Pep-O-Logue Bams, Success Foundation of the World Tolerance Lighters, a corporation not for profit.

MR. WILLIAM D. Wilkening, a prominent farmer of Schaumburg, died suddenly Tuesday. He was born April, 1866, and has lived there all of his life.

October 24, Miss Cecelia Johan and Renador M. Firnbach were married in St. James church.

Building continues as strong as ever with the first home being started in the H. Roy Berry Colonial Manor, Mt. Prospect, this past week.

Busse's Buicks are getting to be a familiar sight as A. E. is still the super salesman of the organization and sells cars as fast as he can get them.

The Farm Bureau Auction to be held this coming Saturday is a substitute for the formal opening of the new home of the Cook County Farm Bureau. This will be the time and place where the hundreds of farmers of Cook County and the business men and residents of Arlington Heights will meet. The farm bureau acquired the building from the receivers of the Arlington Heights State Bank.

MRS. AUGUST Behling, the former Clara Bicknase, died in Palatine Oct. 26. She was born in Plum Grove in 1867.

August Remus, another long time resident of Palatine, died at his home at the age of 77.

Miss Bernice Schultz became the bride of Herbert Gieseke of Roselle, Saturday.

Chicago Suburb Is Proving Integrated Housing Works

by REV. WILLIAM McGILL

On almost any street corner, almost anywhere, the word can be heard that "integrated housing" will not work, that people will not go for it.

There is at least one western suburb in the Chicago area where it does work. The York Center Association finds that it works well enough that there is a waiting list of people who want to buy and build homes in an inclusive community.

* * *

YORK CENTER started in the tradition of many religious communities in this country. An interested layman bought a farm where a religious community of the twentieth century might be developed. Its pattern could be traced in Oneida, New Harmony or Amana, but this one was to be adapted to the needs of the commuter member of the religious society.

As they drew up the incorporation documents, their first thought was that people must be free to exercise their moral understanding, every effort was made to make the way clear for the community to control itself. The incorporation document was set down without rules and by-laws, listing only general moral principles on which the community was being established.

* * *

AS THEY SET down moral principles, a question was raised in their minds, "If we feel this way, can we require everybody to be members of our denomination?" They decided that a religious affiliation could not be a test of membership.

The next question appeared to be, "Can we make any other requirements?" And they decided that this must be a community open to all persons whatever their racial characteristics or their religious backgrounds.

* * *

YORK CENTER was incorporated as a cooperative subdivision without restrictive covenants regarding race or religion. The Federal Housing Authority had no standards or procedures for reviewing cooperative housing. The FHA had also adopted the general real estate practice of restrictive covenants regarding race. At first, the FHA seemed to be setting up new standards each time the Association met a requirement.

A community water system seemed to be one of the early necessities. Large lots for adequate sanitary septic systems seemed another necessity. The Association prepared for small annual assessments which would enable the community to engage in cooperative projects. The FHA set up a department to deal with cooperative housing and quietly dropped its requirement on restrictive covenants involving race.

* * *

ANY DECISION involving the community has to be made by common consent. This is so clear and definite a part of the community pattern that it is noticable on the playground. If a children's scrap goes on for very long, the cry soon becomes, "Let's take a vote." The vote taken, they get back to the game.

York Center families are about sixty per cent white, about 30 per cent Negro, and about 10 per cent Japanese. The Association and its subdivision have been studied by various universities as well as the FHA. It works, and it has worked well for about 10 years — since the first houses were constructed.

At least part of why it works is the community will to develop and maintain high standards of home-building, high standards of property maintenance and high standards of community maintenance and cooperation.

One reason alarm clocks are so unpopular is they make people wake up.

A man who has been married for five years can always surprise his wife by passing the salt to her before she asks for it.

A good golfer is one who uses his Sunday mornings to take his family to church.

Opposition makes a great man greater . . . and that's why some married men are so successful.

A woman doesn't mind if you quote her age as long as you're off by at least ten years in her favor.

People who think they can charge their sins up to experience are going to be shocked when they discover how poor their credit is with God.

Training a child to follow the straight and narrow path is easy for parents all they have to do is lead the way.

The most important mistakes to correct are those you are sure you can get away with.

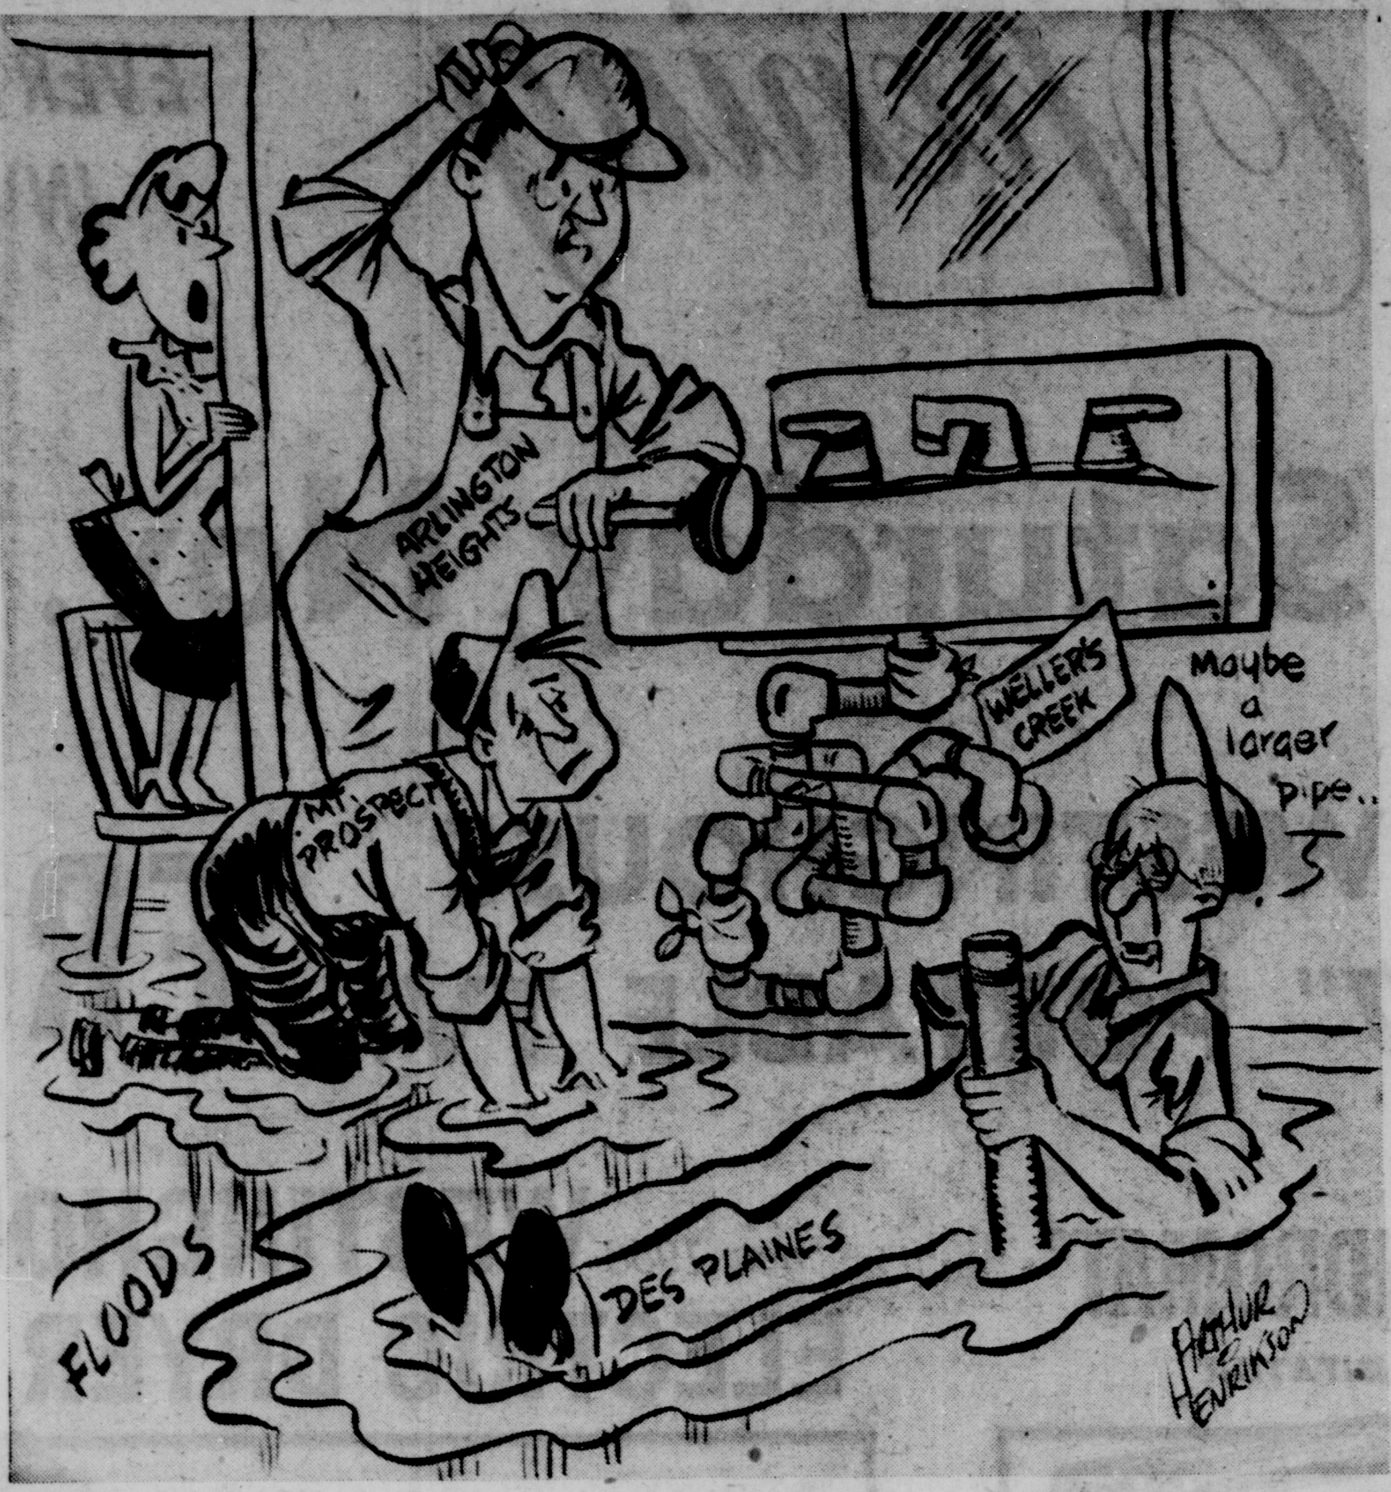
A doctor usually has two kinds of charity patients . . . those who can't afford to pay him, and those who can.

A person who is careful to recognize the other fellow's good points never has to worry that his own will be overlooked.

Intelligence is very much like money . . . if you don't let on how little you've got people will credit you with more than you do have.

One thing a person can always borrow without collateral is trouble.

Weller Creek Needs Action Now!



'Why Don't You Call Somebody Who Knows How?'

Area Must Jointly Tackle Drainage Bottleneck Project

by TOM BRENNAN

Picture a gently-rolling stretch of rich farming country traversed by a narrow, winding creek. Consider the natural drainage system on the land.

Most of the water coming onto the land in the form of rain is retained in the soil through seepage into the ground. More water is stored in the ponds and ditches dotted about the landscape. Only a fraction of the normal rainfall drains into the small stream. Even so, the rivulet of summer runs brimful in spring and fall rainy seasons.

* * *

NOW, IMAGINE that a large-scale developer buys up much of the area drained by our sweet-smelling creek.

The dips and rises in the terrain are leveled by steel-toothed scrapers, the course of the stream is straightened and water-holding vegetation is removed.

Hundreds of homes rise almost overnight, sewer mains are installed and wide paved streets are laid down. The rains now pour in torrents from rooftops, rush along curbs into sewers and thence into our shallow watercourse.

Also gushing into our stream is the water used by the dwellers in the homes, purified by a sewage treatment plant.

The amount of water flowing downstream is now, needless to say, far greater than when the land was farmed.

* * *

THIS IS WHAT has happened to the streams in our rapidly-expanding northwest area. And the fact that the streams have not been made larger to cope with this increased flow of water from built-up areas is one of the reasons for the periodic flooding of our towns. Salt creek, running from Palatine south through Rolling Meadows and into Du Page county, is in fair shape because of dredging operations carried on in recent years.

But 2 other streams which function as the plumbing for the northwest area are already proving troublesome and will become more so in the immediate future.

Wheeling drainage ditch overflows and floods several large Wheeling subdivisions after only a light rainfall and caused evacuation of several homes after the record July storms.

* * *

WELLER CREEK, starting in Arlington Heights and flowing through Mount Prospect and Des Plaines before it empties into the Des Plaines river, spilled over its bank and into industrial and residential areas in Des Plaines in July.

The worst damages in the northwest community were caused in Des Plaines. Losses mounted into the thousands at Des Plaines' Benjamin Electric Co. plant and in Cumberland Terrace subdivision. The upstream towns of Arlington Heights and Mount Prospect also suffered heavy losses but there the flooding was mainly due to inadequate local sewer systems.

The fact that water dumped into Weller creek at Arlington and Mount Prospect overflowed the stream's bank in Des Plaines means that Weller creek is a problem to be tackled by all the villages that it drains.

* * *

WELLER CREEK drainage district was established 40 years ago, in 1917, to handle drainage problems for all the communities lying within the drainage basin. But to say the district hasn't done the job is an understatement.

An article written in 1955 noted that the district was "mired" in a "nearly hopeless legal and financial tangle" and the district still has a long way to go to get out of the muck.

The basic problem is that the district levies such low taxes that it does not have the money for the job. Engineers have for years urged widening and deepening the creek to its original size but little has come of the recommendations.

* * *

CURRENTLY Des Plaines is tackling the problem alone. The city plans to enlarge the stream in a 2-stage project to cost $30,000. A sum of $9,200 has been voted as a start and contributions will be sought from industry.

E. R. Warnicke, Des Plaines superintendent of public works, points out that his city's efforts will be only a partial solution. Des Plaines will dredge the creek where it flows at ground level but does not plan to enlarge a flume running under city streets.

Thus there will still be bottlenecks to hold back and impound the racing waters.

* * *

IT HAS BEEN suggested that the Chicago Sanitary district take on the problem but a 1955 attempt at this approach got nowhere.

To date Arlington and Mount Prospect have dragged their heels on Weller creek, waiting for somebody else to pick up the tab.

But a solution cannot wait much longer. The upstream villages cannot continue to dump ever-increasing quantities of water on their downstream neighbors.

Let's not wait for another record downpour before getting our "plumbing" in working order.

Nation's Motorists Blamed For Continuing Road Toll

America's motorists, not their roads and automobiles, were blamed this week for the nation's continuing highway toll by Arthur S. Johnson, engineering vice president of the American Mutual Liability Insurance company of Boston.

"In considering the vast strides forward of the past few years in highway engineering and building, and in automobile engineering and manufacture, we may well ask, 'What is wrong with our national highway safety movement?' The answer appears to be: 'Nothing that cannot be fixed by the drivers themselves'," said Johnson.

* * *

HE STRESSED that although the number of persons killed in highway accidents per one hundred million miles driven had dropped from 12.1 in 1941 to 6.4 in 1956, the nation's highway death toll still was at 40,000 a year, the injury rate at almost 1,500,000, and the accident rate at 10,000,000.

"In tackling the problem of how to stop these 40,000 deaths a year," Johnson continued, "and cut down on the appalling number of accidents occuring, our national safety movement must find positive answers to 2 basic questions: What is it that drivers are doing that causes the accidents, and why do drivers continue to do these accident-making things?"

Johnson revealed these results of recent surveys conducted among representative motorists across the country by the insurance company's Institute for Safer Living.

* * *

1. **NINE OUT** of 10 drivers questioned admitted they had broken stated rules of safe driving.

2. Half the drivers said they decided for themselves, regardless of posted limits, what their speed limit should be.

3. Forty per cent of all drivers said they occasionally passed other cars on curves, while an equal percentage said they saw no objection to passing on hills from time to time.

4. Thirty per cent said they did not come to a complete stop at "through street" intersections but simply slowed down to make sure that cross traffic was clear.

* * *

5. **ONLY 7 PER** cent of the drivers questioned stated they never drank when they were going to drive. Of the balance, 32 per cent felt they could handle one drink before their skill and judgment were affected, 27 per cent believed they could handle 2 drinks, 18 per cent believed 3 drinks were safe, 13 per cent felt 4 drinks were safe, and 3 per cent felt even more would not impair their driving ability.

"A vast majority of American drivers look upon highway regulations casually, many of them with disdain," Johnson concluded from this data.

He also presented some of the findings of Alfred L. Moseley, consulting psychologist for the Institute, who has recently conducted a series of roadside interviews with drivers involved in fatal accidents in cooperation with the Massachusetts Registry of Motor Vehicles.

"There is much evidence to indicate a regular, continuing violation of highway regulations and safe driving practice," he said, adding that Moseley attributed this to 3 factors: Widespread unconcern about being arrested on the highway, a lack of fear beforehand of being involved in an accident, and a conviction that being required to drive safely or obey the law was an infringement of their personal rights.

* * *

THE KEY TO understanding the causes of accidents, Johnson continued, may lie in the psychological and psychiatric fields. Yet he maintained that equally important to finding out why drivers create accident situations was the need to find out effective answers of control.

"Most of the answer lies in everlastingly hammering through educational processes the rightness of safe driving practice, and acceptance of the fact that use of the highways is an individual privilege not to be abused," he said.

Youth Physical Fitness Vital

by MORT LEVE

President Eisenhower is vitally interested in our nation's youth physical fitness.

Tests have shown our school children to be far below par physically.

Much can be accomplished in our schools, with more emphasis on intramural sports than on the varsity spotlight for the select few.

* * *

HOWEVER, the apathy of grammar school educators on competitive activity for their students must be overcome. Instead of incompetent gymnasium sessions there must be developed skills in various sports that can be carried on after the school years.

A rounded training in such sports as tennis, swimming, volleyball, and badminton for both boys and girls will allow year around participation.

Wrestling is a marvelous body builder and can be started with the boys at an early age. We have witnessed the success of Little League baseball. The principles of cutting down the size of equipment and playing area to cope with the physical limitations of the youth can be applied in other sports. "Small Fry" wrestling pairs off boys according to size and age. It teaches dexterity, endurance, and instills competitive desire.

* * *

ANOTHER FINE game that is sadly neglected is handball. Around the New York City area there are more than 1,000 outdoor handball courts in playgrounds, beaches, parks . . . and the youngsters have the opportunity to play one of the most fundamental of all games throughout the year.

Sadly enough, when constructing new schools little attention is given athletic facilities. The gymnasiums are often undersized and impractical for many of the sports that could be incorporated indoors. Outdoors, the usual case is to sprinkle slides and swings around with little thought of practical use.

What is sorely needed? Trained grammar school physical educators—specialists who can impart the needed training. For we are finding that physical well being is just as important, if not more so, than academic training.

Flu Epidemic Threatens Aid

I enclose a clipping reporting the closing of the Palatine schools as a result of the flu epidemic. It appears that this is being done because of the tremendous loss of State aid being occasioned by present absenteeism. It also appears that this has met the approval of Vernon L. Nickell.

I have one son home today with the flu, and a daughter who is home because the schools are closed. It seems to me to be a sad commentary on our school system that we should deprive perfectly well children of an education because other children are sick. As the flu edidemic spreads throughout Illinois, undoubtedly more and more schools will be closing down.

It seems to me that Governor Stratton should announce immediately that he will support a deficiency appropriation to compensate all schools for the losses occasioned in State aid by remaining open during the flu epidemic. Unless something of this nature is done immediately, many children will be deprived of their full education this fall.

Resents Those 'Telephone Pests'

What can be done about the telephone pests that call even late at night and on Sunday? I have tried to be courteous and firm, that I do not want their product, but some are even insolent and insulting.

They resent being asked who they are and what are they selling. Too many times, I have called my husband out of bed, or off a ladder, because I thought the call might be important, only to find it was one of these pests.

I wonder if the companies these pests represent, know the enemies they are making for their products. If we were going to buy any of these products, we certainly would go to a reliable store, never even consider the telephone pests.

Palatine's New Boiler And Pump Is Initiated

50 Years Ago

50 Years Aog

November 1, 1907

Palatine — The new boiler and pump were initiated this week and proved to be entirely satisfactory. The new equipment is an exact duplicate of the old and when the new addition to the station is finished, we will have something to show jealous neighbors.

John Bergman is a capable engineer and the equipment will be kept in first class shape by him. The people of Palatine hardly realize the size and money value of our water works system. We now have 2 50 hp. boilers, 2 pumps with a capacity of 500,000 gallons in 24 hours, a first-class 6-in. well with a flow of 40,000 gallons a day under normal conditions, an air compression, which only has to be used once a month to clear the well, 2 reservoirs holding 38,000 and 68,000 gallons respectively, a 100-ft. standpipe holding 72,000 gallons nearly 5 miles of mains and about $1800 invested in meters. The new addition to the station affords a commodious office and work room. It's a system to be proud of, on which the village only owes about $6,500.

FINANCIAL TROUBLES in the east have not affected Palatine except that our local bank must necessarily conform with the rules of the Chicago Clearing House association.

Bensenville — Woods were full of hunters Sunday for both game and mushrooms. A 22-pound coon was bagged here recently.

Will Koebbeman was pleasantly surprised Sunday evening by a large number of friends who came to help celebrate his 27th birthday.

Louis Bell has started moving his house from William Stellman's to the lots he bought lately.

"A vast majority of American drivers look upon highway regulations casually, many of them with disdain," Johnson concluded from this data.

He also presented some of the findings of Alfred L. Moseley, consulting psychologist for the Institute, who has recently conducted a series of roadside interviews with drivers involved in fatal accidents in cooperation with the Massachusetts Registry of Motor Vehicles.

"There is much evidence to indicate a regular, continuing violation of highway regulations and safe driving practice," he said, adding that Moseley attributed this to 3 factors: Widespread unconcern about being arrested on the highway, a lack of fear beforehand of being involved in an accident, and a conviction that being required to drive safely or obey the law was an infringement of their personal rights.

* * *

THE KEY TO understanding the causes of accidents, Johnson continued, may lie in the psychological and psychiatric fields. Yet he maintained that equally important to finding out why drivers create accident situations was the need to find out effective answers of control.

"Most of the answer lies in everlastingly hammering through educational processes the rightness of safe driving practice, and acceptance of the fact that use of the highways is an individual privilege not to be abused," he said.

Youth Physical Fitness Vital

by MORT LEVE

President Eisenhower is vitally interested in our nation's youth physical fitness.

Tests have shown our school children to be far below par physically.

Much can be accomplished in our schools, with more emphasis on intramural sports than on the varsity spotlight for the select few.

* * *

HOWEVER, the apathy of grammar school educators on competitive activity for their students must be overcome. Instead of incompetent gymnasium sessions there must be developed skills in various sports that can be carried on after the school years.

A rounded training in such sports as tennis, swimming, volleyball, and badminton for both boys and girls will allow year around participation.

Wrestling is a marvelous body builder and can be started with the boys at an early age. We have witnessed the success of Little League baseball. The principles of cutting down the size of equipment and playing area to cope with the physical limitations of the youth can be applied in other sports. "Small Fry" wrestling pairs off boys according to size and age. It teaches dexterity, endurance, and instills competitive desire.

* * *

ANOTHER FINE game that is sadly neglected is handball. Around the New York City area there are more than 1,000 outdoor handball courts in playgrounds, beaches, parks . . . and the youngsters have the opportunity to play one of the most fundamental of all games throughout the year.

Sadly enough, when constructing new schools little attention is given athletic facilities. The gymnasiums are often undersized and impractical for many of the sports that could be incorporated indoors. Outdoors, the usual case is to sprinkle slides and swings around with little thought of practical use.

What is sorely needed? Trained grammar school physical educators—specialists who can impart the needed training. For we are finding that physical well being is just as important, if not more so, than academic training.

Flu Epidemic Threatens Aid

I enclose a clipping reporting the closing of the Palatine schools as a result of the flu epidemic. It appears that this is being done because of the tremendous loss of State aid being occasioned by present absenteeism. It also appears that this has met the approval of Vernon L. Nickell.

I have one son home today with the flu, and a daughter who is home because the schools are closed. It seems to me to be a sad commentary on our school system that we should deprive perfectly well children of an education because other children are sick. As the flu edidemic spreads throughout Illinois, undoubtedly more and more schools will be closing down.

It seems to me that Governor Stratton should announce immediately that he will support a deficiency appropriation to compensate all schools for the losses occasioned in State aid by remaining open during the flu epidemic. Unless something of this nature is done immediately, many children will be deprived of their full education this fall.

Resents Those 'Telephone Pests'

What can be done about the telephone pests that call even late at night and on Sunday? I have tried to be courteous and firm, that I do not want their product, but some are even insolent and insulting.

They resent being asked who they are and what are they selling. Too many times, I have called my husband out of bed, or off a ladder, because I thought the call might be important, only to find it was one of these pests.

I wonder if the companies these pests represent, know the enemies they are making for their products. If we were going to buy any of these products, we certainly would go to a reliable store, never even consider the telephone pests.

Farm Corn Elevators Dangerous

Corn elevators have taken the backache out of cribbing corn. But as least half a dozen Illinois farmers are injured in elevator accidents each year, according to O. L. Hogsett, extension safety specialist at the University of Illinois College of Agriculture.

Two of the most dangerous points are the tumbling rods running from the tractor or jack to the elevator and from the elevator to the hoist. Without a sheidl they're ready to grab loose clothing or gloves. Once they get shield they're ready to grab loose

Because there are many gears, sprockets and chains that cannot be shielded, it is wise to keep children away from the elevator. For your own safety, wear close-fitting clothes that won't catch on moving parts.

Hogsett also adds this word of caution: When moving an elevator, watch out that it doesn't touch overhead electric wires.

Weed Commissioner Laws In Illinois Explained

Jack Frost has eliminated the weed problem in Illinois for this growing season. But next spring, like the swallows, the weeds will return. Some of these weeds have proved so harmful that they are designated by Illinois law as "noxious," and special provisions have been made for eradicating them. Noxious weeds include Canada thistle, Russian knapweed, European bindweed, hoary cress, leafy spurge, perennial sow thistle and (when within cities and villages) ragweed.

Although farmers are generally conscientious about destroying noxious weeds, state legislators felt that the problem was serious enough to provide for appointment of an official investigator to look for and eradicate such weeds. This official is called the commissioner of noxious weeds, or more popularly, "thistle commissioner." In rural areas he is appointed by the board of town auditors (or the county commissioners in counties not organized on a township basis) for a two-year term. His maximum pay is $6 a day for days he actually spends in performing the duties of this office.

* * *

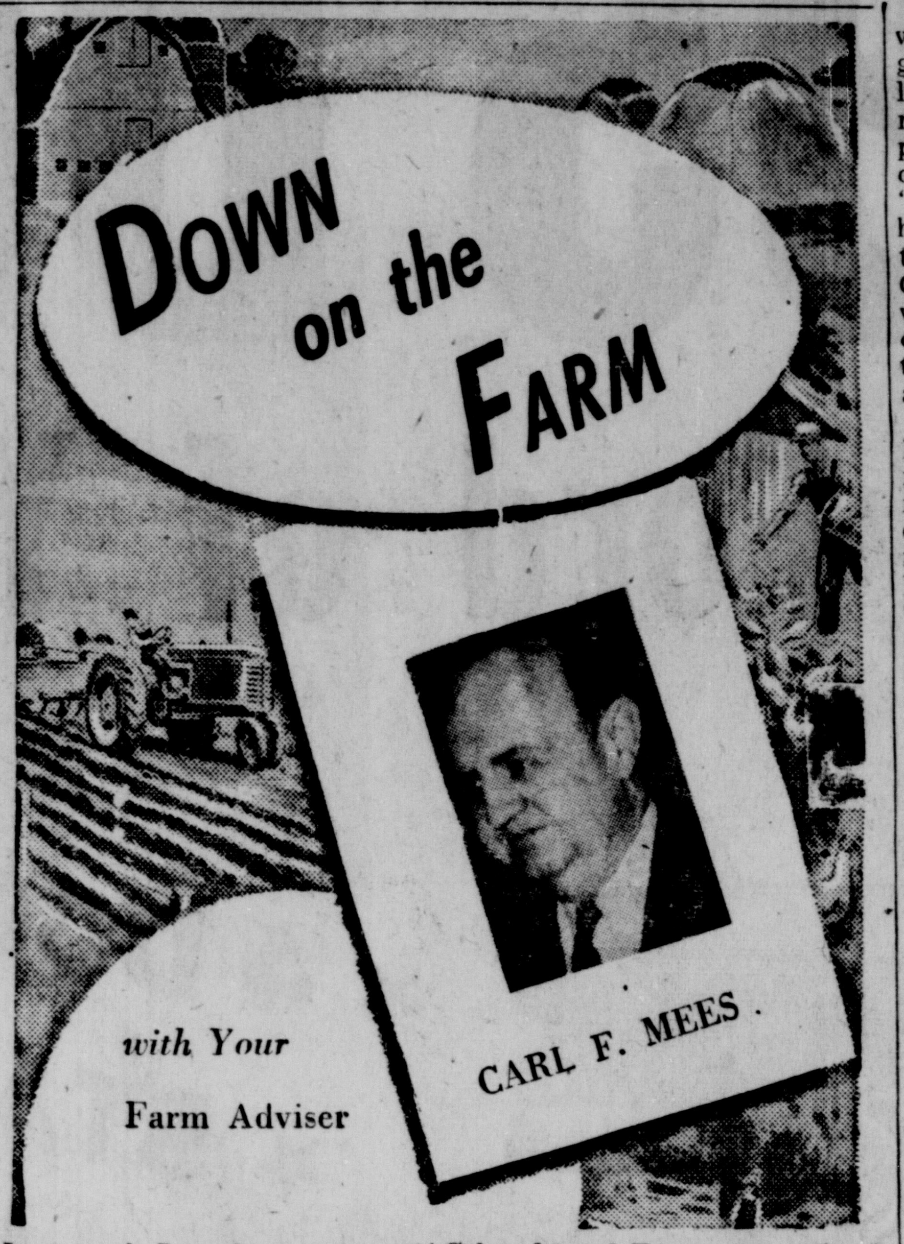
DUTIES OF THE weed commissioner, which are established by law, include inspecting the area and destroying noxious weeds. If the commissioner finds noxious weeds growing on a farm, he notifies the owner or occupier of the farm in writing and suggests methods of eradication. If, after such notice, the weeds are not eradicated, the commissioner is legally authorized to enter upon the land and to cause the destruction of the weeds. Costs are paid by the township.

The township, in turn, is legally entitled to reimbursement by the delinquent farmer. However, the commissioner is not allowed to spend more than $25 on any single tract of land without the prior written approval of the township supervisor. The commissioner has the additional power to start proceedings for having a fine levied against the delinquent farmer for failing to cut the weeds.

THE WEED commissioner's work is not finished when Jack Frost appears. Before December 1 he must submit his annual written report to the State Department of Agriculture and to the body that appointed him. These annual reports on weeds throughout the state enable the department to effectively assist the Illinois farmer in his never-ending battle with noxious weeds.



Last week I made a comment on watering evergreens before the ground freezes. We were fortunate in getting a good rain this past week so most of the evergreens should have plenty of water to go into the winter. However, if you have wide eaves on your buildings that protect the evergreens, check to see if those evergreens have plenty of moisture. Many times the rain does not get under the eaves.

CATTLE NUMBERS

The number of cattle and calves on feed for market in 13 major feeding states October 1 was estimated at 3,222,000 head. This was a decline of 11 per cent from the 3,618,000 head on feed a year earlier and 13 per cent below the July 1 number on feed.

The number of cattle and calves on feed Oct. 1, 1957, in the 4 important western feeding states of Arizona, California, Colorado and Texas was estimated 852,000 down 15 per cent from last Oct. 1. Texas showed the largest decline, 38 per cent from the preceding year. These figures may indicate that we will have less beef on the market during the next years. It may be a good idea to have a few additional steaks now for they are on the bargain counter.

SOIL MANAGEMENT

Soil management that "makes sense" must provide 3 basic essentials.

1. The program must provide the amount and [illegible] food needed for high levels of production.

2. It must provide satisfactory soil tilth to promote the development of crop roots and to encourage good water, air and temperature conditions in the soil.

3. It must give protection against excessive soil loss and damage for erosion.

No one single soil management program will fit all farms.

The best program for your farm will depend on the kind of soil you have, the amount of money you have or want to spend, the amount of risk you are willing to take and your ability as a farmer.

The kind of fertilizer you use must be related to the kind of land you have and the rotation you are following. (Fm

Cheese Varieties Told in Pamphlet

No telling what might happen if automobile buyers were faced with selecting a family car from 800 different models.

Maybe not as far-fetched, but just as perplexing is the case of the homemaker who, when trying to buy the right kind of cheese for the right occasion, must choose from as many as 800 different varieties.

To make her job of selection simpler, a new leaflet—"Cheese-Way Boulevard"—is now available without charge from 330 Mumford hall, University of Illinois, Urbana.

General theme of this cheese selection guide centers around the subtitle: "Roadsigns to Better Cheese Enjoyment." Inside, cheese-fanciers can find their "Road Map to Cheeseland."

The guide covers ten basic groups of world-wide cheeses along with some examples of varieties under each group.

Also, the country of origin of the cheese is mentioned, along with an explanation of its "body" and texture and the use to which it can be put.

For example, Edam cheese is included under the interior-ripened group. The leaflet explains that it originated in the Netherlands, has a firm body and can be used for buffets, appetizers, desserts, cooking and so forth.

Varieties of cheese in a particular group have similar characteristics.

If one knows to which group a cheese belongs, it is possible to predict some of its characteristics and uses and thus make the job of selection much easier for the homemaker.

The leaflet was produced under a UI College of Agriculture milk and milk products information project with funds provided by the U. S. Department of Agriculture and the American Dairy Association of Illinois. (Fm

4-H Recognition Night Tuesday

As most of you know, each year after our club year is over and the records have all been judged, an Achievement or Recognition Nite is held to honor those 4-H members who have done an outstanding job in the club year.

This program, of course, is not only to recognize individuals but it is also designed to give the leaders and clubs a pat on the back and encourage them for the next year.

We are very proud of our 4-H'ers this year as we always are, but this year we think the 4-H'ers have done an exceptional job in completing their records.

Some of our members are now in competition for national honors and have already won state honors which I believe is a "feather in the cap" for Cook county youth, as well as something the adults of our county should be proud of.

We would like to take this opportunity to invite everyone to attend our Recognition Nite program at Arlington high school Tuesday night, Nov. 5, to witness one of the highlights of our 4-H program which is the deserved praise to the 4-H'ers for their fine cooperation and hard work in the past year. At the end of the fall season, National 4-H Achievement Day, November 2, provides an opportunity for each community to recognize the accomplishments of its 4-H boys and girls as an incentive for future endeavor.

As most of you know, each year after our club year is over and the records have all been judged, an Achievement or Recognition Nite is held to honor those 4-H members who have done an outstanding job in the club year.

This program, of course, is not only to recognize individuals but it is also designed to give the leaders and clubs a pat on the back and encourage them for the next year.

We are very proud of our 4-H'ers this year as we always are, but this year we think the 4-H'ers have done an exceptional job in completing their records.

Some of our members are now in competition for national honors and have already won state honors which I believe is a "feather in the cap" for Cook county youth, as well as something the adults of our county should be proud of.

We would like to take this opportunity to invite everyone to attend our Recognition Nite program at Arlington high school Tuesday night, Nov. 5, to witness one of the highlights of our 4-H program which is the deserved praise to the 4-H'ers for their fine cooperation and hard work in the past year. National 4-H Achievement Day, November 2

As the 1958 4-H Calendar painting shows, late summer finds many a 4-H member busily grooming an animal or preparing some other type of exhibit for showing at the county or state fair. And sometimes Little Brother is ready, too, with an entry all his own!

At the end of the fall season, National 4-H Achievement Day, November 2, provides an opportunity for each community to recognize the accomplishments of its 4-H boys and girls as an incentive for future endeavor.

Prospectors Name Kenny Freeland As President

Prospectors 4-H club of Mt. Prospect elected Kenny Freeland as president of the group for the 1957-'58 year. Larry Oehlerking was elected vice president; Clark White Jr., a new member was elected treasurer; Joe Mueller, secretary; and Bill Schneider, publicity chairman.

Meetings are held from 7 to 9 p.m. the second Thursday of each month during the school year and any boy between 10 and 20 years of age, is eligible to become a member. Next meeting of the group will be held November 14 at Lincoln school and those interested may attend the meeting or call CLearbrook 5-5362. (4-H

* * *

THE INDUSTRIAL park will be served by the Chicago and North Western Railway and the Milwaukee road.

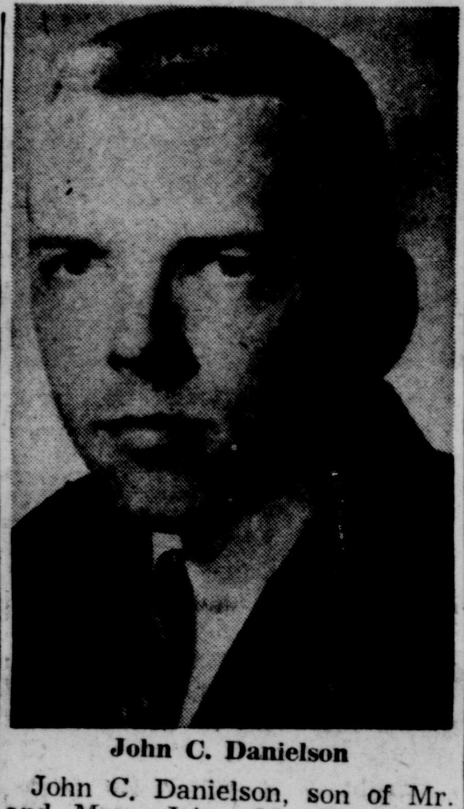
Appointed Honor Program Attorney



John C. Danielson

John C. Danielson, son of Mr. and Mrs. John M. Danielson, 2013 Chestnut, Arlington Heights, recently was appointed Honor Program attorney, Antitrust division, Department of Justice.

Danielson was selected under the Attorney General's 1957 recruitment program for Honor Law graduates.

Danielson resides in Champaign. He received his BS degree from the University of Illinois in 1950; his LLB from the U. of Illinois college of law in 1957.

* * *

HE WAS A member of the university board of student editors, Law forum, from 1955 to 1957. He was also a member of the Order of the Coif, Phi Delta Phi (legal fraternity), and a Junior of the Illinois State Bar association.

He has a wife, Marilyn, and a son, John C., II.

The program for recruiting outstanding law graduates for employment in the various divisions of the Department of Justice was initiated by former Attorney General Brownell Jr., in 1953.

Danielson is one of approximately 70 students to be chosen this year from a field of 600 exceptionally qualified applicants representing 90 law schools throughout the country. Selections for the program are made strictly on the basis of merit.

One feature of the program permits those selected to gain a variety of experience by allowing them to transfer between the various divisions of the department.

Attorneys also receive the benefit of a special orientation course which includes a meeting with the attorney general and discussions about their work by all of the divisions.

These features provide a basis for early promotion.

According to Attorney General Brownell, the purpose of the program is two-fold: the department of justice needs the services of young top-flight lawyers; the legal profession as a whole will benefit by the training and knowledge that these young people will carry with them into the private practice of law.

Marilyn Brehm Is September 28 Bride

(Jenart Studio

Baskets of white asters and gladioli decorated St. Mary church in Buffalo Grove for the marriage of Miss Marilyn M. Brehm, daughter of Mr. and Mrs. Joseph Brehm of Prairie View and Larry T. Erickson, son of Mrs. Irene Erickson of Wheeling. The double ring service took place at 2 p.m. September 28 with Rev. George Ballweber officiating.

A dinner for 65 guests followed the service and was held in the Union hotel, Wheeling. An evening reception was held for 400 guests in St. Mary school hall after which the bride and groom left on a 2-week honeymoon to Florida. They are now residing in Aptakisic.

The bride was given in marriage by her father and wore a long lace gown over satin fashioned with sweetheart neckline. She also wore a fingertip veil with pearl crown with net running through the pearls. White and pink mums made up her bridal bouquet.

Carolyn Brehm was her sister's maid of honor. She wore a ballerina gown of crystalife in 2-tone gold with matching shoes and headpiece. She carried green-tinted mums. The bridesmaids, Miss Lois Weidner of Bristol, Wis., Linda Emmerich and Lois Koch of Buffalo Grove, and Carla Anderson of Long Grove, wore identical gowns of 2-tone green crystalite with matching shoes and headpieces. They carried bouquets of rust colored mums.

For her daughter's wedding, Mrs. Brehm wore a moss rose lace and tulle dress with matching hat and corsage of white flowers. Mrs. Erickson was in a red taffeta dress with matching accessories and a white corsage.

The bride was graduated from Ela-Vernon high school and is employed in Wheeling at Ekco-Alcoa Containers, Inc. The bridegroom attended Northbrook high school and is with Chicago Home Builders in Deerfield.

Just Around The Corner From Patty McArdle

Your Point of View Dept.

Dear Peg:

It-Depends-On-Your-Point-Of-View-Department:

Thoughts after hearing and overhearing conversations in the OB's waiting room . . . I had my children rather close together because they would be such nice companions for each other; you had yours close together, shall we say, inadvertantly, dear? She, of course, has hers one after another because she doesn't know any better . . .

My gain in weight over the doctor's prescribed amount is all liquid and will disappear as soon as the baby is born; you're a little heavier than you should be because you eat too much. You'll be sorry when you discover how difficult it is to take off 10 pounds after the baby arrives . . .

My morning sickness is due to my sensitive stomach which at this time doesn't agree with certain foods; but I'm sure that your morning sickness is all in your mind, my dear, and anyone can tell that your friend's so-called morning sickness is due to a resented husband and an unwanted baby! . . .

If I am a student of the natural childbirth school of thought, I am informed, intelligent and looking forward to this glorious experience with the calm assurance that it is the natural, proper and only way for a modern woman to have her baby; but if you are the one who subscribes to this weird idea, you are either a fanatic, an amazon or you just want to impress people—especially your doctor! . . .

If my new baby is a "bottle baby," I am a thoughful, protective mother who is making sure that her baby gets enough to eat; if you prefer bottle feeding, it's because you have so many school and church activities, you just can't spare the extra time it takes to nurse; you and I both know that if she insists on bottle feeding her poor little newborn infant, it's because she always has run around all day, and won't stop now even though she has a new responsibility to whom she owes some of that time and spends so uselessly . .

If I ask my husband and children to help around the home now more than usual, it's bebecause I need extra assistance so I won't overdo and so that they will feel more a part of the experience; you are taking advantage of your condition, if you get your family to do your work for you! . . .

When I say "we'd like a boy" it's merely because we think it would be nice for Patrick to have a brother just 18 months younger than he; when you say you'd like a boy, I feel that you shouldn't be thinking that way. After all, you really should be hoping only that it will be a healthy, normal child, not for a particular kind . . . and so it goes.

My love,
Patty

Quite Contrary

I Won't, No I Won't! Won't!

by MARY

I am mighty weary of being sung at. Goodness knows, I like music as well as the next one but I like to be sung to, not at

There was a time I ranted around about commercials on TV and (you remember) radio. I was particularly incensed by those sincere guys who kept calling me "Mom" and urged me to get out of the kitchen. While I am always willing to get out of the kitchen on almost any pretext, I own only 4 people who are entitled to call me "Mom."

NONE OF THE 4 are either bald headed or older than I. This particular man who caused my teeth to grind was both. It got so bad that I either had to turn the radio off and suffer the silence or stay in the kitchen just to show him what was what.

Then came TV. We all realized that there had to be commercials so we suffered through them with rare good grace. However last week during a running of a movie called Virginia City, they went too fur. We watched poor Errol Flynn jump around being a Union spy for about 5 minutes and then we were told the virtues of SOS pads.

ANOTHER 5 MINUTES and then 15 of Glamorine for rugs. I suppose that the stuff is good for rugs. Heaven only knows my rugs could stand a good cleaning but not at 11:30 p.m. Nothing they could tell me filled me with an uncontrollable desire to start rustling around at that time of night cleaning. Anyway, I kept wondering how Errol was making out.

And then, all of a sudden I was tired of being sung at. I was tired of wondering where the yellow went. I was bone weary of mentally flipping flip top boxes. Off key, 2 simply adorable youngsters kept warbling that something had just a hint of the mint. I didn't care if their product was as minty as a julep, they weren't going to cozen me into trying it.

* * *

ANYWAY, THE SIGHT of 2 young people, glamorous as all get out, dashing out of the surf, rushing to their blanket in the warm sand and happily lighting up 2 minty cigarettes is too much for me. Even if they burst into an aria from Faust, I won't bite. I won't, I won't, I won't.

I wonder where the yellow did went.

How to Choose Your Family Dog

Choosing a dog for your family is an important decision, and one in which the entire family should participate.

What kind of dog you buy should depend on why you want him and how you will house him. A St. Bernard can't be expected to live in a small apartment, nor will a Chihuahua be much of a watchdog for a big estate. If anyone in the family has a respiratory ailment, don't buy a dog that sheds heavily.

* * *

THERE IS LITTLE truth in stories that one sex is smarter than the other, makes a better companion, or is easier to train. With proper care, both males and females can make excellent pets. Examine the puppies individually, and choose one that is alert, active, and friendly, rather than nervous and shy.

Any reputable kennel — especially one that handles only 1 or 2 breeds — offers the best puppies. Most dogs sold by kennels are healthy, but young puppies are subject to digestive and respiratory diseases if their care, feeding, or rest is disturbed. Avoid a thin dog whose resistance is low.

A GOOD KENNEL will let you take a puppy to the veterinarian before you buy it. If an examination shows that the dog's eyes, ears, and skin are in good condition, and other signs are normal, you have a healthy animal.

While you're at the veterinarian's ask about feeding and vaccination schedules. (Soc

Here's How to Be Popular With Your Garbage Man

Garbage collectors, contrary to popular opinion, don't delight in beating garbage cans against their trucks. The only reason they abuse the containers is that too many people overload and pack them so tightly that their contents won't fall out naturally.

The solution to protecting garbage cans lies in the hands of householders, not garbage collectors, city officials point out. They say that families should use 2 or more covered galvanized steel garbage cans to void the need of overloading any one container.

* * *

GALVANIZED STEEL garbage cans are recommended because they meet all requirements of the city's sanitation regulations. These laws require every householder to provide covered steel containers which are equipped with side handles. These cans are rodent-and-fly-proof, and may be easily handled by garbage collectors.

Oil drums are not recommended for this use, as they are seldom covered properly and do not have side handles. Many of them are so large that they are much too heavy when full of water. This weight and the fact that there are no handles to grasp make them difficult and dangerous to handle.

* * *

WOODEN AND paper containers are condemned for safety reasons.

Both are flammable and create fire hazards, and such containers are also likely to attract rats and flies and the diseases which these pets carry. (Soc

Carelessness Makes Kitchen Danger Spot of the Home

Lurking behind the sparkling facade of the modern kitchen is the ever-present danger of accidents. About 4,000 persons die and thousands more are injured each year by kitchen mishaps.

Burns and scalds account for about 1/3 of the fatalities, and for each person killed a hundred more are permanently or temporarily disabled. Falls take an equal toll .

AND FOR PERSONS who avoid these common hazards, there are the dangers of being cut, poisoned, gassed, electrocuted or blown-up.

The bright side of this situation is that home safety officials say it is curable. Their cure: Homemakers should be aware of all kitchen hazards, take steps to eliminate as many as possible and — most important — avoid carelessness in the kitchen.

a common cause of burns is the misuse of flammable liquids in the kitchen. Safety officials warn that gasoline and similar luids never should be used for home dry cleaning — not even for removing spots in clothing.

KEEPING flammable liquids in glass container is equally dangerous. The containers break too easily, and the fues from their spilled contents may be ignited by a cigarette or even a pilot light. Such liquids may be stored safely in galvanized steel fuel cans. These won't break and have screw-on caps to confine the liquids and their fumes.

Burns are also caused by frilly aprons, which may be ignited when the homemakers get too near an open flame on the range. Simple aprons are safest.

Scalds most frequently occur when pot and pan handles protrude out and over the front of the kitchen range. The safe practice is to turn all handles toward the rear.

MAKESHIFT STEP ladders are responsible for most falls in the kitchen. A sturdy step ladder, not a chair, is the answer. Waxed floors are not nearly as dangerous as most people believe, but certainly a non-skid wax should be used. Grease on flooring is much more dangerous. It should be removed immediately whenever noticed. In general, clean floors are an excellent defence against falls.

Cuts, naturally, are normally caused by knives. There are 2 rules of safety: 1. store knives in special racks, and 2. in cutting anything, always face the cutting edge of a knife away from the body.

* * *

SHOCKS FROM electric appliances may be avoided if the units are always kept in good repair and are used according to their manufacturers' instructions. Gas appliances are equally safe. A leak in any gas pipe, however, should be fixed immediately.

Fire is always a kitchen danger, so matches should be kept well out of reach of children and flammable refuse should be stored in fireproof containers. The safety experts recommend using galvanized steel refuse pails. These have close-fitting covers, and neither the pails nor their covers will burn. (Soc

Housewives Revolt—3 Goudy

by MARIANE SCOTT

Don't bring those tail fins in the house!

Housewives may love them on the family car. But they don't want gimmicks on the television set, the hi-fi, the washing machine or the stove.

Therein lies the answer to the current trend in design of home interiors, according to William Shrader, custom designer of hi-fi installations for 19 years.

"FOR A WHILE there it looked as if most new possessions acquired by the American family had to have a space ship look to express the product deigner's ideas of modern functionalism," the pioneer hi-fi designer said. "They clinked, clattered, whirred, buzzed-and they looked the part. You got the impression that if you pushed the right button on the right instrument panel, the whole house might take off.

"Well, all that's been changed. Product designers have repented. Homes were just getting too gadget-y looking. Appliances are being designed now to look like furniture . . . rich, restful, pleasant furniture."

THE TRANSFORMATION of the American kitchen has already occurred, Shader said, with cabinets, walls, and even the new wall ovens finished luxuriously in wood to relieve the laboratory look.

Now, with more and more sound and viewing equipment being introduced in living rooms, recreation rooms and bedrooms, designers are concerned with giving all this gadgetry a warmth and richness of appearance appropriate to a home setting, Shrader said.

"Fortunately, the material that is the most suitable for housing hi-fi equipment is the most beautiful that can be used," Shrader declared. "The beauty of fine hardwood veneers is a decorative asset. The hardwood plywood cabinets are often combined with other equipment in an attractive music wall or room divider and blended with wood paneling and trim.

FOOT SAVING EDUCATION

by

J. H. Kotz

Why don't they make a shoe that will elongate when baby's feet grow?

Such a shoe is now made under patents granted to the Jumping Jack Shoe company but neither the public nor the shoe retailers were prepared for the introduction of such a radical change when the shoe first appeared on the market in 1944.

One amazingly simple misconception stands between the success and failure of a shoe that will grow. All of us neglect to note that toes do not grow like fingers. Fingers grow more in length than the main body of the hand but the mass of the foot grows six to eight times as much as the toes grow.

If the picture is clear, the reader will agree that to accommodate foot growth the expanding part of the shoe should not be up front but behind the ball of the foot because that is where the major growth occurs.

To permit expansion at the heel the leather under the heel and up the back must be in one continuous piece. That is the process patented by Jumping Jack.

If you can think of another way to make a shoe that will grow, whisper it to me and we'll get rich quick.

Advertisement and Notice of Collector of Cook County of Application for Sale of Delinquent Lands and Lots for General Taxes for the year 1956, and Notice of Sale Thereof and application for judgment, fixing the correct amount of any tax paid under protest and for order for sale on such payments, as provided by law.

October 31, 1957

NOTICE IS hereby given that the said Collector of Cook County will apply to the County Court of Cook County on the 12th day of November, A.D. 1957, for judgment against lands and lots hereinafter described as being delinquent upon which taxes remain due and unpaid, or personal property taxes charged thereon, as noted in this advertisement, remain due and unpaid, for said taxes, interest and costs and for an order to sell said lands and lots for the satisfaction thereof according to law (excepting from said judgment and order of sale the cases which are included in this advertisement for sale only under former unexecuted judgments and orders for sale as may be noted in this advertisement.)

Notice is also given that an application will be made for judgment fixing the correct amount of any tax paid under protest.

Notice is further herein and hereby given that on the second Monday next succeeding the 12th day of November, A.D., 1957 to-wit, the 25th day of November, A.D., 1957 at the hour of 8 o'clock A.M. all said lands and lots hereinbefore described for sale of which an order shall be made, or has heretofore been made and not executed as noted, will be exposed to public sale at the County Building of Cook County where the County Court is held in said County, for the amount of taxes, interest and costs due thereon respectfully.

The following is a list of delinquent lands and lots upon which the taxes remain due and unpaid, the name of the owners, where known, the total amount due thereon (excluding delinquent special assessments separately advertised) and the year or years for which the same is due.

(The total amount due in this application on each tract or parcel of land or lots is the sum of the amounts appearing due in this advertisement.)

EXPLANATORY NOTE — In this list in all places where no other notation is made the figures in the column headed "$" (meaning dollars) and the "cts" (meaning cents) represent the taxes due and unpaid for the year A.D., 1956. Where the letter "F" is placed to the left of the figures in this column it is intended for an abbreviation of the word "forfeiture," and denotes that the amounts set down to the right of the same are the amounts due and unpaid on said lands and lots for which said lands and lots have been previously forfeited to the State. When back taxes are extended they are indicated by the letters "B.T."

Payment of taxes made after printer's copies are sent to publishers for listing, and appear as delinquent in this advertisement, will be satisfied in judgment records before sale.

Where no description of property (either land, lot, block or portion thereof) appears in said list to the left of and opposite the figures in said column headed "$" (meaning dollars) and "cts" (meaning cents) said figures relate to the land, lot, block, or portion thereof last above described appear "cts" column. "Name" in the words "name and desc" where used in the list means name of the owner of said delinquent lands and lots. "Desc" in said words means description of said lands or lots.

COOK COUNTY DELINQUENT TAX LIST

Wheeling Township

OFFICE OF COUNTY TREASURER OF COOK COUNTY AND EX-OFFICIO COUNTY COLLECTOR OF COOK COUNTY, ILLINOIS.

Advertisement and Notice of Collector of Cook County of Application for Sale of Delinquent Lands and Lots for General Taxes for the year 1956, and Notice of Sale Thereof and application for judgment, fixing the correct amount of any tax paid under protest and for order for sale on such payments, as provided by law.

October 31, 1957

NOTICE IS hereby given that the said Collector of Cook County will apply to the County Court of Cook County on the 12th day of November, A.D. 1957, for judgment against lands and lots hereinafter described as being delinquent upon which taxes remain due and unpaid, or personal property taxes charged thereon, as noted in this advertisement, remain due and unpaid, for said taxes, interest and costs and for an order to sell said lands and lots for the satisfaction thereof according to law (excepting from said judgment and order of sale the cases which are included in this advertisement for sale only under former unexecuted judgments and orders for sale as may be noted in this advertisement.)

Notice is also given that an application will be made for judgment fixing the correct amount of any tax paid under protest.

Notice is further herein and hereby given that on the second Monday next succeeding the 12th day of November, A.D., 1957 to-wit, the 25th day of November, A.D., 1957 at the hour of 8 o'clock A.M. all said lands and lots hereinbefore described for sale of which an order shall be made, or has heretofore been made and not executed as noted, will be exposed to public sale at the County Building of Cook County where the County Court is held in said County, for the amount of taxes, interest and costs due thereon respectfully.

The following is a list of delinquent lands and lots upon which the taxes remain due and unpaid, the name of the owners, where known, the total amount due thereon (excluding delinquent special assessments separately advertised) and the year or years for which the same is due.

(The total amount due in this application on each tract or parcel of land or lots is the sum of the amounts appearing due in this advertisement.)

EXPLANATORY NOTE — In this list in all places where no other notation is made the figures in the column headed "$" (meaning dollars) and the "cts" (meaning cents) represent the taxes due and unpaid for the year A.D., 1956. Where the letter "F" is placed to the left of the figures in this column it is intended for an abbreviation of the word "forfeiture," and denotes that the amounts set down to the right of the same are the amounts due and unpaid on said lands and lots for which said lands and lots have been previously forfeited to the State. When back taxes are extended they are indicated by the letters "B.T."

Payment of taxes made after printer's copies are sent to publishers for listing, and appear as delinquent in this advertisement, will be satisfied in judgment records before sale.

Where no description of property (either land, lot, block or portion thereof) appears in said list to the left of and opposite the figures in said column headed "$" (meaning dollars) and "cts" (meaning cents) said figures relate to the land, lot, block, or portion thereof last above described appear "cts" column. "Name" in the words "name and desc" where used in the list means name of the owner of said delinquent lands and lots. "Desc" in said words means description of said lands or lots.

COOK COUNTY DELINQUENT TAX LIST
Elk Grove Township

OFFICE OF COUNTY TREASURER OF COOK COUNTY AND EX-OFFICIO COUNTY COLLECTOR OF COOK COUNTY, ILLINOIS.

Advertisement and Notice of Collector of Cook County of Application for Sale of Delinquent Lands and Lots for General Taxes for the year 1956, and Notice of Sale Thereof and application for judgment, fixing the correct amount of any tax paid under protest and for order for sale on such payments, as provided by law.

October 31, 1957

NOTICE IS hereby given that the said Collector of Cook County will apply to the County Court of Cook County on the 12th day of November, A.D. 1957, for judgment against lands and lots hereinafter described as being delinquent upon which taxes remain due and unpaid, or personal property taxes charged thereon, as noted in this advertisement, remain due and unpaid, for said taxes interest and costs and for an order to sell said lands and lots for the satisfaction thereof according to law (excepting from said judgment and order of sale the cases which are included in this advertisement for sale only under former unexecuted judgments and orders for sale as may be noted in this advertisement).

Notice is also given that an application will be made for judgment fixing the correct amount of any tax paid under protest.

Notice is further herein and hereby given that on the second Monday next succeeding the 12th day of November, A.D., 1957 to-wit, the 25th day of November, A.D., 1957 at the hour of 8 o'clock A.M. all said lands and lots hereinbefore described for sale of which an order shall be made, or has heretofore been made and not executed as noted will be exposed to public sale at the County Building of Cook County where the County Court is held in said County, for the amount of taxes, interest and costs due thereon respectfully.

The following is a list of delinquent lands and lots upon which the taxes remain due and unpaid, the name of the owners, where known, the total amount due thereon (excluding delinquent special assessments separately advertised) and the year or years for which the same is due.

(The total amount due in this application on each tract or parcel of land or lots is the sum of the amounts appearing due in this advertisement.)

EXPLANATORY NOTE—In this list in all places where no other notation is made the figures in the column headed "$" (meaning dollars) and the "cts" (meaning cents) represent the taxes due and unpaid for the year A.D., 1956. Where the letter "F" is placed to the left of the figure in this column it is intended for an abbreviation of the word "forfeiture," and denotes that the amounts set down to the right of the same are the amounts due and unpaid on said lands and lots for which said lands and lots have been previously forfeited to the State. When back taxes are extended they are indicated by the letters "B.T."

Payment of taxes made after printer's copies are sent to publishers for listing, and appear as delinquent in this advertisement, will be satisfied in judgment records before sale.

Where no description of property (either land, lot, block or portion thereof) appears in said list to the left of and opposite the figures in said column headed "$" (meaning dollars) and "cts" (meaning cents) said figures relate to the land, lot, block, or portion thereof last above described appear "cts" column. "Name" in the words "name and desc" where used in the list means name of the owner of said delinquent lands or lots. "Desc" in said words means description of said lands or lots.

COOK COUNTY
DELINQUENT
TAX LIST
Elk Grove Township

OFFICE OF COUNTY TREASURER OF COOK COUNTY AND EX-OFFICIO COUNTY COLLECTOR OF COOK COUNTY, ILLINOIS.

Advertisement and Notice of Collector of Cook County of Application for Sale of Delinquent Lands and Lots for General Taxes for the year 1956, and Notice of Sale Thereof and application for judgment, fixing the correct amount of any tax paid under protest and for order for sale on such payments, as provided by law.

October 31, 1957

NOTICE IS hereby given that the said Collector of Cook County will apply to the County Court of Cook County on the 12th day of November, A.D. 1957, for judgment against lands and lots hereinafter described as being delinquent upon which taxes remain due and unpaid, or personal property taxes charged thereon, as noted in this advertisement, remain due and unpaid, for said taxes interest and costs and for an order to sell said lands and lots for the satisfaction thereof according to law (excepting from said judgment and order of sale the cases which are included in this advertisement for sale only under former unexecuted judgments and orders for sale as may be noted in this advertisement).

Notice is also given that an application will be made for judgment fixing the correct amount of any tax paid under protest.

Notice is further herein and hereby given that on the second Monday next succeeding the 12th day of November, A.D., 1957 to-wit, the 25th day of November, A.D., 1957 at the hour of 8 o'clock A.M. all said lands and lots hereinbefore described for sale of which an order shall be made, or has heretofore been made and not executed as noted will be exposed to public sale at the County Building of Cook County where the County Court is held in said County, for the amount of taxes, interest and costs due thereon respectfully.

The following is a list of delinquent lands and lots upon which the taxes remain due and unpaid, the name of the owners, where known, the total amount due thereon (excluding delinquent special assessments separately advertised) and the year or years for which the same is due.

(The total amount due in this application on each tract or parcel of land or lots is the sum of the amounts appearing due in this advertisement.)

EXPLANATORY NOTE—In this list in all places where no other notation is made the figures in the column headed "$" (meaning dollars) and the "cts" (meaning cents) represent the taxes due and unpaid for the year A.D., 1956. Where the letter "F" is placed to the left of the figure in this column it is intended for an abbreviation of the word "forfeiture," and denotes that the amounts set down to the right of the same are the amounts due and unpaid on said lands and lots for which said lands and lots have been previously forfeited to the State. When back taxes are extended they are indicated by the letters "B.T."

Payment of taxes made after printer's copies are sent to publishers for listing, and appear as delinquent in this advertisement, will be satisfied in judgment records before sale.

Where no description of property (either land, lot, block or portion thereof) appears in said list to the left of and opposite the figures in said column headed "$" (meaning dollars) and "cts" (meaning cents) said figures relate to the land, lot, block, or portion thereof last above described appear "cts" column. "Name" in the words "name and desc" where used in the list means name of the owner of said delinquent lands or lots. "Desc" in said words means description of said lands or lots.

Modern Ettiquette

by ROBERTA LEE

Q. How does one properly remove the bones from a fish at the dinner table?

A. Lift the end of the bone with a fork, and then pinching it between the fork and the knife, lift it all the way out. In some stubborn cases, you may have to use the fingers, and this is quite all right if you do not allow the fingers to touch the fish.

Q. To whom does a bride address her letter of thanks for a gift which has been received from a married couple?

A. She writes to the wife and thanks both: "Thank you for the lovely present you and Mr. Lyons (or Jack) sent me, etc."

Q. When does one properly take the napkin off the table and place it on one's lap?

A. As soon as seated.

Q. Is it necessary that the bridal couple acknowledge a telegram of good wishes received on their wedding day?

A. This does not necessitate the usual note of thanks required by a gift, but the first time either of the couple meets the sender of the telegram, a few words of appreciation should be expressed.

Q. For how long does a widow wear deep mourning after the passing of her husbnad?

A. Deep mourning is very seldom wore these days. It is all right to wear a touch of white with dark clothing, and the usual time is a year.

Q. Is it all right for the person, who is clearing the dinner table, to stack the dishes?

A. No more than one plate should be taken in each hand at a time.

Q. When unable to attend a formal social function, to which an engraved invitation has been received, how should the regrets be worded?

A. "Mr. and Mrs. Thomas J. Denton extremely regret that a previous engagement prevents their accepting Mr. and Mrs. Robert A. Whitney's kind invitation to a dinner on such-and-such a date."

Q. When it is necessary for one to blow the nose at the dinner table, should one first excuse himself?

A. It is better not, for one is really calling more attention to an unpleasant ritual. Blow the nose as quickly and inconspicuously as possible.

Q. If there is no host in the house at the time, and a hostess is seeing a couple off, should she help both of them with their coats, or just the woman?

A. She doesn't assist either of them. The man first helps the woman with her coat, then attends to himself.

Book on Farm Management Described

Farmers and others interested in the development of farm management as a profession and as a technique have a new source of reference in a book recently published by the University of Illinois Press in Urbana.

The book is "Fifty Years of Farm Management" by H. C. M. Case and D. B. Williams.

Farm Adviser Carl F. Mees says that this book presents a historical review of farm management, with special reference to research, extension and teaching as developed in the land-grant colleges and the United States Department of Agriculture.

Purpose of the authors in writing the book was not to describe the evolution of farm management practices, Mees says. Rather, is was to show how research prodecures have developed and how the science of farm management has found its application in the United States.

Case is a professor of agricultural economics at the University of Illinois and former head of the department. He is now secretary-treasurer of the International Federation of Agricultural Economists. Williams is a native of Australia who received his Ph.D degree at Illinios in 1950 He is now with the Bureau of Agricultural Economics of the Australian Department of Agriculture in Canberra. (Fm

Cow Haircuts Desirable For Winter

You'll save yourself some work this winter if you give your cows a haircut before you bring them into the barn for the winter.

Ralph V. Johnson, extension dairy specialist at the University of Illinois College of Agriculture, suggests that you clip the entire surface of the udder. Then wash the udder and teats carefully with warm water and a chlorine solution before each milking to lower bacteria count and stimulate "let-down."

Make a "mark line" from the navel to the thurl on both sides to clip the belly and hocks. To clip this area, hold the clippers on edge with the bottom blade toward the cow's head.

Next clip the glanks and thighs by running the clippers up from the hock to the mark line. Then clip the tail, tail head and area around the base of the tail. Bob the switch so that it clears the ground about four inches.

Clipping up the backbone helps to control lice. (Fm

Lessons in English

by W. L. GORDON

Often Misused

Distinguish between "excite" (to produce agitation" and "incite" (to drive on to a particular end). "Excite" is usually used to arouse the feelings, as, "The book excited interest in a national problem." "The speaker incited the mob to set fire to the buildings."

Do not say "It's the same identical one." "Same" and "identical" are synonyms. Use one or the other, but not both.

Do not say, "The price reduction is retroactive with October 1st." Say "is retroactive to October 1st."

Do not say, "We live a few miles off of the highway." Omit "of," or say, "from the highway."

Do not say, "We expect lots more business very soon now." It is much better to say, "We expect much more business very soon," and omit "now."

Do not say, "His remarks did not hurt me any." Omit "any."

Often Mispronounced

Parquet. Pronounce pahr-kay, accent on second syllable.

Diatribe (prolonged discussion). Pronounce die-a-tribe, accent first syllable.

Corvine (crowlike). Pronounce koer-vine, accent on first syllable.

Placebo (medicine of no value given to please a patient). Pronounce plah-see-boe, accent on second syllable.

Fortuitous. Pronounce for-tyu-i-tuss, accent on second syllable.

Jodhpurs (riding breeches). Pronounce jahd-perz, accent on first syllable.

Often Misspelled

Imperative (mandatory); imperious (domineering; overbearing). Pantomime; observe the "mime," not "mine." Noxious (causing injury); obnoxious (odious; objectionable). Meat (food); meet (to come in contact with); mete (to allot). Precedent (established rule); President (chief executive). Homely (of plain or coarse features); homily (a discourse or sermon).

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Intervention; any interference that may affect the interests of others. "We should decide our own quarrels without the intervention of others."

Execration; a curse uttered. (Pronounce eks-ee-cray-shun, accent third syllable). "The air was filled with execrations."

Hypercritical; overcritical. (Pronounce first syllable as "high"). "His remarks were hypercritical."

Autonomy; quality or state of being independent in government; right of self-government. (Accent second syllable). "Switzerland is a democratic autonomy."

Sudorific; causing or inducing sweat. (Pronounce syu-doh-riff-ick, accent on third syllable). "Some types of work are more sudorific than others."

Birds Add To Enjoyment, Prosperity Of Farm Life

The number of pheasants and songbirds that you have around the farm depends on cover and food available, according to Elmer E. Offerman, Soil conservationist. With the hunting season near we are especially conscious of pheasant numbers.

Colorful, energetic songbirds add much to the enjoyment of rural life through their music and movements. The song of a mocking bird, meadowlark, or the sight of a brilliant cardinal is a thing to enjoy.

* * *

IT IS INTERESTING to note that insect eating birds most fill their stomachs 5 to 6 times daily because of their rapid digestion. In a test a young robin weighing 3 ounces, consumed 165 cut worms weighing 5½ ounces. If a 10-pound baby ate at the same rate, it would eat 18 1/3 pounds of food per day.

Birds are very beneficial on the farm because of the heavy consumption of injurious insects. However, cover and supplemental food must be furnished, Offerman pointed out, in order to have large numbers of birds.

* * *

MOST EVERY farm has some odd areas that could be used for cover. These areas should be planted with red pines, white pines or other adapted trees. Multiflora rose should be planted around these areas to give added protection for birds. The rose will also serve as a fence to protect the small trees from livestock.

If a few hills of corn are left near these areas then food would be available. There are a number of other plants such as millet, sunflower, and sorghums which make ideal food plants.

The state nurseries have planting stock available for these areas. Order blanks are available at the Soil Conservation Service in the Farm Bureau building at Arlington Heights. Stock should be ordered now for planting in the spring of 1958.

Q. How does one properly remove the bones from a fish at the dinner table?

A. Lift the end of the bone with a fork, and then pinching it between the fork and the knife, lift it all the way out. In some stubborn cases, you may have to use the fingers, and this is quite all right if you do not allow the fingers to touch the fish.

Q. To whom does a bride address her letter of thanks for a gift which has been received from a married couple?

A. She writes to the wife and thanks both: "Thank you for the lovely present you and Mr. Lyons (or Jack) sent me, etc."

Q. When does one properly take the napkin off the table and place it on one's lap?

A. As soon as seated.

Q. Is it necessary that the bridal couple acknowledge a telegram of good wishes received on their wedding day?

A. This does not necessitate the usual note of thanks required by a gift, but the first time either of the couple meets the sender of the telegram, a few words of appreciation should be expressed.

Q. For how long does a widow wear deep mourning after the passing of her husbnad?

A. Deep mourning is very seldom wore these days. It is all right to wear a touch of white with dark clothing, and the usual time is a year.

Q. Is it all right for the person, who is clearing the dinner table, to stack the dishes?

A. No more than one plate should be taken in each hand at a time.

Q. When unable to attend a formal social function, to which an engraved invitation has been received, how should the regrets be worded?

A. "Mr. and Mrs. Thomas J. Denton extremely regret that a previous engagement prevents their accepting Mr. and Mrs. Robert A. Whitney's kind invitation to a dinner on such-and-such a date."

Q. When it is necessary for one to blow the nose at the dinner table, should one first excuse himself?

A. It is better not, for one is really calling more attention to an unpleasant ritual. Blow the nose as quickly and inconspicuously as possible.

Q. If there is no host in the house at the time, and a hostess is seeing a couple off, should she help both of them with their coats, or just the woman?

A. She doesn't assist either of them. The man first helps the woman with her coat, then attends to himself.

Book on Farm Management Described

Farmers and others interested in the development of farm management as a profession and as a technique have a new source of reference in a book recently published by the University of Illinois Press in Urbana.

The book is "Fifty Years of Farm Management" by H. C. M. Case and D. B. Williams.

Farm Adviser Carl F. Mees says that this book presents a historical review of farm management, with special reference to research, extension and teaching as developed in the land-grant colleges and the United States Department of Agriculture.

Purpose of the authors in writing the book was not to describe the evolution of farm management practices, Mees says. Rather, is was to show how research prodecures have developed and how the science of farm management has found its application in the United States.

Case is a professor of agricultural economics at the University of Illinois and former head of the department. He is now secretary-treasurer of the International Federation of Agricultural Economists. Williams is a native of Australia who received his Ph.D degree at Illinios in 1950 He is now with the Bureau of Agricultural Economics of the Australian Department of Agriculture in Canberra. (Fm

Cow Haircuts Desirable For Winter

You'll save yourself some work this winter if you give your cows a haircut before you bring them into the barn for the winter.

Ralph V. Johnson, extension dairy specialist at the University of Illinois College of Agriculture, suggests that you clip the entire surface of the udder. Then wash the udder and teats carefully with warm water and a chlorine solution before each milking to lower bacteria count and stimulate "let-down."

Make a "mark line" from the navel to the thurl on both sides to clip the belly and hocks. To clip this area, hold the clippers on edge with the bottom blade toward the cow's head.

Next clip the glanks and thighs by running the clippers up from the hock to the mark line. Then clip the tail, tail head and area around the base of the tail. Bob the switch so that it clears the ground about four inches.

Clipping up the backbone helps to control lice. (Fm

Brightest Star

The brightest star in our universe is Sirius, the "Dog Star," in the constellation "Canis Major."

Lessons in English

by W. L. GORDON

Often Misused

Distinguish between "excite" (to produce agitation" and "incite" (to drive on to a particular end). "Excite" is usually used to arouse the feelings, as, "The book excited interest in a national problem." "The speaker incited the mob to set fire to the buildings."

Do not say "It's the same identical one." "Same" and "identical" are synonyms. Use one or the other, but not both.

Do not say, "The price reduction is retroactive with October 1st." Say "is retroactive to October 1st."

Do not say, "We live a few miles off of the highway." Omit "of," or say, "from the highway."

Do not say, "We expect lots more business very soon now." It is much better to say, "We expect much more business very soon," and omit "now."

Do not say, "His remarks did not hurt me any." Omit "any."

Often Mispronounced

Parquet. Pronounce pahr-kay, accent on second syllable.

Diatribe (prolonged discussion). Pronounce die-a-tribe, accent first syllable.

Corvine (crowlike). Pronounce koer-vine, accent on first syllable.

Placebo (medicine of no value given to please a patient). Pronounce plah-see-boe, accent on second syllable.

Fortuitous. Pronounce for-tyu-i-tuss, accent on second syllable.

Jodhpurs (riding breeches). Pronounce jahd-perz, accent on first syllable.

Often Misspelled

Imperative (mandatory); imperious (domineering; overbearing). Pantomime; observe the "mime," not "mine." Noxious (causing injury); obnoxious (odious; objectionable). Meat (food); meet (to come in contact with); mete (to allot). Precedent (established rule); President (chief executive). Homely (of plain or coarse features); homily (a discourse or sermon).

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Intervention; any interference that may affect the interests of others. "We should decide our own quarrels without the intervention of others."

Execration; a curse uttered. (Pronounce eks-ee-cray-shun, accent third syllable). "The air was filled with execrations."

Hypercritical; overcritical. (Pronounce first syllable as "high"). "His remarks were hypercritical."

Autonomy; quality or state of being independent in government; right of self-government. (Accent second syllable). "Switzerland is a democratic autonomy."

Sudorific; causing or inducing sweat. (Pronounce syu-doh-riff-ick, accent on third syllable). "Some types of work are more sudorific than others."

Birds Add To Enjoyment, Prosperity Of Farm Life

The number of pheasants and songbirds that you have around the farm depends on cover and food available, according to Elmer E. Offerman, Soil conservationist. With the hunting season near we are especially conscious of pheasant numbers.

Colorful, energetic songbirds add much to the enjoyment of rural life through their music and movements. The song of a mocking bird, meadowlark, or the sight of a brilliant cardinal is a thing to enjoy.

* * *

IT IS INTERESTING to note that insect eating birds most fill their stomachs 5 to 6 times daily because of their rapid digestion. In a test a young robin weighing 3 ounces, consumed 165 cut worms weighing 5½ ounces. If a 10-pound baby ate at the same rate, it would eat 18 1/3 pounds of food per day.

Birds are very beneficial on the farm because of the heavy consumption of injurious insects. However, cover and supplemental food must be furnished, Offerman pointed out, in order to have large numbers of birds.

* * *

MOST EVERY farm has some odd areas that could be used for cover. These areas should be planted with red pines, white pines or other adapted trees. Multiflora rose should be planted around these areas to give added protection for birds. The rose will also serve as a fence to protect the small trees from livestock.

If a few hills of corn are left near these areas then food would be available. There are a number of other plants such as millet, sunflower, and sorghums which make ideal food plants.

The state nurseries have planting stock available for these areas. Order blanks are available at the Soil Conservation Service in the Farm Bureau building at Arlington Heights. Stock should be ordered now for planting in the spring of 1958.
